Acting Chief Executive Officer

ENHANCING PARKING ENFORCEMENT SERVICES – QUARTERLY REPORT (ITEM NO. 85-C, AGENDA OF APRIL 9, 2024, AND ITEM NO. 10, AGENDA OF JULY 9, 2024)

On April 9, 2024, the Board of Supervisors (Board) directed the Chief Executive Officer, in coordination with the Department of Public Works (DPW) and the Sheriff's Department (Sheriff), to provide quarterly reports to the Board on the status of improvements and enhancements of parking enforcement services, including a number of performance metrics. On July 9, 2024, the Board further directed the Chief Executive Officer to report on additional data elements in the quarterly reports.

Updates on the Implementation of Assembly Bill (AB) 413

The Sheriff Parking Enforcement Detail (PED) and DPW have continued to conduct public outreach and implement enforcement of AB 413, which prohibits parking within 20 feet of any crosswalk, regardless of whether the curb is marked or not. On September 30, 2025, the Board adopted an ordinance amendment that established a bail amount (fine) for AB 413 violations. Starting on November 1, 2025, the fine for an AB 413 violation is \$50 plus administrative fees, for a total of \$63, which matches the existing penalty issued for red curb violations.

Prior to November 1, 2025, vehicles parked in violation of AB 413 near intersections without red curbs received warning citations by PED officers. During the last reporting period of July-September 2025, PED issued 839 warning citations (handwritten and electronic) for AB 413 violations.

Parking Enforcement Metrics Report and Informational Updates

The attached PED report (Attachment) includes metrics identified by the Board in the April 9, 2024, and July 9, 2024, Board motions. These metrics feature data collected from July 1, 2025, through September 30, 2025, including Violation Rates, Revenue Generated, Response Time, Appeals and Disputes, Customer Satisfaction, Equity and Accessibility, Safety Improvements, Efficiency of Resources, Environmental Impact, and Community Engagement.

Additional parking enforcement updates from DPW include:

- **Community Engagement**: Since the last update, DPW continues to regularly attend community meetings with PED. Since August 28, 2025, DPW has attended 14 community meetings with PED, including the Avalon Gardens community meetings, El Camino Village Neighborhood Watch meetings, East Rancho Dominguez Neighborhood Association meetings, Florence-Firestone community leader meetings, Maravilla Community Advisory Committee meetings, Rowland Heights community meetings, and North Whittier Avocado Heights community meetings.
- **Areas Mapped and Assessed for Non-Enforcement Solutions**: On October 7, 2025, the Board approved Internal Services Department (ISD) to enter into a contract for data collection to assist DPW with mapping efforts. Upon execution of this contract, ISD will be able to help DPW map and manage its street-level inventory of assets, including red curbs and signage.
- **Non-Enforcement Solutions Initiated and Completed and Outcomes**: Since the last quarterly report was submitted, DPW has completed an additional 112 requests in unincorporated communities related to parking regulations such as blue curb requests, red curb requests, street sweeping, parking restrictions, and other signage or parking issues. Included in these counts are 17 requests initiated directly by the Sheriff PED.

Staffing Level Impacts to Citation Rates

As of September 2025, 16 Parking Control Officers (PCO) had vacated their positions over the preceding months due to promotions, retirements, and resignations, which had an impact on parking citation rates in the last quarter. The parking citation rates for July-September 2025 were lower compared to the same quarter a year ago for the Industry, East Los Angeles, San Dimas, Palmdale, and Temple Stations due to the impact of these vacancies. The citation rates in Altadena and Crescenta Valley were impacted by vacancies, as well as ongoing impacts due to the Eaton Fire. The Sheriff has been actively working to fill vacant PCO positions, however, the background clearance process can take six to 12 months and the PCO training program lasts four to six months. In the meantime, as of September 2025, PED has implemented 24/7 enforcement scheduling in all districts as proposed in its 2024 parking enforcement business plan.

New Request for Proposals for Parking Citation Processing

The Sheriff PED has prepared a Request for Proposals (RFP) to identify a contractor to provide parking citation processing services for the County of Los Angeles (County). The RFP would solicit proposals for managing and supporting the end-to-end citation process for at least 275,000 parking citations per year, including providing mobile enforcement equipment, such as handheld electronic ticket-writing devices, mobile printers, and automated license plate readers; managing and processing all parking citations including hand-written citations and those issued through handheld electronic devices; recording the data from each parking citation; sending notices to vehicle owners; providing various methods for citation payment (i.e., in-person, telephonic and on-line); processing revenue collections; providing a "Help Desk" with staff available to respond to inquiries and/or complaints and maintain a complete service-call tracking system to receive and track inquiries and/or complaints; and establish and maintain an administrative adjudication hearings system. The RFP is expected to be released in December 2025.

Reporting of Parking Issues Through the Works App

Constituents can now connect directly to the Sheriff Parking Enforcement website to report parking issues through DPW's The Works app. Since the last quarterly report, the Sheriff Parking Enforcement website has been linked to The Works app and can be found in the "Roads and Bike Paths" services section, or by searching for "parking enforcement" in the search tool.

Parking Meter Update

DPW has completed the removal of all parking meters that the County had been maintaining in order to explore more cost-effective alternatives.

Should you have any questions concerning these matters, please contact me or Carrie D. Miller at (213) 262-7823 or cmiller@ceo.lacounty.gov.

AB 413 Daylighting Law

July - September 2025

22500(n)(1)(A)CVC - The California law prohibits stopping / standing / parking within 20 feet of the vehicle approach side of any marked or unmarked crosswalk or within 15 feet of any crosswalk where a curb extension is present. This practice increases visibility of pedestrians or cyclists for drivers, reducing the risk of pedestrian-involved crashes, also known as “Daylighting”.

STATS FOR FAILURE TO OBEY MARK (PARKING IN THE RED)				
VIOLATION CODE (15.20.703)				
ISSUE MONTH-YEAR	TICKET COUNT	ISSUE MONTH-YEAR	TICKET COUNT	VARIANCE
July 2024	1,331	July 2025	1,899	568
August 2024	1,204	August 2025	1,585	381
September 2024	1,416	September 2025	2,464	1,048
TOTAL	3,951	TOTAL	5,948	1,997
