Public Comment		Favor	antonio dominguez	Estimados miembros de la Junta de Supervisores: Mi nombre es [antonio] y soy [residente del Condado de Los Angeles/miembro de IRLA/defensor de la comunidad] de [Ciudad o Distrito]. Estoy aquí porque muchas familias en mi comunidad están luchando para mantenerse en sus hogares en este momento. Agradezco que la Junta esté poniendo atención a lo que están viviendo las familias y que esté tomando pasos para proteger a los inquilinos durante esta crisis. Pero lo que se está proponiendo ahora no es suficiente para la realidad que enfrentan muchas personas. Mucha gente se ha atrasado en la renta porque el trabajo se ha vuelto inestable y el miedo ha hecho que muchas personas no puedan salir a trabajar. Nadie debería perder su hogar por una deuda que no puede pagar durante una emergencia.
			Caitlin VanArsdale	I urge the supervisors to add an amendment to apply the motion to all of LA County, not just unincorporated Los Angeles. I also urge them to increase the rent threshold to 3 months fair market rent instead of only 2.
			Carlos Castillo	
			Damian Gonzalez	I Urge the supervisors to INTRODUCE AN AMENDMENT to apply the motion to all of LA County (not just unincorporated Los Angeles), and to increase the rent threshold to 3 months fair market rent (not 2).
			Hazel Henriquez	I Urge the supervisors to INTRODUCE AN AMENDMENT to apply the motion to all of LA County (not just unincorporated Los Angeles), and to increase the rent threshold to 3 months fair market rent (not 2).
			Perry Goldberg	My attached letter urges the County to re-evaluate the SEA policy in light of the housing emergency.
			Susan Eppard	I support banning all forms of Kratom. My 22 year old son Matthew Eller died from whole leaf Kratom Powder (the least potent form of Kratom available in the United States). Kratom caused him to have a seizure, go into cardiac arrest and die. His toxicology showed he died from the "TOXIC effects of Mitragynine" an alkaloid found only in Kratom. He had no prescription drugs, no street drugs nor alcohol in his system when he died, and his autopsy showed he had no underlying health conditions. It's important to note my son didn't die from 7-OH/7-hydroxymitragynine. My son died in 2021, and 7oh didn't hit the market until 2023.

ICE is occupying communities across ALL of 88 cities in LA County where you declared a state of emergency. Any protections must consider the entire county.</p> <p>A recent survey shows impacted tenants are already an average of 4 months behind on rent, with some carrying as much as \$13,000 in rent debt. In addition, not representing me to my best interests. As I exhausted all means requesting written accountability directly from them.

In good faith I completed my part in providing documentation for a Certificate of Rehabilitation/Pardon.

As I properly notified
The Los Angeles County Board of Supervisor Hollie J. Mitchell's Office.

In claims of complaints and legal requests. That have not been contested and repeatedly denied by The Los Angeles Public Defender's Office.

I assert The Public Defender's Office has purposely delayed and obstructed. The process for the petition to continue under California State Law.

In denying me due process in The Public Defender's Office. Through their actions do not want. The petition of a Certificate of Rehabilitation/ Pardon to be successful.

To deprive me full State and Federal rights as a resident of California. I intend to address this. To the proper OCR State and Federal agencies for an official review.

I assert that The Public Defender's Office are acting as rouge

Using their institutional legal knowledge and expertise.

To not account for their mistakes in not wanting. A official Human Resource Department compliant filed against individuals in their office.

I assert that Sonia Lopez's actions created a bias in The Public Defender's Office. In them denying the process of the petition of Certificate of Rehabilitation/ Pardon.

Refer to sections (VII) & (VIII).

In her email sent on Jan 6, 2025 accusations towards me. Using her political position of privileged power. In retaliation several hours after I emailed her addressing her lack of concern of my claims as a constituent.

Forwarding the email to The Public Defender's Office. Which created harm in portraying me in a negative manner to them.

(II) On May 13, 2025 I submitted a letter Referenced Additional Letters of Character. That mentioned _____ and spouse, _____, Mr. _____.

Refer to email sent by
Haydah Takasugi on
December 12, 2025

The purpose in submitting a petition of The Certificate of Rehabilitation/Pardon. Is to restore all my State and Federal rights as a resident of California.

I stated to the paralegal Valera Baker in several communications with her. After submitting a second expanded letter of character from _____.

I explained my intent was not to create an adversarial environment with The Public Defender's Office or The District Attorney.

I claim that Valera Baker asked me if I was a _____ Veteran to use in court. My response was that was not relevant.

I explained to her that my past two honorable military service was used against me in court by The District Attorney.

Requesting to submit additional relevant documents. To strengthen my petition in a Certificate of Rehabilitation/ Pardon. That request was denied directly by The Public Defender.

I claim after Valera Baker asked me in reference to _____ letter. If I could ask his spouse to write an additional letter. To substitute Mr. _____ letter that was rejected by The Public Defender's Office.

