10.		Favor	bhables s Inabangan	
		Oppose	Dakota Kelly	<p>On November 6, 2024, Galvin Newsom, Governor, convened a special session of the California legislature to strategize the use of California's (limited) legal resources to fight for abortion although the United States Supreme Court has stated it is a state's issue; Transgender agenda allowing males to go into girls' bathrooms, locker rooms, and compete in girls' sports; climate action by destroying our energy reserves and replace with electricity as the primary although electricity can not create more electricity; and providing sanctuary to illegal immigrants – many who have committed violent acts including death of American citizens.</p> <p>Your recommendation is protecting the following people, Deiby Carrillo, and this is not oky.</p> <p>Deiby Carrillo , an Columbian illegal immigrant, strangled his landlady in New York. This 20-year-old illegal immigrant strangled a mother of four to death after she tried to evict him for being an unruly, jobless tenant who lounged around all day drinking alcohol and smoking pot.</p> <p>This murder could have been prevented- if not for politicians like the former Mayor Bill de Blasio, signing a 2014 City Council law limiting the city's cooperation with ICE "detainers." The NYPD is not allowed to reveal a person's immigration status to the public under the law.</p> <p>I am opposed to this recommendation to support this agenda.</p> <p>California legislature is to safeguard California's Constitution. California legislature does not set California's values when it goes against America's laws, Constitution, traditions, and values.</p>
