Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

46 December 2, 2025

Edward Yen
EDWARD YEN
EXECUTIVE OFFICER

**CONSTRUCTION CONTRACT
WATER RESOURCES CORE SERVICE AREA
ADOPT, ADVERTISE, AND AWARD
PROJECT ID NO. FCC0001401
BI 0107 CHANNEL INVERT REPAIR AND
EAST CANYON CHANNEL WALL REPLACEMENT
IN THE CITY OF LOS ANGELES
(SUPERVISORIAL DISTRICT 3)
(3-VOTES)**

SUBJECT

Public Works is seeking Board approval to adopt plans and specifications, advertise for bids, and award and execute a construction contract for the BI 0107 Channel Invert Repair and East Canyon Channel Wall Replacement project in the City of Los Angeles.

**IT IS RECOMMENDED THAT THE BOARD ACTING AS THE GOVERNING BODY OF
THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:**

1. Find that the proposed project, and related actions, are exempt from the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Approve the proposed project and adopt the plans and specifications that are on file at Public Works' Project Management Division III for the BI 0107 Channel Invert Repair and East Canyon Channel Wall Replacement project at an estimated construction contract cost between \$625,000 and \$925,000.

3. Instruct the Executive Officer of the Board to advertise for bids in accordance with the Instruction Sheet for Publishing Legal Advertisement that are to be received before 11 a.m. on January 6, 2026, in accordance with the Notice Inviting Bids.

4. Delegate authority to the Chief Engineer of the Los Angeles County Flood Control District or his designee to determine whether the bid of the apparent responsible contractor with the lowest apparent responsive bid is, in fact, responsive and, if not responsive, to determine which apparent responsible contractor submitted the lowest responsive bid.

5. Delegate authority to the Chief Engineer of the Los Angeles County Flood Control District or his designee to award and execute a construction contract for the BI 0107 Channel Invert Repair and East Canyon Channel Wall Replacement project to the responsible contractor with the lowest apparent responsive bid within or less than the estimated cost range of \$625,000 and \$925,000.

6. Delegate to the Chief Engineer of the Los Angeles County Flood Control District or his designee the following authority in connection with this contract: (a) extend the date and time for the receipt of bids consistent with the requirements of California Public Contract Code, Section 4104.5; (b) allow substitution of subcontractors and relief of bidders upon demonstration of the grounds set forth in California Public Contract Code, Sections 4100 et seq. and 5100 et seq., respectively; (c) approve and execute change orders within the same monetary limits delegated to the Chief Engineer of the Los Angeles County Flood Control District or his designee under Section 20998 of the California Public Contract Code; (d) accept the project upon its final completion; and (e) make required findings and release retention money withheld consistent with the requirements of California Public Contract Code, Sections 7107 and 9203.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to find that the proposed project, and related actions, are exempt from the California Environmental Quality Act (CEQA) and allow Public Works to repair two separate concrete-lined flood control channels. Work will occur within the Los Angeles County Flood Control District's right of way in the City of Los Angeles (see enclosed map).

The proposed project will repair a portion of the channel invert of BI 0107 and repair walls in the East Canyon Channel. These improvements will restore the structural integrity of the two existing channels, prevent further damage at the subject locations, and ensure continued flood protection for the residents without interruptions.

It is anticipated that the work will start in May 2026 and be completed in October 2026.

Implementation of Strategic Plan Goals

These recommendations support the County Strategic Plan: North Star 3, Realize Tomorrow's Government Today, Focus Area Goal F, Flexible and Efficient Infrastructure, Strategy ii, Modernize Infrastructure, by replacing and improving public infrastructure assets that support the quality of life of County residents.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The estimated construction contract cost to complete this proposed project is in the range of \$625,000 and \$925,000. The total project cost is estimated to be \$2,240,000. In addition to the construction contract cost, the total project cost includes the preparation of plans and specifications, construction engineering, inspection, contract administration, change order contingency, environmental compliance, and other County services.

Funding for the proposed project is available in the Flood Control District Fund (B07–Capital Assets-Infrastructure) Fiscal Year 2025-26 Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The proposed project will be advertised in accordance with Section 20991 of the California Public Contract Code.

The contract award will comply with applicable Federal and State requirements and Board policies and mandates. The contract documents will require the contractor to comply with these same requirements, policies, and mandates. The construction contract will be in the form previously reviewed and approved as to form by County Counsel.

As required by Board Policy No. 5.140, information, such as defaulted contracts with the County, complaints filed with the Contractors State License Board, labor violations, and debarment actions will be considered before a contract is awarded.

Documents related to the award of this proposed contract will be available at Los Angeles County Public Works, Project Management Division III, 900 South Fremont Avenue, 8th Floor, Alhambra, CA 91803.

Effective June 7, 2023, Countywide Community Workforce Agreement applies to projects with an estimated construction contract value of \$5,000,000 or greater. Provisions of the Countywide Community Workforce Agreement will not be applied to this contract as the estimated construction contract value is below the threshold.

ENVIRONMENTAL DOCUMENTATION

The proposed project is exempt from CEQA. The project, to repair a concrete trapezoidal channel invert, replace existing damaged wall panels, and repair a splitter wall, is within a class of projects that have been determined not to have a significant effect on the environment and which meets the criteria set forth in Sections 15301 (b), (d), and (f) and 15302 (c) of the CEQA Guidelines; and Class 1 (e) and (i), Class 2 (b) and (e), and Class 3 (c) of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G, which apply to minor alteration of existing facilities with negligible or no expansion of use, replacement of features whether the structure replaced will have the same purpose and capacity and construction and placement of new facilities or structures. In addition, based on the proposed project records, it will comply with all applicable regulations, and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to Government Code, Section 65962.5, or indications that it may cause a substantial adverse change in the significance of a historical resource that would make the exemption inapplicable.

CONTRACTING PROCESS

In accordance with the Board's consolidated Local and Targeted Worker Hire Policy, the contract documents will include a best efforts goal that at least 30 percent of the total California craft worker hours for construction of the project be performed by Local Residents. The "Targeted Worker" component will not be included as part of the project.

To increase contractor awareness of Public Works' program to contract work out to the private sector, this project will be listed on both the County's "Doing Business with Los Angeles County" and "Do Business with Public Works" websites for open bids:

<https://lacounty.gov/business/doing-business-with-la-county/>

<http://pw.lacounty.gov/general/contracts/opportunities>

Additionally, contract solicitation will be advertised through web-based and social media platforms.

In order to increase opportunities for small businesses, Public Works will be offering preference to Local Small Business Enterprises in compliance with Los Angeles County Code, Chapter 2.204.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

When the project is completed, it will have a positive impact by providing continued flood protection to the surrounding community.

CONCLUSION

Please return one adopted copy of this Board letter to Public Works, Project Management Division III.

Respectfully submitted,

MARK PESTRELLA, PE

Director
