

MOTION BY SUPERVISOR LINDSEY P. HORVATH

July 15, 2025

Security Support for Pacific Palisades Recovery Parking Fee Waiver at Will Rogers Beach

To safeguard the Palisades neighborhoods as they recover from the recent fire, the City of Los Angeles, in coordination with Los Angeles County and the State, has implemented a comprehensive security plan. This plan is designed to ensure residents can safely and efficiently rebuild and return to their community. As part of the effort, the City has contracted private security firms, including GSGS Management Inc. and Absolute International Security, to support the Los Angeles Police Department (LAPD) with 24/7 patrols throughout Pacific Palisades. Will Rogers Beach parking lot functions as the primary coordination and staging site for private security teams, facilitating daily shift briefings and vehicle deployment in collaboration with the LAPD.

I, THEREFORE, MOVE that the Board of Supervisors instruct the Director of Beaches and Harbors to waive the right of entry permit fee of \$841 and parking fees in the amount of \$57,732 for 34 spaces, excluding the cost of liability insurance, for LAPD’s Contractor
