The following individuals submitted comments on agenda item:				
Agenda #	Relate To	Position	Name	Comments
3-D.		<b>Oppose</b>	Daria H Brooks	The County's insistence upon installing low income housing developments in already congested areas is again being allowed to put the lives of established residents in danger. Any waiver of CEQA environmental impact reports while granting shady developers the use of our tax dollars to enrich themselves destroys our communities. Such reports are VITAL in protecting our neighborhoods from dangerous levels of pollution and influxes of heavy traffic, as well as crime and high levels of noise pollution. Unincorporated communities stand in opposition to any such proposal and our elected representatives should oppose this as well. We NEED fair and honest environmental studies before EVERY new building project is reviewed.
