Summary Corrective Action Plan

The intent of this form is to assist departments in writing a corrective action plan summary for attachment to the settlement documents developed for the Board of Supervisors and/or the County of Los Angeles Claims Board. The summary should be a specific overview of the claims/lawsuits' identified root causes and corrective actions (status, time frame, and responsible party). This summary does not replace the Corrective Action Plan form. If there is a question related to confidentiality, please consult County Counsel.

Date of incident/event:	April 5, 2019
Briefly provide a description of the incident/event:	At approximately 8:30 a.m., plaintiffs parked their vehicle on the top level of a Los Angeles Superior Court parking structure and were walking near each other in a crosswalk, towards a staircase near the parking lot entrance ramp, when plaintiff was struck by a vehicle driven by a County employee, who was driving during the course and scope of their employment. Plaintiff sustained injuries and was transported to the hospital. The driver indicated she did not see plaintiff because she was driving from a shaded area into bright sun, which caused a visibility issue due to the glare.

1. Briefly describe the **root cause(s)** of the claim/lawsuit:

The County driver did not see the pedestrian walking in front of her vehicle as she was driving up the parking lot ramp due to poor visibility from the glare of the sun. The location of the pedestrian walkway crossing the top of the ramp that led to the upper level of the parking lot created a safety hazard.

2. Briefly describe recommended corrective actions: (Include each corrective action, due date, responsible party, and any disciplinary actions if appropriate)

Corrective Action1: Ensure all mileage permittees and other staff driving to conduct County business have safe driver training every two years.

Corrective Action 2: Form a safety review committee to evaluate all traffic collisions within the Department to determine the root causes and corrective action as necessary.

Document version: 4.0 (January 2013)

Due Date: April 1, 2025				
Corrective Action 3: Explore the feasibility of re-striping the pedestrian walkway further away from the vehicle ramp.				
Due Date: June 15, 2025
