This is why we are proud to have helped get Measure A passed and excited for the comprehensive solutions to homelessness and the housing crisis it stands to provide.</p> <p>But winning on the ballot was a milestone that does not guarantee its success. LACAHSAs has a crucial role to play in ensuring the funds are dispersed effectively and intended outcomes are achieved. Voters made it clear that they recognize not only the urgency of the housing crisis but also the need for urgent solutions and effective implementation. In our conversations with over 8,000 Long Beach residents, we found that folks deeply resonated with the oversight and accountability that LACAHSAs will provide. This loan will build the capacity needed to do so and ensure it is ready to hit the ground running.</p>
