19.		Oppose	Patricia A McAllister	#19 Establishing a new county department to address the homeless problem in LA County is just another yearly con game. Every year millions become homeless in LA county because the Board of Supervisors continues to smuggle millions more illegal alien criminals into LA county. These illegals are given affordable housing, jobs, EBT, and funds. These acts causes more Californians to become unemployed and homeless. Hundreds are dying homeless on the streets every year! DOGE is in California auditing the books to find out who is embezzling trillions of homeless funding money, and the untraceable funds to the illegal alien undocumented criminals. According to the auditors who performed a partial audit of the Board of Supervisors, it was almost impossible to discover how much is being embezzled because the Board of Supervisors are not keeping records and receipts of where the money is being spent. In fact, the auditors reported that the Supervisors do not even have a warehouse where to receipts are being kept. That sort of sloppy record keeping is done when trillions are being stolen! I oppose starting a new department on the homeless. This is just another scam to do nothing but to continue stealing homeless funds, while more people become homeless.
