The following individuals submitted comments on agenda item:				
Agenda #	Relate To	Position	Name	Comments
9.		Favor	Nora E Coyle	
		Other	Sally M	<p>Please implement measures to ASSURE that none of fire debris, including dirt, does not end up illegally dumped in our open deserts in the Antelope Valley and surrounding areas. Illegal dumping is widespread in the North County due to the high cost to legally dispose of construction materials such as dirt and concrete. Property owners must then bear the cost of the cleanup of the illegally dumped debris. I am in favor as long as Calabasas and Sunshine Canyon take their fair share of the fire debris. Please do not sacrifice the high desert. Be sure that no invoices for disposal are paid without authenticating the invoice with the landfills. Anyone can create official looking invoices. Hold the private contractors responsible for the legal disposal of the loads they are paid to dispose of properly.</p> <p>The Board must set aside some of the FEMA money to assist North County property owners with cleanup costs when this fire debris ends up illegally dumped on their properties, because I have no faith that some of it will not, especially from private contractors hired by victims of the fires.</p>
