29.		Other	George Konik	1. Of great importance to the general public and the County of Los Angeles is the evidence in which I am in possession of (TRUTH BY FACT LLC) will end a great deal of illicit activity by LASD Deputy Gang Members, especially in the Lomita Station. 2. Before reform, there must be extensive exposure in order to expose the guilty parties involved, especially Alex Villanueva . 3. False or phony LASD Deputies were created by Alex Villanueva in order to embezzle/ steal money from the County of Los Angeles for himself, and conspirators. 4. Alex Villanueva ( aka Detective Joe Vasquez/ Vasquez - LASD Lomita Station was created for criminal activity under a false identity. Evidence and witnesses do exist to support these allegations. 5. Sheriff Luna has a professional obligation to the public, and the Executive Board which he has intentionally violated. 6. Criminal prosecutions for the guilty LASD Deputy Gang Members is of the utmost importance. 7. Before reform, transparency to prosecute is the necessary (reform) needed to correct the criminal pattern of practice being committed by the LASD. 8. The general public's safety should be a priority because it will illuminate the core problems within the LASD. 9. Words without the correct legal framework are just empty words or lies. 10. Otherwise, if this matter is not legally resolved, it will result in a consent decree. 11. Attempting to contain the problem without prosecution is an illicit/ criminal offense on its own. And this is wrong. 12. Spending time and money at taxpayer expense without results is a waste of taxpayer dollars. 13. I can literally bring an end to this matter by utilizing the correct method of regulation. 14. The most effective approach is to set an example by using the criminal justice system to prosecute the criminal LASD Deputy Gang Members. 15. The reason why Huntsman is failing is because he doesn't have the evidence, but TRUTH BY FACT LLC does. And Huntsman knows this. Huntsman is not being truthful with the public, and therefore should be removed. 16. Jealous hatred and bitterness towards TRUTH BY FACT LLC is hurting the County of Los Angeles. 17. Why prolong the suffering of the public ? 18. Evidently Huntsman and OIG are fraudulent and this means federal government intervention at OIG and especially with Rob Bonta , it's a two part process/ system. 19. Reform requires legal change. 20. Thank you.
