The Honorable Board of Supervisors
County of Los Angeles

Los Angeles, California 90012

Dear Supervisors:

**APPROVAL OF AMENDMENT TO THE AFFILIATION AGREEMENT WITH
THE REGENTS OF THE UNIVERSITY OF CALIFORNIA TO ADJUST THE
LEVEL OF PHYSICIAN SERVICES, TRAINING PROGRAMS, AND
FUNDING
(1st, 2nd, AND 5th SUPERVISORIAL DISTRICTS) (3 VOTES)**

SUBJECT

Request for the Board of Supervisors (Board) to make a finding that contracting for the provision of physician services can be performed more feasibly by an outside contractor; approval to amend the Affiliation Agreement with the Regents of the University of California, on behalf of its Los Angeles Campus and School of Medicine (University) to increase specified patient care services, increase the housestaff salaries and adjust the number of residents and fellows enrolled in various physician training programs, and increase the annual maximum obligation of the Agreement by \$3,028,000 for Fiscal Year (FY) 2024-25.

IT IS RECOMMENDED THAT THE BOARD:

1. Find, as required by Los Angeles County (LA County) Code section 2.121.420, that contracting for the provision of physician services at Harbor-UCLA Medical Center (H-UCLA MC), Olive View-UCLA Medical Center (OV-UCLA MC), and Los Angeles General Medical Center (LA General) as described herein, can be performed more feasibly by contracting with the outside contractor.
2. Delegate authority to the Director of Health Services (Director), or

designee, to execute the Amendment to the Agreement with the University, substantially similar to Attachment I, for the provision of physician medical education and patient care services at H-UCLA MC, OV-UCLA MC, and LA General, effective upon Board approval for the period July 1, 2024 through June 30, 2025, to: a) adjust the level and cost of patient care services based on clinical and operational needs; b) increase the salaries and number of University housestaff enrolled in various LA County and University physician-training programs at H-UCLA MC and OV-UCLA MC; and c) increase the maximum annual obligation accordingly by \$3,028,000, from \$43,560,500 to \$46,588,500 for the period July 1, 2024 through June 30, 2025, subject to review and approval by County Counsel.

3. Delegate authority to the Director, or designee, to execute future amendments to adjust the volume of physician medical education and patient care, and its costs thereof based on clinical and operational needs, provided that any cumulative annual increases to the maximum annual obligation do not exceed a total of ten percent thereof, separate from any increases in housestaff salaries, subject to review and approval by County Counsel.

4. Delegate authority to the Director, or designee, to execute future amendments, as follows: (a) add, delete, and/or change certain terms and conditions as required by federal or State law or regulation, accreditation requirements and standards, LA County policy, the Board, and/or CEO; (b) revise contract language to improve or update clinical, medical educational, and/or administrative operations within the Agreement's scope of services; (c) adjust the variable costs for future increases in housestaff salary up to five percent per year that the University may grant their housestaff enrolled in various physician training programs at specified LA County facilities; (d) and increase the maximum annual obligation under the Agreement accordingly, subject to review and approval by County Counsel.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of the first recommendation continues prior Board findings that contracting for the provision of physician services under this Amendment at H-UCLA MC, OV-UCLA MC, and LA General can still be performed more feasibly by contracting with the University. On November 21, 2023, the Board made the most recent finding as required by LA County Code section 2.121.420 that contracting for the provision of physician services (trainee and non-trainee) can be performed more feasibly by contracting with the private sector.

Approval of the second recommendation will allow the Director, or designee, to execute an Amendment to this Agreement with the University to adjust the volume and cost of physician medical education, patient care, and administrative services, based on current clinical and operational needs, and make other changes as described below.

H-UCLA MC

H-UCLA MC plans to decrease a net total of 1 Full-Time Equivalent (FTE) of housestaff from 566 to 565 FTEs to integrate the general surgery training program for residents and fellows, and increase specialty physician coverage for otolaryngology (ear, nose and throat), neuro-interventional radiology, and cardiac electrophysiology based on clinical need. H-UCLA MC also plans to increase

housestaff salaries as further described below, adjust certain faculty salaries based on historical costs and current salaries, and revise other budget items detailed in the attached Amendment. Such changes will increase H-UCLA MC's annual contract budget by \$671,000 from \$9,744,500 to \$10,415,500 for the period July 1, 2024 through June 30, 2025.

Housestaff Compensation

Based upon the Local Bargaining Unit Agreement negotiated between the University and Committee of Interns and Residents/Service Employees International Union (CIR/SEIU), the University increased housestaff compensation levels by 5% effective July 1, 2024. The negotiated salary and fringe benefits, when applied to the University housestaff full-time equivalents, amounts to a cumulative annual total increase of \$143,500 from \$2,415,500 to \$2,559,000, which includes the adjustment of FTEs for various specialty programs set forth in the attached Amendment. The revised salary scale aims to ensure the University salaries remain competitive and that graduate medical education programs continue to attract qualified candidates into the University housestaff workforce that is integral to H-UCLA MC's training programs.

