Agenda #	Relate To	Position	Name	Comments
29.		Favor	Daria Brooks	We of the unincorporated areas of the 2nd District request a detailed explanation of substantive plans to curb the nightly street racing heard and seen in our communities. Not only are these displays a danger to the safety of the local residents and the witless participants, but they are also creating a long-lasting environmental health disaster by adding tons of dangerous, toxic chemical elements into our air via burning rubber, oil and gasoline. When will law enforcement and our County Supervisors end this madness?
