Re: The Westside Area Plan Project

Dear Honorable Board of Supervisors,

The Los Angeles Conservancy is pleased you will be reviewing the Westside Area Plan (WSAP) at your January 22nd meeting. The Conservancy previously submitted comments during the Draft PEIR stage and made public comment at the Regional Planning Commission. We have seen the plan evolve, and appreciate that many of the proposed changes in the plan seem to respond to community concerns. We also appreciate that a historic context statement has been compiled for this area which include some of Los Angeles County's most important and historic Black communities as well as a wealth of Modern-era resources.

We have met with County Planning Staff on two occasions: once virtually via Zoom and another as part of a community walk in Ladera Heights. We thank them for being receptive to our input and taking the time to meet. Although the plan is well-crafted and attempts to balance the need for growth and change, we believe two changes are still necessary create some safeguards for historic resources. We thank the Board of Supervisors for their dedication to historic neighborhoods. We would support the Westside Area Plan if these two following changes are made.

1. Commit to a Historic Survey of Ladera Heights

The Conservancy is asking the Board of Supervisors to commit to and accelerate a historic survey of Ladera Heights, a neighborhood that is rich in architectural, cultural and social landmarks. As the neighborhood has faced gentrification pressures, historic resources have been significantly

altered. This is largely due to a lack of information available on the neighborhoods, which would be addressed by a survey. The survey would provide information not only on architectural features but would also cover significant people who lived in, and contributed to the rich history that is Ladera Heights. The survey would provide a baseline document for future interpretative efforts, community histories, and research.

Currently, the Los Angeles Conservancy is documenting historic sites lost by both the devastating Palisades and Eaton Fires. In areas like the Pacific Palisades, we are able rely upon Survey LA data to identify and map affected properties. Some of these places may choose not to rebuild, but their history is preserved for future generations. In Altadena, a community that has not been comprehensively surveyed, we are relying on disparate, less-reliable sources, and we fear much history will be lost due to this tragedy. We cannot let the history of Ladera Heights be lost in a similar way.

On October 23, 2024, the Regional Planning Commission amplified our request to prioritize a survey for Ladera Heights. Along with their motion to recommend approval of the project they moved “to recommend to the Board to prioritize a historic survey to preserve the historic and cultural resources of the communities, and cultural capital.” We ask that this be prioritized as an implementation item of the plan, and we feel this is even more important given our recent experience.

2. Maintain Current Zoning of the Jet Inn Motel

Although the majority of proposed changes do not appear problematic from a preservation perspective, there is one site mentioned in the historic context statement that is located in and slated for opportunity sites and appear at risk. It is the “Jet Inn Motel,” at 4542 W. Slauson Avenue and built 1959 in the Googie style. This structure appears threatened by upzoning, which will place greater pressure on its potential redevelopment. Although it has yet to be formally surveyed, it appears to be eligible for historic designation at least at the local level. We ask that immediately-adjacent and underutilized sites along Slauson be identified and considered as suitable for upzoning instead of this Midcentury Modern motel.

Though we understand the motel may have been a problematic use in the past, it still provides economic value to the community. Motels of this vintage are often rehabilitated and can be converted for affordable housing, and serve as convenient lodging for tourists, and also double as film locations – the Safari Inn in Burbank is one such location. As has been done with other similar motels, there is additionally the opportunity for the Jet Inn Motel to be adaptively reused as affordable housing. We have recently learned of one such example in Hollywood, where the Hollywood Downtowner will be repurposed as interim housing for transition age

youth. The current C-2 zoning would not preclude this use, but the proposed MXD zone would likely encourage its demolition rather than reuse.

As stated, there appear to be other parcels along Slauson Avenue (immediately west of the Let Inn Motel and toward La Brea) that can accommodate upzoning and are better candidates for redevelopment, including multiple vacant parcels and sites with large surface parking lots. As part of the California Environmental Quality Act (CEQA) and the PEIR planning, it is important to avoid significant adverse impacts to historic resources wherever possible. We are asking the County to do this and reconsider this upzoning by looking to other nearby viable sites that can readily accommodate additional housing density.

About the Los Angeles Conservancy:

The Los Angeles Conservancy is the largest local historic preservation organization in the United States, with nearly 5,000 member households throughout the Los Angeles area. Established in 1978, the Conservancy works to preserve and revitalize the significant architectural and cultural heritage of Los Angeles County through advocacy and education.

Sincerely,

Andrew Salimian
Director of Advocacy

State Mandated WSAP/PEIR Extension Request

CAUTION: External Email. Proceed Responsibly.

Dear Assemblymember Isaac Bryan,

Please accept this email as a request to EXTEND the February 12, 2025 deadline required for Supervisor Holly Mitchell to submit her decision regarding the Westside Area Plan rezoning project for Ladera Heights, Windsor Hills, View Park and West Fox Hills.

