I am writing to express my concerns regarding the proposed expenditure of \$38,250 for the Malibu Moves 5K, Half Marathon, and Kids Run Fee Waiver for 2024. As a taxpayer, I believe it's important to carefully consider how our resources are allocated, especially in light of shrinking budgets and increasing community needs.</p> <p>While I wholeheartedly support community events that promote health and wellness, I urge you to evaluate the necessity of the full fee waiver for this event. Perhaps one area to explore could be reducing the number of vehicles involved in the event. Limiting transportation needs could not only help cut costs but also contribute to a more sustainable event by reducing carbon emissions and encouraging participants to walk or bike.</p> <p>It's crucial for our decision-makers to demonstrate fiscal responsibility and transparency, particularly when it comes to spending taxpayer money. We are growing increasingly frustrated with the perception of excessive spending without clear justification. By considering alternatives that maintain the integrity of the event while being mindful of our community's financial health, we can strike a better balance between promoting public events and ensuring responsible stewardship of resources.</p> <p>I appreciate your attention to this matter and hope that you will consider both the financial implications and the potential for more sustainable practices in future events. Thank you for your continued service to our community. Sincerely, Monisha Parker</p>
