			Michele Zack	Since 1989, many volunteers have worked to designate this significant historical site as an LA County Landmark and insure public access to it. Please complete this long and bureaucratic process today by voting in favor! Many community groups, like Altadena Heritage and others, institutions such as Mountain View cemetery and Mausoleum, and Pasadena Unified Scholl District have devoted time and treasure to own and share our community's connection to the Civil War and ending g American slavery by preserving Owen's gravesite. Our Committee has labored for years, worked with the developer Cantwell Anderson and others to restore the site and create enriching educational programs to keep Owen Brown and his family's legacy alive for future generations to learn from. On behalf of our committee and community, I urge you to approve this agenda item today. Thank you, Michele Zack, chair, Owen Brown Gravesite Committee
			Sandy K Pellegrin	
			Stanislava Overholt	Long overdue! Can we be notified of the date of designation? Thanks!
			Stanley Zucker	This designation will materially help spread the word on this new, historically and culturally important local site in our San Gabriel Mountains.

8.		Favor	Steven S Lamb	The Lavina Project made many promises to this community. Los Angeles County was supposed to enforce those promises. They never did. In Fact Regional planning attempted to approve maps erasing those promises including the trails in violation of the Specific Plan. Our Community had to get the Board of Supervisors to reign in regional planning who claimed they had the right to approve maps in violation fo the terms and conditions of the specific Plan and its map. they were finally overruled. After 30 years of promises we still do not have our trails. There were several other promises made, and the purchase of the Owen Brown gravesite and making it a monument was a substitute for those other promises. The community and the Altadena Town Council over five years ago, agreed to this substitution. This ended up with Tim Cantwell and I long enemies, hugging and being friends. Frankly I believed this was completed long ago. Its long long past time for the county to step up and help fulfill rather than violate the promises LaVina Developers made to this community. Thirty years is a long long time for the County to be in the way. Please approve.

			Mary Fruta Traylor	OB added nothing of merit in the State of CA to be recognized in any capacity. He went to temperance meetings in Pasadena. He may have lived in CA for a total of 36 months. He was one of John Brown's sons. He beheaded, butchered and mutilated five individuals in Kansas as part of his father's militia in 1856. At Harper's Ferry, Virginia on October 16, 1859, OB and his sister stayed at the rented Kennedy farm five miles away and were able to escape from there
