			antonio dominguez	<p>compassionate and cost-effective than responding after families lose their homes.</p> <p>SCRIPT FOR IN-PERSON, CALL-IN OR WRITTEN COMMENTS Hello, my name is [antonio], and I am a [resident of LA County/member of IRLA/community advocate] from [City or District]. I'm here today to ask the County to take action to keep immigrant families housed. I'm here because many families in my community are struggling to keep a roof over their heads right now. I appreciate that the Board is paying attention to what renters are going through and taking steps to respond to this crisis. But what's being proposed right now isn't enough for the reality families are facing. People are falling behind on rent because work has become unstable and fear is keeping people home. No one should lose their housing over debt they just can't catch up on during an emergency. Raising the eviction threshold helps, but it needs to go further. During this emergency, the limit should be \$25,000 and it should apply everywhere in Los Angeles County. These changes would help families stay housed and prevent homelessness before it happens. I'm asking you to do more and make sure these protections reach every community. Thank you for your time. For written comment, add greeting and sign off: Dear Board of Supervisors Sincerely, [Your Name], [Your Contact Information], [Your Organization, if applicable]</p>