OV-UCLA MC

OV-UCLA MC plans to add 1 FTE of housestaff to its internal medicine (dermatology) training program and delete 1 FTE from its internal medicine (hematology/oncology) training program resulting in no changes to its current total number of housestaff of 253.5 FTEs. OV-UCLA MC also plans to increase housestaff salaries for the foregoing reasons described hereinabove resulting in an annual increase of \$2,047,000 from \$28,025,000 to \$30,072,000, adjust certain University faculty salaries based on historical costs and current salaries, and revise other budget items detailed in the attached Amendment. Such changes will increase OV-UCLA MC's annual contract budget by \$2,220,500 from \$33,181,000 to \$35,401,500 for the period July 1, 2024 through June 30, 2025.

LA General

LA General plans to increase University faculty salaries for pediatric surgery and cardiac electrophysiology based on historical costs and current salaries for a total increase of LA General's annual contract budget by \$136,500 from \$635,000 to \$771,500 for the period July 1, 2024 through June 30, 2025.

Approval of the third recommendation will continue the current delegated authority to the Director, or designee, to adjust clinical and operational services on an as-needed basis, and revise such authority to increase the maximum annual funding accordingly from 1% to 10%. This will provide the Department of Health Services' (DHS) hospitals and affiliated health centers with more flexibility to respond to the changing medical needs of its medically underserved patients within a reasonable budgetary constraint.

Approval of the fourth recommendation will permit the Director, or designee, to execute future amendments to ensure compliance with applicable law, regulation, accreditation requirements and standards, LA County and CEO policy/requirements; improve or update contract language related to clinical, medical educational, and administrative operations; and increase the housestaff salaries by up to 5%.

Implementation of Strategic Plan Goals

The recommended actions support North Star 1, “Focus Area Goal A. Healthy Individuals and Families” and Strategy ii. “Improve Health Outcomes of LA County’s Strategic Plan and Goals.”

FISCAL IMPACT/FINANCING

LA County’s maximum annual obligation under the Amendment will increase from \$43,560,500 to \$46,588,500 (H-UCLA MC \$10,415,500; OV-UCLA MC \$35,401,500; and LA General \$771,500) in FY 2024-25 for a total increase of \$3,028,000 (H-UCLA MC \$671,000 annual increase; OV-UCLA MC \$2,220,500 annual increase; and LA General \$136,500 annual increase). Funding for this increase to LA County’s maximum annual obligation is included in the DHS FY 2024-25 Final Budget. There is no impact to net County cost.

Continued funding will be requested in future fiscal years as necessary.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

DHS entered into the current Agreement with the University for the period July 1, 2006, through June 30, 2011, with automatic annual extensions, unless either party serves notice of non-renewal to the other party.

The recommended Amendment includes the changes in FTEs for LA County and University training programs, the specific volume and cost of academic purchased services, and housestaff compensation. The Amendment also includes the most recent standard provision, Campaign Contribution Prohibition Following Final Decision in Contract Proceeding.

County Counsel has reviewed and approved Attachment I as to form.

CONTRACTING PROCESS

Given the nature and scope of the services provided by the University under the Agreement, as well as the historic relationship between LA County and the University, DHS determined that it was not feasible to competitively bid for the services under this Agreement.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Agreement will continue the provision of clinical and academic services at H-UCLA MC, OV-UCLA MC and LA General.

Contract No. 76850

AFFILIATION AGREEMENT

Amendment No. 22

THIS AMENDMENT is made and entered into this _____ day
of _____, 2024,

by and between

COUNTY OF LOS ANGELES
(hereafter "County")

and

THE REGENTS OF THE UNIVERSITY
OF CALIFORNIA, ON BEHALF OF
ITS LOS ANGELES CAMPUS AND
SCHOOL OF MEDICINE
(hereafter "University").

WHEREAS, reference is made to that certain document entitled "AFFILIATION AGREEMENT", dated July 1, 2006, and any amendments thereto (all hereafter referred to as "Agreement"); and

WHEREAS, it is the intent of the parties hereto to amend Agreement to increase the Agreement amount by \$3,028,000, not to exceed a total contract cost of \$46,588,500, and to provide for the other changes set forth herein; and

WHEREAS, said Agreement provides that changes may be made in the form of a written amendment, which is formally approved and executed by both parties; and

WHEREAS, Contractor warrants that it possesses the competence, expertise and personnel necessary to provide services consistent with the requirements of this Agreement and consistent with the professional standard of care for these services,

NOW, THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

1. This Amendment shall commence and be effective upon date of Board approval for FY 24-25, July 1, 2024 through June 30, 2025.
2. The Agreement is modified to add Sub-paragraph 11.32 – Campaign Contribution Prohibition Following Final Decision in Contract Proceeding to read as follows:

"11.32 Campaign Contribution Prohibition

Pursuant to California Government Code Section 84308, Contractor and its agents and subcontractors are prohibited from making a contribution of more than \$250 to any County officer for twelve (12) months after the date of the final decision in the proceeding involving this Agreement.

