			Ariana Rodriguez	Please affirm the denial of Republic's CUP for the betterment and health of our community. Thank you.
			Reyna Macias	Please deny Republic's CUP. Our community carries an overwhelming burden of harmful environmental exposures. Republic has not followed protocol to mitigate any exposure, they overburden us with the noise, traffic, trash, smells...pollutants. Enough is enough!

Dear Executive Office,

It is of severe importance that the findings regarding Republic Services be adopted in order to begin the healing process of a seriously underserved community. From day one of that monstrosity of a facility from Republic Services was built they have been a horrible neighbor. At no point have they ever reached out to anyone of the surrounding residences of businesses to ask if the odor or noise was affecting us in any way. The daily odor from their facility is horrific, it's like having a giant dumpster right at your doorstep. I literally feel like I'm a prisoner in my own home being unable to enjoy any outdoor activities. I am unable to tend to my garden or just be outside and enjoy the morning without gagging from the vomit inducing odors coming from the facility. Please adopt the findings. Thank you

Felix Robles.
