The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

AUTHORIZATION TO ACCEPT AND IMPLEMENT A LETTER OF ALLOCATION AND FUTURE LETTERS OF ALLOCATION FROM THE CALIFORNIA DEPARTMENT OF HEALTH CARE SERVICES TO SUPPORT THE CALIFORNIA CHILDREN’S SERVICES PROGRAM (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

Provide authorization to accept and implement a Letter of Allocation and future Letters of Allocation and/or amendments and/or agreements from the California Department of Health Care Services to support the California Children’s Services program.

IT IS RECOMMENDED THAT THE BOARD:

1. Authorize and instruct the Director of the Department of Public Health (Public Health), or designee, to accept and implement a Letter of Allocation (LOA), (Exhibit I) from the California Department of Health Care Services (DHCS) to support Public Health’s California Children’s Services (CCS) program and the Medical Therapy Units (MTUs) under CCS, in the total amount of \$67,708,179 for fiscal year (FY) 2024-25.
2. Delegate authority to the Director of Public Health, or designee, to accept, implement and execute future LOAs, other agreements and/or amendments with DHCS for implementation of the CCS program that are consistent with the requirements of the LOA referenced in Recommendation 1, to extend the funding term at amounts to be determined by DHCS, and/or provide an increase or decrease in funding, subject to review and approval by County Counsel, and notification to your Board and the Chief Executive Office (CEO).
3. Delegate authority to the Director of Public Health, or designee, to accept and implement future

amendments that are consistent with the requirements of the LOA referenced above that reflect revisions to the LOA's terms and conditions and allow for the rollover of unspent funds and/or redirection of funds, subject to review and approval by County Counsel.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of Recommendation 1 will allow Public Health to accept the LOA to support the administration of the CCS program and provide diagnostic and treatment services, medical case management, and physical and occupation therapy services to children under the age of 21 years with special and complex healthcare needs.

CCS is a statewide program that can authorize and pay for specific medical services and equipment provided by CCS-approved specialists. The DHCS manages CCS in smaller jurisdictions, while larger counties, such as County of Los Angeles (County), operate their own CCS programs. Each year, the DHCS CCS will release county allocations for CCS administration, including monitoring and oversight (M&O) and the Medical Therapy Program (MTP).

Approval of Recommendation 2 will allow Public Health to accept, implement and execute LOAs, other agreements and/or amendments for implementation of the CCS program that are consistent with LOA requirements referenced above to extend the term at amounts determined by DHCS, and/or provide an increase or decrease in funding. This authority is being requested to enhance Public Health's efforts to expeditiously maximize grant revenue, consistent with Board policy 4.070: Full Utilization of Grant Funds.

Approval of Recommendation 3 will allow Public Health to accept and implement future amendments that are consistent with the requirements of the LOA referenced above that reflect revisions to the LOA's terms and conditions and to allow for the rollover of unspent funds, and/or redirection of funds.

Implementation of Strategic Plan Goals

The recommended actions support North Star 1: Priority 1: Child Protection, and Priority 2: Alliance for Health Integration, of the County's Strategic Plan.

FISCAL IMPACT/FINANCING

Public Health will accept the FY 2024-25 State allocation in the amount of \$67,708,179. For FY 2024-25, matching existing Departmental resources are expected to be \$6,145,548. The DHCS allocation is split among three funding categories: \$50,180,748 for Administrative; \$15,474,165 for Medical Therapy program, and \$2,053,266 for Monitoring and Oversight. Existing Departmental funds may fluctuate per year due to variability of annual DHCS allocations for CCS.

Funding is included in Public Health's FY 2024-25 Final Adopted Budget and will be included in future FYs, as necessary.

There is no additional net County cost associated with this action.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

CCS is a state program for children with certain eligible medical conditions, chronic and life-threatening illnesses. Examples of CCS-eligible conditions include, but are not limited to, traumatic injuries, infectious diseases, persistently disabling medical conditions such as cystic fibrosis, hemophilia, cerebral palsy, heart disease, cancer, traumatic injuries, and other medical, metabolic, genetic, and systemic conditions with major sequelae. CCS clinical and paraprofessional staff approve and connect children and youth with these conditions to specialty diagnostic care and treatment services and provide medical case management to coordinate their care. In the medical therapy program, CCS provides physical and occupational therapy (PT/OT) services and durable medical equipment to 23 MTUs co-located on school campuses throughout LAC.

The CCS LOA provides County CCS Programs with their CCS Program County Administrative, M&O, and MTP budget allocations for FY 2024-25. Public Health received an annual allocation notice from the DHCS detailing the allocations in each category for specific services and care. The DHCS allocated CCS funding to County as follows:

- **Administrative Allocation:** This allocation is based on each county's average expenditures during FY 2019-20 through FY 2022-23 and the counties' average caseload for calendar year (CY) 2023. The allocation is used to support County's administration, management, and delivery of CCS services. With this allocation, the local CCS program provides its services to a caseload of more than 45,000 children and youth in LAC.
- **M&O Allocation:** This allocation is based on each county's average caseload for CY 2023. This allocation funds County compliance, monitoring, and oversight and in conformity with standards established by DHCS in its California Advancing and Innovating Medi-Cal (CalAIM) initiative, to implement, evaluate and enforce local jurisdiction performance, quality, and reporting requirements.
- **MTP Allocation:** This allocation is based on the County's average caseload for CY 2023 and the prior years' baseline MTP budget submissions. The allocation supports the administration and service delivery the County's MTP, which provides PT/OT and Medical Therapy Conferencing (MC) services for children who have disabling physical and intellectual development conditions. There are 4,000 to 5,000 children and youth enrolled in MTP, receiving weekly, biweekly or monthly care.

