8.		Oppose	Francisco Corona	Our community has been underserved by the sheriff's department parking enforcement for a long time the response times are just horrible. There is always an excuse about staff and I feel very disrespected when I call the station to file a complaint. I have confronted several employees out on the field and when I ask if a ticket was issued they tell me "that's not there job to issue tickets". I personally think it's time to hold them accountable for there actions.
