Set Matter 1.		Other	Nancy Ortega	How are funds being used by the county to ensure that there is a proactive approach in identifying people experiencing homelessness. There is a large budget however, LA county seems to continue to be the largest in the homeless crisis. How are these outreach programs working to bring resources directly to those in need versus waiting for someone to make a request for help. It is clear that a different approach needs to take place and as a homeowner, I worry not only for the quality of life for my family in witnessing others misfortune but also the lack of change that continues to take place.
