ADOPT RESOLUTION NO. 4004 FOR HIGHWAYS-THROUGH-CITIES FUNDING
ADOPT, ADVERTISE, AND AWARD
PROJECT ID NO. TSM0010254
EL SEGUNDO BOULEVARD TRAFFIC SIGNAL SYNCHRONIZATION PROGRAM ILLINOIS
STREET TO VERMONT AVENUE
IN THE CITIES OF EL SEGUNDO, GARDENA, HAWTHORNE, AND LOS ANGELES AND IN THE
UNINCORPORATED COMMUNITIES OF DEL AIRE AND WISEBURN
(SUPERVISORIAL DISTRICT 2)
(4-VOTES)**

SUBJECT

Public Works is seeking Board approval to adopt Resolution No. 4004 providing Highways-Through-Cities funds to the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles; adopt plans and specifications; advertise for construction bids; and award and execute a construction contract for the El Segundo Boulevard Traffic Signal Synchronization Program - Illinois Street to Vermont Avenue Project in the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles and in the unincorporated communities of Del Aire and Wiseburn.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the proposed project is exempt from the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Adopt Resolution No. 4004 finding that the modification and synchronization of traffic signals in the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles is of general County interest and that

Los Angeles County aid in the form of Highways-Through-Cities funds in the amount of \$739,700 shall be provided to the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles to be expended in accordance with all applicable provisions of law relating to funds derived from the Proposition C Discretionary Grant Fund and Proposition C Local Return Fund.

3. Approve the project and adopt the plans and specifications that are on file in Public Works' Project Management Division III for the El Segundo Boulevard Traffic Signal Synchronization Program - Illinois Street to Vermont Avenue project at an estimated construction contract cost between \$245,000 and \$365,000.

4. Instruct the Executive Officer of the Board to advertise for bids in accordance with the Instruction Sheet for Publishing Legal Advertisement that are to be received before 11 a.m. on September 2, 2025, in accordance with the Notice Inviting Bids.

5. Delegate authority to the Director of Public Works or his designee to determine whether the bid of the apparent responsible contractor with the lowest apparent responsive bid is, in fact, responsive and, if not responsive, to determine which apparent responsible contractor submitted the lowest responsive bid.

6. Delegate authority to the Director of Public Works or his designee to award and execute a construction contract for the El Segundo Boulevard Traffic Signal Synchronization Program - Illinois Street to Vermont Avenue Project to the responsible contractor with the lowest responsive bid within or less than the estimated cost range of \$245,000 and \$365,000 or that exceeds the estimated cost range by no more than 15 percent, if additional and appropriate funds have been identified.

7. Delegate authority to the Director of Public Works or his designee the following connection with this contract: (a) extend the date and time for the receipt of bids consistent with the requirements of California Public Contract Code, Section 4104.5; (b) allow substitution of subcontractors and relief of bidders upon demonstration of the grounds set forth in California Public Contract Code, Sections 4100 et seq. and 5100 et seq., respectively; (c) approve and execute change orders within the same monetary limits delegated to the Director of Public Works or his designee under California Public Contract Code 20395; (d) accept the project upon its final completion; and (e) release retention money withheld consistent with the requirements of California Public Contract Code, Sections 7107 and 9203.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to find that the proposed project is exempt from the California Environmental Quality Act (CEQA); adopt a resolution that the project is of general County interest and that aid in the form of Highways-Through-Cities (HTC) funds in the amounts of \$489,100, \$219,200, \$23,900, and \$7,500 shall be provided to the Cities of Gardena, Hawthorne, El Segundo, and Los Angeles, respectively; and allow Public Works to construct the El Segundo Boulevard Traffic Signal Synchronization Program - Illinois Street to Vermont Avenue Project in the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles and in the unincorporated communities of Del Aire and Wiseburn (see Enclosure A).

The proposed project includes upgrading traffic signal equipment, pedestrian enhancements, and various other intersection safety improvements along the corridor. The project will modify and synchronize the traffic signals on El Segundo Boulevard between Illinois Street to Vermont Avenue thereby enhancing traffic flow, reducing congestion, and improving safety for the traveling public.

The HTC Program is a County program that was initiated to assist cities in developing a fully coordinated arterial system throughout the County recognizing that many small cities do not have the funds to complete their portion of the County's Highway Plan. Under the HTC Program, cities receive assistance for the construction of specific highway projects. The HTC funds are allocated on a case-by-case basis at the discretion of the Board of Supervisor in whose supervisorial district the project is located.

Board adoption of Resolution No. 4004 approves the County's contributions of HTC funds in the amount of \$739,700 to finance a portion of the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles' jurisdictional shares of the project cost (see Enclosure B).

Sections 1680-1683 of the California Streets and Highways Code provide that the Board of Supervisors of any County may, by a Resolution adopted by a four-fifths vote of its members, determine that certain types of road improvements are of general County interest and that County aid shall be extended therefore.

It is anticipated that the work will start in July 2026 and be completed in October 2026.

