

MOTION BY SUPERVISOR LINDSEY P. HORVATH

May 13, 2025

Let Everyone Advance with Dignity / Law Enforcement Assisted Diversion (LEAD)

Parking Fee Waiver 2025

LEAD is a non-punitive, community-based system of response and care to better address root causes of frequent contact with law enforcement that is related to substance use, unmet mental health needs, and/or extreme poverty. It is centered at the intersection of public health, public safety and racial justice. ODR started the LA County LEAD program back in 2017 to serve individuals who have multiple contacts with the criminal legal system and who are at high risk for recidivism. LEAD serves people who are typically excluded from or underserved by existing programs (including people who are transgender, people experiencing homelessness, immigrants, people living with HIV), and people who are disproportionately impacted by racial disparities in policing, arrests, and sentencing. ODR recently launched the LEAD Program in LAPD Pacific Division, which includes the Venice neighborhood. The People Concern is the contracted outreach team for the area and will need access to the Venice Beach area.