The Regional Housing Needs Assessment (RHNA) formula is FLAWED, leading to unfair and inequitable assessments of future housing needs for the communities mentioned, as well as for other communities across California. The Los Angeles County Planning Department and the Los Angeles County Planning Commission both agree the RHNA formula is FLAWED, continues to cause problems and requires reform

I'm thankful that Supervisor Holly Mitchell is supportive of our request for a 10-12 month postponement. All we need is for you to commit to writing a quick bill extending the state mandated February 12, 2025 deadline.

Our FINAL WSAP hearing meeting with Supervisor Holly Mitchell is scheduled for January 21, 2025 and I'm respectfully requesting that you extend the state deadline BEFORE our FINAL January 21, 2025 hearing.

Thank you in advance

Please add the entirety of my request to the public record on this matter.

Sincerely,
Brian Hale
6035 Bedford Ave

WSAP/PEIR Comments

From Cynthia Sorrells <cynbrown1@mac.com>

Date Mon 16-Dec-24 10:31 PM

To Westside Area Plan <WestsideAreaPlan@planning.lacounty.gov>; HollyJMitchell@bos.lacounty.gov <HollyJMitchell@bos.lacounty.gov>; EDL-DRP BU-S Commission Services <commission@planning.lacounty.gov>; info@daphnebradford.com <info@daphnebradford.com>

CAUTION: External Email. Proceed Responsibly.

Dear Supervisor Holly Mitchell, LA County Regional Planning Commission and Westside Area Planning Team.

I am for fair and affordable housing and I wish to express my strong opposition to the proposed rezoning of single-family neighborhoods and the excessive upzoning of commercial parcels located in Ladera Heights and Windsor Hills-View Park. As a resident of one of the aforementioned Los Angeles County WSAP areas, the rezoning of these locations will drastically alter the cultural character of our community and create a traffic nightmare. I'm requesting the removal of the Ladera Center, University Church, Slauson-Fairfax/Home Depot, Slauson-Fairfax intersection, and other essential community assets from the WSAP opportunity site list.

The 3 mile, predominately single family, Ladera Heights neighborhood and the Windsor Hills-View Park bedroom communities were not created to accommodate "Greater mix of uses and housing types" as stated in the Draft Westside Area Plan documents. Ladera Heights would receive the majority of the State's Regional Housing Needs Allocation of 4,760 units. This proposed WSAP plan will be detrimental to the health, wealth, culture, safety, and well-being of residents, as well as increase health disparities for our community.

FLAWED Westside Area Plan Community Engagement

According to the 2022 US Census American Community Survey data there are 2,654 households in Ladera Heights and 4,911 households in Windsor Hills-View Park, totaling 7,565 households in the WSAP residential neighborhoods.

The "Junk Mail" styled June 2023 USPS delivery of 6,300 flyers EXCLUDED 1,265 HOUSEHOLDS located in the WSAP target areas of Ladera Heights and Windsor Hills-View Park. The 387 initial survey responses collected narrowly represents 5% of community residents. It is impossible, arbitrary, and capricious to create a community-based plan without incorporating the needs and voices of 95% of community members. Also, I didn't receive the June 25, 2024 flyer via USPS mail as indicated in the WSAP documentation. THEREFORE THIS CURRENT WSAP project implementation should be HALTED, POSTPONED, DISCONTINUED and deemed NULL and VOID!

The WSAP planning team distributed 6,300 flyers resulting in only 387 community residents completing the initial survey. Hundreds of Ladera Heights and Windsor Hills-View Park residents stated they DID

NOT receive a survey via USPS mail delivery. The WSAP teams negligence in providing the equitable opportunity for ALL households to participate in the initial June 2023 community engagement efforts has resulted in a large majority of Ladera Heights and Windsor Hills-View Park tax paying residents feeling DISENFRANCHISED, DISENGAGED, DEFEATED and unaware of the rezoning of their homes and shared community commercial spaces. This erroneous mailing invalidates Land Use Goal #2: "Community-based planning efforts that implement the General Plan and incorporate public input, and regional and community level collaboration." Just like many WSAP residents, I'm thinking "It doesn't matter how we feel, Supervisor Holly Mitchell and the LA County Regional Planning Commission have their minds made up." THIS IS NOT COMMUNITY ENGAGEMENT!

