Set Matter 1.		Other	paul C burt	<p>In a modification note within the text of Set Matter 1 the Board of Supervisors (BOS) cites the City of Grants Pass v. Johnson decision, while making no mention of the rendered judgment which - in fact FAVORED the taxpayers of Grants Pass. The cornerstone of that ruling is based in commonsense and holds that paramount, was the risk homeless encampments pose to public health & safety.....</p> <p>Two days ago - 12/5/2024 - there was yet another fire in Greater Los Angeles attributed to vagrancy. An 2021 LA Times report cited 24 encampment fires occur PER DAY within the County and that number - according to officials - is rising. According to a May, 2023 KNBC News report "There were 13,909 homeless fires in Los Angeles in 2023, almost double the number of such fires in 2020, according to LAFD data" costing taxpayers MILLIONS in emergency response and the omnipresent OVERTIME as billed by LA County public service personnel.....</p> <p>This MUST be stopped, and in the opinion of hundreds of thousands of law abiding Los Angeles County taxpayers, borders on an countywide emergency and continues to be "tolerated" by our elected and appointed officials. We have a situation that requires a coordinated effort from the community to control what obviously poses a fully-preventable threat to life, property, the environment.....</p>
