		Oppose	Dakota Kelly	Los Angeles County Board Of Supervisors is proposing to carve out a new financial benefit to a selected employee population. This selected employee population already makes an annual salary over \$100,000.00. This selected work force already receive extremely generous retirement and investment benefits. The proposed 8 week paid family leave should NOT be considered as part of the employee benefit package.  The LAC receives millions of dollars in funding from homeowners' excessive, high taxes. Elderly residents have lost their homes as the result of not able to pay reassessment taxes on their property or property passed to them by a family member.  Employees should not be given paid family leave at the taxpayers' expense.
