Agenda #	Relate To	Position	Name	Comments
7-B.		Favor	Alemnesh Tasfayee	Jobs America great
			Ann Dorsey	
		Oppose	Alexandra Otterstrom	I ask that you please oppose this!
			Alfred V Pace	This is a rainstorm. Silliness. Really.
			Anne Jaude	
			ARLENE VINNICK	reject Item 7A by Supervisor Horvath and Item 7B by Supervisor Barger. An emergency declaration should only be based on actual emergency occurrences and not normal winter weather!
			Bob Khalsa	These rains were seasonal and there is no need to declare an emergency, and by default, extend the existing emergency provisions in place. Please do not extend the emergency. Thank you.
			Carolyn H Evans	An emergency is just that an emergency stop hurting us.
			Corey Nelson	Please oppose this emergency declaration. The past rain was no where near an emergency and you must consider all affected by these declarations. Small scale, responsible landlords that live on the property are negatively affected by these restrictions. Limits to rent increases don't allow us to keep up with inflationary costs. If anything, tax abatements should be made available for those who made improvements over the past 2-3 years to help improve water management on their properties as positive reinforcement. Rent have been held low for an unnecessarily long period of time and these restrictions will continue to force landlords to sell properties with reasonable housing to developers to create more luxury homes that are exempt. Do NOT support this declaration, especially since this was NOT an emergency.
			Deborah Lutz	You MUST stop. Nobody is taking you serious. You attempt to proclaim a local emergency every time the wind changes direction. The madness must stop. If you are worried about tenants then provide direct rental assistance. Stop destabilizing the housing market.
			Edward Denton	Unreasonable, and dirty tactic towards rental properties owners.Y1
			Gilian Neiditch	I'm sorry, why is our annual winter rain considered an emergency? Are you aware that we live in the desert and this is how we get rain EVERY YEAR? How long have any of you lived in Los Angeles for? This happens EVERY YEAR!
			Peter J Tolan	Emergency in perpetuity is not acceptable.