Public Health has long administered the County's CCS program, ensuring that children and youth with special health care needs receive critical services. Currently, approximately 70 percent of CCS-eligible children in LAC are also Medi-Cal eligible, which is the funding source for their services; State and County funds finance the services for non-Medi-Cal population. The DHCS funds secure the ability to maintain diagnostic and treatment services, as well as access to special care centers, ensuring that Public Health remains responsive to the needs of CCS-eligible children and youth.

County Counsel has reviewed and approved Exhibit I as to form.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended actions will enable Public Health to continue providing CCS services for LAC residents, aligning resources and systems to support ongoing care.

The Honorable Board of Supervisors

2/4/2025

CCS Information Notice: 24-04 REVISED

TO: CALIFORNIA CHILDREN'S SERVICES PROGRAM
ADMINISTRATORS, CALIFORNIA CHILDREN'S SERVICES
MEDICAL CONSULTANTS, AND DEPARTMENT OF HEALTH
CARE SERVICES STAFF

SUBJECT: FISCAL YEAR 2024-2025 COUNTY ALLOCATIONS FOR
CALIFORNIA CHILDREN'S SERVICES COUNTY
ADMINISTRATION, COMPLIANCE MONITORING AND
OVERSIGHT, AND MEDICAL THERAPY PROGRAM

The purpose of this California Children's Services (CCS) Information Notice is to provide County CCS Programs with their CCS Program County Administrative, Compliance Monitoring and Oversight (M&O), and Medical Therapy Program (MTP) approved budget allocations for fiscal year (FY) 2024-25. DHCS will not issue individual county budget notices. The Department of Health Care Services (DHCS) calculated the FY 2024-25 allocations as follows:

- **CCS Administrative Allocation:** This allocation is based on each county's average expenditures during FY 2019-20 through FY 2022-23 and the counties' average caseload for calendar year (CY) 2023.
- **CCS M&O Allocation:** This allocation is based on each county's average caseload for CY 2023.
- **MTP Allocation:** This allocation is based on each county's average caseload for CY 2023 and their baseline budget submissions for the MTP.

Each county remains responsible for overseeing and tracking its administrative budget and MTP expenditures and will only be reimbursed up to the county's authorized allocation. In addition, counties cannot shift funding between CCS Program participation categories (i.e., "straight" CCS, CCS/Medi-Cal, and CCS/Optional Targeted Low-Income Children Program).

County CCS Programs must adhere to DHCS guidelines for the determination of enhanced and non-enhanced designation of local county CCS Program staff. The documentation for skilled professional medical personnel who qualify for enhanced

Federal Financial Participation (FFP) or who work on more than one program must conform to the FFP time study requirements and guidelines.

County CCS Programs must maintain an audit file. At a minimum, this audit file should include:

1. Documentation on required time studies performed during one or more representative months of the fiscal quarter for each budgeted position claimed under FFP.
2. Documentation in support of training and travel costs and other claimed operational expenditures.
3. Documentation in support of claimed internal and external overhead costs.

County CCS Programs should maintain and be able to produce the audit file to State and Federal regulators within seven (7) calendar days of a request.

County CCS Programs are expected to comply with all Federal and State requirements pertaining to the CCS Program and must adhere to all applicable Department policies and procedures. County CCS Programs must submit invoices based only on actual CCS Program Administration, MTP expenditures, and in accordance with Section 7, Expenditure Claims and Property Management of the Plan and Fiscal Guidelines (PFG) manual.

County CCS Programs must submit CCS Program plans and budgets for FY 2024-25 no later than sixty (60) days from the date of this Information Notice. Please submit your plans and budgets electronically to the ISCD Budget Portal. County CCS Programs requiring the most recent version of the PFG manual Section 7 may contact ISCDFiscal@dhcs.ca.gov.

Senate Bill (SB) 108 amended SEC. 166. Item 4260-101-0001 of Section 2.00 of the Budget Act of 2024 to include provision 21 which allows the counties to deviate from the department's established allocation staffing methodology governing the use of the county Health Care Program for Children in Foster Care (HCPCFC) administrative budget and CCS M&O budget for purposes of extending flexibility to the counties regarding appropriate staffing necessary to implement and operationalize the HCPCFC program manual requirements and readiness activities for the CCS M&O.

To be eligible for this flexibility, the County CCS Program must submit the *One-Time Flexibilities - SB 108 Administrative Support Budget* workbook to the Department of Health Care Services (DHCS) no later than October 1, 2024. The budget must be approved through the County's Board of Supervisors and proof of their approval must be included with your budget submission to DHCS. The budget must describe the county's proposed use of funds to support HCPCFC program and CCS M&O activities, including direct and indirect administrative costs.

DHCS will send the *One-Time Flexibilities - SB 108 Administrative Support Budget* workbook and instructions to the County CCS Program via email. For questions regarding this IN, fiscal questions and/or requests, please contact ISCDFiscal@dhcs.ca.gov.

Sincerely,

ORIGINAL SIGNED BY

Cortney Maslyn, Chief
Integrated Systems of Care Division
Department of Health Care Services
