40.		<b>Favor</b>	Daria Brooks	The Rosecrans corridor from Central Av to Normandie is a frustrating DISASTER of large, dangerous potholes, homeless lean-to tents on Southern Pacific easements and traffic lights that stop cars every 1/4th of a mile or worse. While the San Fernando Valley has long had the SYNC system to ease traffic flow and lessen the waste of gasoline, those who travel East/West in the MidCities/South Bay Area are forced to endure endless waits at signals—often with NO CROSS TRAFFIC—at multiple intervals every few feet. (And Heaven help you if the train is on the tracks)! We need help but with an eye to environmental safety. FIX THIS MESS, PLEASE!