By executing this Agreement, Contractor represents and warrants that neither it nor any of its agents or subcontractors shall make a contribution of more than \$250 to any County officer for twelve (12) months following the effective date of the Agreement.

Failure to comply with the provisions of California Government Code Section 84308 and of this Paragraph may be a material breach of the Agreement as determined in the sole discretion of County.”

3. The Exhibits and Addendums, attached hereto and incorporated by reference, shall be added to the Agreement.

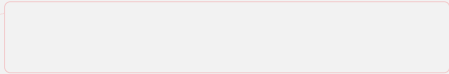

4. Except for the changes set forth herein, the remaining terms and conditions of the Agreement shall remain in full effect.

ADDENDUM A-I.a-14

Purchased Services – H-UCLA MC and Affiliated Primary County Facilities

FY 2024-25

A-I.1. General. Payment for Purchased Services will be calculated based on a combination of fixed and variable payments, as set forth in § A-I.4. In no event shall the fixed or variable rates or the payment methodology under this Addendum A be revised more frequently than every twelve (12) months. Adjustments for FY 2024-25 are described in the Footnotes section below.

A-I.2. Fixed and Variable Costs. The Parties agree that payment for Purchased Services should reflect the following variable costs: (a) program directors; (b) faculty members; (c) physicians otolaryngology, pediatric surgery, cardiac electrophysiology, cardiac surgery, thoracic surgery, neurosurgery, rheumatology, neuro- interventional radiology, emergency medicine, family medicine, toxicology, and pediatric urology surgery; (d) faculty recruitment/retention augmentation; and (e) University for its cost for any University Housestaff, including National Clinician Scholars, assigned to Primary County Facilities to the extent authorized under this Addendum A. The following UCLA and County fixed costs (including salary and benefits where applicable), which may vary within a given range of programs and Housestaff: (a) overall academic infrastructure, including graduate medical education fees; (b) Medhub/AmION; (c) University Representative; (d) University Graduate Medical Education Dean; and (e) University’s administrative personnel.

A-I.3. Volume of Purchased Services. For FY 2024-25, University shall provide Purchased Services as needed within the ranges set forth in this Addendum. In the event that County’s needs fall outside of such ranges, the Parties may negotiate a different volume of services for specific line items.

Under §A-1.2, Faculty Members cost includes \$260,000 for faculty funded by the Department of Mental Health (DMH). The provision of these services beyond FY 2024-25 is contingent upon continued funding provided by DMH. The County shall provide notice to the University at least 60 days prior to the start of any Academic Year if there is a reduction or elimination of such DMH funding. The Parties agree that the provision of any such DMH-funded services shall not be subject to any DMH-specific documentation requirements.

Section §A-1.2 includes one Health Services Clinical Scholar that is part of the University’s National Clinical Scholars two-year leadership program that is jointly sponsored and funded by the University and Department of Health Services. Exhibit 1-I.a.13 includes one Health Services Clinical Scholar that will cost \$185,000.

A-I.4 Fixed, Unit and Total Payments. During FY 2024-25, County shall compensate University as follows (prices are rounded to the nearest \$500).

Variable Costs	FY 2023-24 Total Price	FY 2024-25 Total Price
Program Directors	\$1,292,500	\$1,292,500

ADDENDUM A-I.a-14

FOOTNOTES:

- 1 The increase of \$143,500 represents the UCLA Local Bargaining Unit Agreement with CIR/SEIU resident salary compensation increases of 5% effective July 1, 2024, and corresponding employee benefits, as provided by UCLA.
- 2 Decrease of \$189,000 reflects the deletion of the first year clinical scholars fellow funding. This program is sunsetting at the end of FY 2024-25 and the remaining budget is for the second year fellow.
- 3 Increase of \$716,500 consists of the following:
 - A) Otolaryngology (ENT) Physician Services of \$300,000 that will enable Harbor to increase FTE coverage from 1.2 to 1.8 FTE.
 - B) Cardiac Surgery Physician Services of \$84,000.
 - C) Thoracic Surgery Physician Services of \$90,000.
 - D) Pediatric Surgery Physician Services of \$30,000.
 - E) Neuro-Interventional Radiology (Neuro-IR) Physician Services of \$390,000 to increase FTE coverage from 0.5 to 1.0 FTE.
 - F) Cardiac Electrophysiology (EP) Physician Services of \$110,000 for 0.8 FTE.
 - G) Family Medicine Physician Services of \$35,000.
 - H) Toxicology Consults of \$36,000. The increase is offset by physician specialty contract funding.