I responded to her that I did not want to impose towards him or his wife.

After I directly handed the letter to the paralegal Valera Baker. As she opened the letter and read it in front of me in May 2025.

I claim that Haydah Takasugi or Ria Snoek did not professionally account for that letter. In a proper chain of custody.

I claim The Public Defender's Office took out or lost the letter and refuses to take responsibility for their mistakes.

(III) On November 6, 2025 I was informed prior to court by The Public Defender. That the letters of character were not verified.

I claim The District Attorney used Political Bias Non Legal Language. In the term "_____".

The court CASE _____ reflects the record that two _____ were registered with The State of California.

In addition, The Record reflects those items on that the list The District Attorney verbally stated.

Where not on the warrant issued those items were illegally taken never returned. By Law Enforcement and used in court against me by The District Attorney.

I claim the intent by The District Attorney was to purposely bias the judge.

The public defender on November 6, 2025 during court. Did not contest that Political Bias Non Legal Language.

In addition, he knew that there was no investigation to verify the authenticity of the letters of character.

I claim that the language used by The District Attorney created an immediate bias in judge in her physical facial reaction.

As she immediately denied my request to submit documents strengthening the petition of Certificate of Rehabilitation/Pardon.

I went to The Public Defender's office and spoke to Sean K. McDonald. Briefly speaking with him by his reaction to my questions. I believed he knew no investigation was conducted to contact _____ and _____.

I stated to him my objection that the exact same in tone and words. By The District Attorney was used ten years prior in court.

I stated to The Public Defender that if I confirmed to Valera Baker. I was _____ Veteran and the Political Bias None Legal Language. In the term "_____ " would be on the permanent transcript record.

In that transcript would be presented to The Governor in creating a potential bias towards my petition.

(IV) On Nov 6 2025 6:21 PM
I emailed Haydah Takasugi and requested of a new investigator be appointed. To contact me prior and coordinate.

With the authors of the letters of characters. To inform them to expect a call. In avoiding any future problems of communication.

ICE is occupying communities across ALL of 88 cities in LA County where you declared a state of emergency. Any protections must consider the entire county. Three months of protection is only the beginning of what we need to keep Angelenos housed. ICE has occupied LA for nearly 250 days — 8 months — with no end in sight. They have abducted thousands of Angelenos, ripping them from their families and communities. Rental relief must be paired with strong eviction protections in order to keep tenants housed. The rent relief program is grossly inadequate to meet this crisis. Only landlords can apply, while prominent landlord attorneys openly advise them not to accept any form of government subsidy so they can retain their right to evict tenants.</p>

Subject: Prioritizing Housing Delivery: Addressing the Impact of Significant Ecological Area (SEA) Designations in the Antelope Valley

Dear Members of the Board:

I am writing to address the critical conflict between the County's declared housing emergency and the current scope of Significant Ecological Area (SEA) designations in the Antelope Valley. While environmental stewardship is a shared value, the existing SEA framework has become a primary obstacle to housing production, effectively stalling development in the very regions best suited to alleviate our housing crisis.

The Housing Crisis vs. De Facto Down-Zoning

The Antelope Valley represents one of the few remaining areas in Los Angeles County capable of accommodating residential growth at scale. However, sweeping SEA overlays now function as de facto down-zonings. By imposing prohibitive restrictions on land otherwise zoned for residential or mixed-use development, these designations have materially constrained the delivery of new homes, exacerbating scarcity and driving up costs for all residents.

Infrastructure Inefficiency and Fairness

The current scale of these designations—covering a massive percentage of unincorporated land—places an inequitable burden on a limited group of property owners to provide regional ecological benefits at the expense of local housing needs.

Of particular concern is the inclusion of parcels with direct access to paved public roads. These sites are uniquely positioned for cost-effective housing delivery because they:

- Leverage existing public infrastructure.
- Minimize new environmental disturbance.
- Support the County's goals for rapid housing deployment.

Including infrastructure-ready parcels within SEA boundaries is a direct contradiction of the County's stated housing objectives and represents a missed opportunity for sensible growth.

Proposed Reforms to Support Housing Production

To ensure that environmental policies do not continue to undermine our urgent need for shelter, I respectfully urge the Board to implement the following reforms:

- Prioritize Housing-Ready Land: Exclude parcels with existing direct access to paved public roads from SEA designations to facilitate immediate and efficient housing development.
- Establish a Proportional Cap: Limit SEA designations in the Antelope Valley to no more than five percent (5%) of unincorporated land, focusing strictly on site-specific critical resources rather than broad landscape overlays that block residential growth.
- Emergency Suspension: At a minimum, substantially downsize or suspend SEA restrictions for the duration of the County's declared housing emergency to remove regulatory barriers to home construction.

Thank you for your leadership and consideration of these vital changes.

Respectfully,
Perry Goldberg (District 5)
