		<b>Other</b>	<p>Fedor Simanov</p> <p>I, Fedor Simanov, a refugee and now a permanent resident and landowner in LA County, have lived in shelters and other housing here for over 3 years and have been begging for an audit.  And only now are my complaints being investigated. I certify to you that all the options provided for the homeless are restrictive, abuse and simply money laundering!  Please, I beg you, for homeless and refugee individual to cancel zoning and building besatanized, draconian rules., permits., other eugenics-rooted scam and allow to live in the houses built on private land! It is also impossible to maintain even a small farm, departments do not allow me to use even the land suitable for agriculture! To prevent and stop terrorizing me by departments, AG and courts threatening criminal responsibility just for one and effective way for survival, decent life and happiness!</p>
