JANICE HAHN  
KATHRYN BARGER

**Correspondence Received**

Agenda #	Relate To	Position	Name	Comments
The following individuals submitted comments on agenda item:				
45.		<b>Favor</b>	Antonio Mora	<p>Unincorporated communities throughout Los Angeles County have faced ongoing challenges related to non-conforming and oversized vehicle parking in residential areas. Residents have raised these concerns with County leadership for more than a decade, seeking basic signage and enforcement measures to protect neighborhood safety and quality of life.</p> <p>The County should immediately implement "NO PARKING — VEHICLES OVER 6 FT HIGH" signage in all unincorporated communities and establish clear restrictions on the parking of diesel truck cabs and loaded cargo vehicles near residential properties. These vehicles are not compatible with residential land use and create avoidable impacts on surrounding neighborhoods.</p> <p>To address these issues responsibly, the County should ensure that truck drivers have access to safe, legal, and affordable parking and service facilities in appropriate non-residential areas. Prompt action is necessary to fulfill the County's obligation to residents and taxpayers. This correspondence is submitted on behalf of multiple neighborhood residents who share these concerns but are unable to submit comments electronically. -East Rancho Dominguez resident/neighbor.</p>
			Carlos A Barrios Ruiz	Rancho Dominguez has been filled with takeovers and homeless rv's illegally living within the streets. A bit of help is vital for cleaning and fixing the major issues that is inherent.
			Daria Brooks	LA County's long neglected unincorporated areas have begged our Supervisors for prohibitive non-conforming vehicle signage to protect our neighborhoods for over a DECADE. We hereby request 'NO PARKING VEHICLES OVER 6ft HIGH' signs be installed in ALL unincorporated communities immediately! Furthermore, signage to restrict diesel rig cabs and loaded cargo parking near homes is desperately needed; those vehicles have no business in our residential neighborhoods. Provide truck drivers with safe, affordable parking and service spots elsewhere. We the taxpayers need, demand and deserve protection NOW!
			Grace Denton	Pleas install signs that mobile homes can not park in residential areas.
			Jason Barrios Ruiz	Our district of east Gardena is the last district to have no RV parking. They are a nuisance/health disease issue due to the rodents and constant blocking of emergency vehicles and fire hydrants residential neighborhoods.

45.		Favor	Michelle Gassoway	We have asked our Supervisors for prohibitive non conforming vehicles signage to protect our neighborhoods for a long time, which LA County has neglected unincorporated areas.we hereby request No Parking Vehicles Over 6ft High sign be posted in All unincorporated communities immediately. There should be no diesel rigs, loaded cargo vehicles parking near homes and in our neighborhoods. There should be safe and affordable parking provided to truck drivers elsewhere. We're tax payers we demand and deserve protection in our neighborhoods now!
