			Name	Comments
12.		Favor	Alice Hogan	The penalties should be more severe to discourage this behavior. It's a public nuisance. It destroys our neighborhood and it's dangerous. Take their cars , hefty fines and throw them in jail!
			Ann Dobson	In favor of the above ith adding crimminal charges and finacial responsibilites to anyone promoting illegal, live threatening dangerous activities. Opposed to street racing in favor of your bill
			Brandon Michel	
			Charna L Blakely	
			Chief Marcella fain-sims	
			Crystal Echols	
			Danica Hamilton	
			Daria Brooks	Any method that can end the nightmare of clowns far and wide to take over our local streets is welcomed. If Supervisor Mitchell had taken any responsibility early on to put a stop to this problem, many lives could have been saved and the health and well-being of our residents could have been protected. The damage that years of burning tires, loud noises and exhaust fumes have done to the health of our citizens is incalculable and the fault rest with a severe lack of law enforcement and government action. Do something to help us NOW!

			harris silver	Ridiculous that this is a motion.
			Itzel Molenaar	
			Jason E Barrios	Takeovers in this area (broadway and 157th st) have plagued this neighborhood. Every Sunday there are street vendors and sideshow viewings. CHP and sheriff have a hard time getting them out with many people scared to go through. Every Sunday after 2 pm they are here. Low riders and criminals.

		Other	Ron Bell	<p>Good afternoon everyone. My name is Ron Bell and I am a resident of the Willowbrook Athens Community. In regards to this particular agenda item. I am in the middle on this motion. I believe that this motion is a good start to bring awareness to this ongoing matter, but it does not fully address the core issues plaguing all of our communities and that's "Safety and Quality of Life". Nor does it bring real consequences to the actions taken by these groups who negligently practice them. I strongly advise that more research is done on this matter in regards to how these street takeovers impact our communities daily.</p> <p>Street racers do not care about legal street racing. This agenda item seems to offer very timid solutions with little to no real Enforcement for breaking the law. Reckless driving, destruction of roads, property, infrastructure, vandalism, noise & air pollution, as well as the countless number of victims these events have already claimed, deeply impact the soul of our communities and environment mentally and emotionally. I urge the board to create policies that offer stiffer penalties to discourage these groups from destroying our communities. Please do not allow special interest groups and non profits to take overs our streets & communities.</p> <p>Thank You</p>

Good morning, my name is Fabiola Rodriguez and I represent LA Walk in the city of Willobrook. I want to thank Supervisor Mitchell for introducing this motion to hold those who organize and participate in street takeovers accountable and send a strong message to social media companies that they cannot continue to incentivize the promotion of illegal takeovers at the expense of the residents of Los Angeles County. Takeovers and sideshows have been occurring in my community since 2019 and I am grateful to Supervisor Mitchell and the Street Takeover Reduction Workgroup's Action Plan to reduce or eliminate this illegal activity and bring peace back to our communities. My life change on 2019 when 2 irresponsible drivers decided to street race in my block and crashing into and innocent young lady

by the name of Bethany Olguin. I ran out when the loud sound than more than a crash it sounded like an explosion. As I was approaching the vehicle I immediately when over to Bethany's car since the guy that was racing got out of hes car like nothing and took off on the other vehicle that was racing with him. Bethany was alive only for few minutes then she passed away before paramedics arrived. I didn't know Bethany but that day I met her when I approached her car she looked at me and asked for help. Along with Bethany was her brother he was also seriously injured, but survived. Bethany left a daughter that at the time she must of been 5 years old. The person that cause the accident was found 2 month later and only sentence to 3 years in prison. Ever since street racing and street takeovers have increased drastically.

I urge the Board to approve this motion so that we can comprehensively address the issue and hold those who promote it accountable. Thank you."
