Agenda #	Relate To	Position	Name	Comments
11.		Favor	Adrian Casas	As of January 2025, I have worked as an IATSE Local 871 Production Coordinator in film and television in Los Angeles for 20 years. The current economic impact on Los Angeles crews, vendors, restaurants, and other support services are staggering. Large budget features and TV shows rarely shoot here now. American game shows are being shot in Ireland and the United Kingdom. Movies are more likely to be shot in Australia than on a soundstage in L.A.. Please treat this as what it is -- an emergency. I personally know many people who have had no choice but to leave the business, and Los Angeles itself. If this economic engine stalls out, the ripple effect will be incalculable. 100 years ago this town invented this business. Will we be the generation that let it die a century later? Please do all you can in your capacity as the Board of Supervisors before it's too late. Thank you.
			Amber Pena	Please vote yes now more than ever especially in DTLA need support this is an investment and a message saying we are here to stay. Please vote yes our communities need this now. Thank you.
			James Tang	Let's get improve these production processes to get jobs back to LA!
			Urzulo R Glaviano	Members of the BOS. I have been a part of the local film industry for 20 years. I am a proud union member and an active voter and participant in local politics. The last couple of years I've seen my industry crumble in the face of Covid, strikes, and runaway production. This has resulted in dire circumstances for myself and my fellow crew members. Our industry injects so much revenue into the local economy and it's particularly evident how much our impact is missed when we aren't shooting locally. I urge you to vote in favor of enhancing and streamlining our trademark industry. Please. So many of us have lost everything, our homes, savings, all that we've worked for.
