30.		Other	Steven Martin	Dear Honorably and Innovative Board Members, Please consider remanding tax-defaulted properties through a commission designed to ascertain "best use" and the authority to allocate as necessary in order to impact current County objectives. Goals could include; Eliminating the possibility of creating homelessness through taxation. Providing a safety net that would allow struggling families , the elderly, and non-compliant land-use residents to interface with County services in a manner that provides a critical path to residential stability and compliance. In fullness of disclosure our associates have articulated an implementation framework for tax-defaulted property transferred within our community. The "Outpost" program. We are asking for nothing but your awareness of the resource relationship to your objectives. In gratitude for your service, Steven Martin
