			Jason D Boxer	<p>My name is Jason Boxer and I have an administrative role supporting the organizing staff at Pilipino Workers Center of Southern California, a 501(c)3 that builds political, economic, and civic power among low-income Filipinx across the state. I am in strong support of item #11 and I'm grateful to Supervisor Solis and her staff for bringing this motion forward.</p> <p>As the Federal Administration continues to attack our most vulnerable residents, the County of Los Angeles must continue to fight to protect Angelenos. By unlawfully requesting CalFresh applicant data, USDA is forcing states and counties to face an impossible choice between providing nutrition assistance to our most vulnerable residents and protecting their privacy.</p> <p>In Los Angeles County, the program supports nearly 1.5 million recipients. Releasing CalFresh applicant data to the federal government will deter many families from applying for benefits out of fear that their data could be used by immigration enforcement to target family members.</p> <p>This will create a "chilling effect" that is pushing immigrants away from programs they are eligible for, even when they desperately need assistance.</p> <p>I strongly urge the Board to vote yes. Thank you for your service.</p>
