Agenda #	Relate To	Position	Name	Comments
24.		Favor	Daria Brooks	While we of the 2nd District support assistance for those who dwell near Chiquita Canyon, we would also request that Supervisor Holly Mitchell add a provision to extend the same support for those of us in her OWN district. We have suffered for several years from the stench, air and water pollution, irritation and discomfort visited upon us from the very same leachate and dimethyl sulfide (DMS) removed from Chiquita Canyon and deposited in OUR area. Republic Waste Transfer (14905 S San Pedro St) was allowed to improperly deposit and store that foul-smelling toxic mixture adjacent to homes and businesses in Rosewood, East Gardena and neighboring West Rancho Dominguez, as verified by the AQMD, yet no provisions have been made to monitor our air quality nor compensate us for health hazards that our County government created. We respectfully ask Supervisor Mitchell to address this issue immediately.