Implementation of Strategic Plan Goals

These recommendations support the County Strategic Plan: North Star 3, Realize Tomorrow's Government Today, Focus Area Goal F, Flexible and Efficient Infrastructure, Strategy ii, Modernize Infrastructure, by replacing and improving public infrastructure assets that support the quality of life of County residents.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this proposed project is in the range of \$245,000 and \$365,000 with a maximum construction contract cost to be within 15 percent of this range. The total project cost is estimated to be \$1,942,300. In addition to the construction contract cost, the total project cost includes the preparation of plans and specifications, consultant services, survey, right-of-way and utility clearances, inspection, contract administration, change order contingency, and other County services.

The project is located in the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles and in the unincorporated communities of Del Aire and Wiseburn. City Service Requests will provide for the County to perform the preliminary engineering and administer the construction of the project with the Cities of Gardena and Hawthorne to finance a portion of their jurisdictional shares of the project cost, estimated to be \$26,100 and \$7,900, respectively.

The project is financed with \$1,680,000 in grant funds received from the Los Angeles County Metropolitan Transportation Authority 2009 Call for Projects, Proposition C Discretionary Grant Fund for the South Bay Forum Traffic Signal Corridors Project, and \$228,300 from the County Proposition C Local Return Fund.

The \$739,700 in HTC funds consists of funds from the Proposition C Discretionary Grant Fund and the Proposition C Local Return Fund.

The Cities of Gardena and Hawthorne's jurisdictional shares of the County HTC contribution from Proposition C Discretionary Grant funds are \$470,000 and \$141,100, respectively. The Board has established a \$2,500,000 top-of-pot annual allocation from the Proposition C Local Return Fund Budget from the Countywide Traffic Congestion Management Program. The \$228,300 from the County Proposition C Local Return Fund will be funded from the top-of-pot allocation, of which \$19,100, \$78,100, \$23,900, and \$7,500 will be used for the Cities of El Segundo, Gardena, Hawthorne, and Los Angeles' respective shares in HTC funds and \$99,700 for the County's share of Proposition C Local Return Fund.

Funding for this proposed project is available in the Proposition C Local Return Fund (CN9-Capital Assets-Infrastructure and Services and Supplies) Fiscal Year 2025-26 Budget. Funding for future years will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This project will be advertised in accordance with Section 20392 of the California Public Contract Code.

California Public Contract Code, Section 3400, allows a product to be designated by specific brand name for several purposes, one of which is to match other products in use on a particular public improvement either completed or in the course of completion, if the awarding authority makes a finding and language is included in the Notice Inviting Bids. The Notice Inviting Bids includes language describing this finding.

The contract award will comply with applicable Federal and State requirements and Board policies and mandates. The contract documents will require the contractor to comply with these same requirements, policies, and mandates. The construction contract will be in the form previously reviewed and approved as to form by County Counsel.

As required by Board Policy No. 5.140, information such as defaulted contracts with the County, complaints filed with the Contractors State License Board, labor violations, and debarment actions will be considered before a contract is awarded.

Documents related to award of this proposed contract will be available at Los Angeles County Public Works, Project Management Division III, 900 South Fremont Avenue, 8th Floor, Alhambra, CA 91803.

ENVIRONMENTAL DOCUMENTATION

The proposed traffic signal synchronization project is exempt from CEQA. The project to upgrade the traffic signal systems at two intersections, with negligible or no expansion of use, is within a class of projects that have been determined not to have a significant effect on the environment and meets the criteria set forth in Section 15301 (c) of the CEQA Guidelines, and Class 1 (x), Subsections 4, 14, and 22 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, which apply to operation, repair, and minor alteration of existing facilities. In addition, based on the proposed project records, it will comply with all applicable regulations, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code Section 65962.5, or indications that it may cause a substantial adverse change in the significance of a historical resource that would make the exemption inapplicable.

CONTRACTING PROCESS

In accordance with the Board's consolidated Local and Targeted Worker Hire Policy, the contract documents will include a best-efforts goal that at least 30 percent of the total California craft worker hours for construction of the project be performed by Local Residents. The "Targeted Worker" component will not be included as part of the project.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on both the County's "Doing Business with Los Angeles County" and "Do Business with Public Works" websites for open bids:

<https://lacounty.gov/business/doing-business-with-la-county/>

<http://pw.lacounty.gov/general/contracts/opportunities>

Additionally, the contract solicitation will be advertised through web-based and social media platforms.

In order to increase opportunities for small businesses, Public Works will be offering preference to Local Small Business Enterprises in compliance with Los Angeles County Code, Chapter 2.204.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Minor impacts to adjacent residents, businesses, and motorists may occur while the project is underway. When the project is completed, it will have a positive impact by improving traffic flow, reducing congestion, and improving safety for the traveling public.

CONCLUSION

Please return one adopted copy of this Board letter and one signed copy of the resolution to Public Works, Project Management Division III.

Respectfully submitted,
