Dear Supervisors:

**MUNICIPAL SERVICES CORE SERVICE AREA
COUNTY LANDSCAPE MAINTENANCE DISTRICTS
LANDSCAPING AND LIGHTING ACT DISTRICTS 1, 2, AND 4
INITIATE ANNUAL ASSESSMENT PROCEDURE – FISCAL YEAR 2026-27
(SUPERVISORIAL DISTRICTS 1, 3, AND 5)
(3-VOTES)**

SUBJECT

Public Works is seeking Board approval to adopt a Resolution Initiating Proceedings to levy the annual assessments for landscape maintenance purposes in Landscaping and Lighting Act Districts 1, 2, and 4, and zones therein, pursuant to the California Streets and Highways Code.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the proposed project is exempt from the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Designate the Director of Public Works or his designee as the County Engineer for purposes of implementing this procedure.
3. Adopt the Resolution instructing the Director of Public Works or his designee to prepare and file the Engineer's Report for the annual levy of assessments for Fiscal Year 2026-27, pursuant to the Landscaping and Lighting Act of 1972, Section 22500, et seq., of the California Streets and Highways Code.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to find that the project is exempt from the California Environmental Quality Act (CEQA) and adopt the enclosed Resolution Initiating Proceedings directing the Director of Public Works or his designee to prepare the annual Engineer's Report for the levying of annual assessments for landscape maintenance purposes for all zones within the Landscaping and Lighting Act (LLA) of 1972 Districts 1, 2, and 4.

On July 12, 1979; August 10, 1995; and July 22, 1997, the Board of Supervisors approved the formation of LLA Districts 1, 2, and 4, respectively, pursuant to Section 22500, et seq., of the California Streets and Highways Code, to collect assessments to pay for the maintenance costs of landscaping that will benefit the subject properties.

The proposed project initiates the annual process for levying assessments and does not establish any assessment rates. In accordance with Proposition 13, assessments cannot be based on property values. Each LLA District and zone therein is obligated to establish a benefit formula by which assessments are set according to the benefit received from the service or improvement as set forth in the Engineer's Report.

As the governing body, the Board is responsible for approving the levying of annual assessments for landscaping purposes. Board adoption of the Resolution Initiating Proceedings initiates the annual assessment process for the renewal of existing annual assessments and the establishment of new assessments for Fiscal Year (FY) 2026-27.

Once the Engineer's Report is complete, Public Works will return to the Board for approval of a Resolution of Intention, in accordance with Section 22624 of the California Streets and Highways Code, to set the public hearing date to establish the assessments for FY 2026-27 in accordance with the LLA.

Implementation of Strategic Plan Goals

These recommendations support the County Strategic Plan: North Star 2, Foster Vibrant and Resilient Communities, Focus Area Goal A, Public Health, Strategy i, Population Based Health, by ensuring the continuation of services to maintain the landscaped areas and appurtenant improvements that benefit those who live in the LLA Districts and zones.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

All services administered by Public Works and provided in the LLA Districts and zones therein are funded by the assessments established by the Board. The forecasted assessments, based on the existing rates, will generate approximately \$7.3 million in total revenue in LLA Districts 1, 2, and 4, and zones therein, for FY 2026-27.

Funding for the preparation of the annual Engineer's Report is included in the FY 2025 26 LLA District fund budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The LLA sets forth procedures that must be followed for any fiscal year during which assessments

levied in a prior fiscal year for landscape maintenance purposes are to be continued. Section 22622 of the California Streets and Highways Code requires the Board to adopt an initial resolution (Resolution Initiating Proceedings) that generally describes proposed improvements and substantial changes in existing improvements, and to order the County Engineer to prepare and file an Engineer's Report in accordance with Sections 22565 and 22622 of the California Streets and Highways Code.

Public Works will return to the Board with a recommendation to file and approve the Engineer's Report and to approve a Resolution of Intention, in accordance with Section 22624 of the California Streets and Highways Code. The Board's approval of the Engineer's Report and Resolution of Intention will set the public hearing date to establish the assessments for FY 2026-27. Any new or increased assessments must also comply with Proposition 218, set forth in Article XIII D of the California Constitution and Section 53753 of the California Government Code, which requires notices and ballots to be mailed to the affected property owners regarding any proposed new assessment or assessment increase greater than allotted for in the zone-specific Engineer's Report, and a public hearing to receive ballots in support of or against the proposed new or increased assessment for tabulation.

The Resolution Initiating Proceedings has been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The proposed project is categorically exempt from the CEQA. The project, which includes initiation of proceedings for the levying of annual assessments for landscape maintenance purposes, is within certain classes of projects that have been determined not to have a significant effect on the environment in that it meets the criteria set forth in Section 15301, subsection (h), and Section 15306 of the CEQA guidelines and Classes 1, subsections (x)(27), and 6 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G. The project provides for information collection for the LLA Districts and zones, as well as maintenance of existing landscaping, and will not involve any information collection for the LLA Districts and zones, as well as maintenance of existing landscaping, and will not involve any expansion of an existing use or the removal of healthy, mature, or scenic trees. In addition, based on the proposed project records, it will comply with all applicable regulations; it is not in a sensitive environment; and there are no cumulative impacts, unusual circumstances, damage to scenic highways, listing on hazardous waste site lists compiled pursuant to California Government Code, Section 65962.5, or indications that it may cause a substantial adverse change in the significance of a historical resource that would make the exemptions inapplicable.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no negative impact on current County services or programs as a result of approving these actions.

CONCLUSION

Please return one adopted copy of this Board letter and signed Resolution to Public Works, Land Development Division. Also, please forward one adopted copy of the Board letter and signed Resolution to the Assessor (Ownership Services Section) and to the Auditor-Controller (Tax Division).
