CS-2.		Favor	Mayra L Langarica	When is someone going to listen to me, my dogs better not be dead. Look at all the work I have been forced to do so that I can be able to talk to someone about something serious. I want accountability for this. And I want the law to be enforced how it always is enforced on me. I charge \$400 an hour for investigation and now it's times two pets. My loss of my companion. My service animals. And then you want to laugh at me at court. That's so messed up. I have been working my butt off trying to talk to someone I submitted over 1000 filings.
