Public Comment		Other	Amanda M Williams	<p>Hi all, my name is Amanda Williams, and I'm a volunteer caseworker with Project HepC Connect.</p> <p>Today I would like to express my support for the motion passed in June 2024, which directed the LA Department of Public Health to expand staffing for HepC treatment and control efforts. I ask that the LA County Department of Public Health's Hepatitis C disease control program budget \$441,000 to fund 2 full-time staff positions focused on linkage-to-cure.</p> <p>Currently the majority of residents with HepC in LA county remain untreated, even though it's curable and in California treatment is free. We have a cure for HepC, we simply need the investment and resources to make treatment accessible to those in need.</p> <p>Thank you for your time</p>
