

**REVISED** MOTION BY SUPERVISORS LINDSEY P. HORVATH  
AND JANICE HAHN

November 6, 2024

**Bond BHCIP Round 1**

As a result of the January 22, 2019, Board motion entitled, "Addressing the Shortage of Mental Health Hospital Beds," the Health Departments led the formation of the Behavioral Health Continuum Infrastructure Program (BHCIP) Steering Committee and Workgroup to implement a County- and system-wide strategy to pursue and leverage all the California Department of Health Care Services (DHCS) BHCIP State grant funding rounds. To date, DHCS has completed Rounds one through five.

Passed in March 2024, Proposition 1 is a two-bill package including the Behavioral Health Services Act (BHSA) (Senate Bill 326) and the Behavioral Health Infrastructure Bond Act of 2024 (BHIBA) (Assembly Bill 531). The BHIBA portion is a statewide \$6.38 billion general obligation bond to develop an array of behavioral health treatment, residential care settings, and supportive housing to help provide appropriate care facilities for individuals experiencing mental health and substance use disorders.

In July 2024, DHCS announced the next BHCIP rounds Behavioral Health Infrastructure Bond Act of 2024: Behavioral Health Continuum Infrastructure Program.

There are two rounds identified:

- 2024 Round 1 - Launch Ready
- 2025 Round 2 - Unmet Needs

The Round 1 Request for Applications (RFA) was released in July 2024 and Round 2 is targeted for release in mid-2025. Round 1 aims to construct, acquire, and rehabilitate real estate assets or to invest in needed infrastructure to expand the continuum of behavioral health treatment resources to build new capacity or expand existing capacity for short-term crisis stabilization, acute and subacute care, crisis residential, community-based mental health residential, substance use disorder residential, peer respite, community and outpatient behavioral health services, and other clinically enriched longer-term treatment and rehabilitation options for persons with behavioral health disorders in the least restrictive and least costly clinically appropriate setting. BHCIP represents the largest such provision of resources for infrastructure in the State's history, and provides an unprecedented opportunity to effect meaningful, sustainable change in the behavioral health and long-term care continuums in California and the County.

Projects the County may submit proposals for include:

- Los Angeles County Care Community on the Metro State Hospital campus at \$62,610,000.
- Olive View Continuum of Care Facility at \$119,164,000.