If the WSAP Planning team would have mailed the initial June 2023 flyer with the word "rezoning" printed on official LA County envelopes with the Zoning Code Amendment language included on the June 2023 flyer, I believe community engagement participation from Ladera Heights and Windsor Hills-View Park residents would have been much greater. The Zoning Code Amendments language "The Project would amend Planning and Zoning (Title 22) of the County Code to: (1) Establish a Planning Area Standards District (PASD) to create development standards that are specific to the Westside: (2) Maintain and preserve the existing characteristics of residential neighborhoods" should have been included on the initial June 2023 community engagement and survey request flyer. The flyer language did not include the word "rezoning," the actual purpose of the WSAP agenda in Ladera Heights and Windsor Hills-View Park. THEREFORE THIS CURRENT WSAP project implementation should be HALTED, POSTPONED, DISCONTINUED and deemed NULL and VOID!

I vote in Los Angeles County during every election. Please add the entirety to the public record on this matter.

Regards,

Dear Assemblymember Isaac Bryan,

Please accept this email as a request to EXTEND the February 12, 2025 deadline required for Supervisor Holly Mitchell to submit her decision regarding the Westside Area Plan rezoning project for Ladera Heights, Windsor Hills, View Park and West Fox Hills.

The Regional Housing Needs Assessment (RHNA) formula is FLAWED, leading to unfair and inequitable assessments of future housing needs for the communities mentioned, as well as for other communities across California. The Los Angeles County Planning Department and the Los Angeles County Planning Commission both agree the RHNA formula is FLAWED, continues to cause problems and requires reform

I'm thankful that Supervisor Holly Mitchell is supportive of our request for a 10-12 month postponement. All we need is for you to commit to writing a quick bill extending the state mandated February 12, 2025 deadline.

Our FINAL WSAP hearing meeting with Supervisor Holly Mitchell is scheduled for January 21, 2025 and I'm respectfully requesting that you extend the state deadline BEFORE our FINAL January 21, 2025 hearing.

Thank you in advance

Please add the entirety to the public record on this matter.

Dear Assemblymember Isaac Bryan,

Please accept this email as a request to EXTEND the February 12, 2025 deadline required for Supervisor Holly Mitchell to submit her decision regarding the Westside Area Plan rezoning project for Ladera Heights, Windsor Hills, View Park and West Fox Hills.

The Regional Housing Needs Assessment (RHNA) formula is FLAWED, leading to unfair and inequitable assessments of future housing needs for the communities mentioned, as well as for other communities across California. The Los Angeles County Planning Department and the Los Angeles County Planning Commission both agree the RHNA formula is FLAWED, continues to cause problems and requires reform

I'm thankful that Supervisor Holly Mitchell is supportive of our request for a 10-12 month postponement. All we need is for you to commit to writing a quick bill extending the state mandated February 12, 2025 deadline.

Our FINAL WSAP hearing meeting with Supervisor Holly Mitchell is scheduled for January 21, 2025 and I'm respectfully requesting that you extend the state deadline BEFORE our FINAL January 21, 2025 hearing.

Thank you in advance

Please add the entirety to the public record on this matter.

State Mandated WSAP/PEIR Extension Request

From Debra Languaine <dlanguaine@gmail.com>

Date Fri 10-Jan-25 5:14 PM

To Assemblymember.Bryan@assembly.ca.gov <Assemblymember.Bryan@assembly.ca.gov>; caleb.rabinowitz@asm.ca.gov <caleb.rabinowitz@asm.ca.gov>; kenneth.cruz@asm.ca.gov <kenneth.cruz@asm.ca.gov>; michelle.persoff@asm.ca.gov <michelle.persoff@asm.ca.gov>

Cc info@daphnebradford.com <info@daphnebradford.com>; Westside Area Plan <WestsideAreaPlan@planning.lacounty.gov>

CAUTION: External Email. Proceed Responsibly.

Dear Assemblymember Isaac Bryan,

Please accept this email as a request to EXTEND the February 12, 2025 deadline required for Supervisor Holly Mitchell to submit her decision regarding the Westside Area Plan rezoning project for Ladera Heights, Windsor Hills, View Park and West Fox Hills.

The Regional Housing Needs Assessment (RHNA) formula is FLAWED, leading to unfair and inequitable assessments of future housing needs for the communities mentioned, as well as for other communities across California. The Los Angeles County Planning Department and the Los Angeles County Planning Commission both agree the RHNA formula is FLAWED, continues to cause problems and requires reform

I'm thankful that Supervisor Holly Mitchell is supportive of our request for a 10-12 month postponement. All we need is for you to commit to writing a quick bill extending the state mandated February 12, 2025 deadline.

Our FINAL WSAP hearing meeting with Supervisor Holly Mitchell is scheduled for January 21, 2025 and I'm respectfully requesting that you extend the state deadline BEFORE our FINAL January 21, 2025 hearing.

Thank you in advance

Please add the entirety to the public record on this matter.

Regards,

Name: Debra Languaine

Address: 5206 W. 54 th Street, LA, CA 90056
