Agenda #	Relate To	Position	Name	Comments
1.		<b>Oppose</b>	Anita Diaz	Many of us oppose the proposal of the sale of defaulted properties. We are trying to make ends meet in this challenging economy. We ask for additional time and patience to resolve our property tax bills and appreciate the updates received by mail from the Office of Defaulted Properties and understand the property tax debts will eventually be paid. If our properties are taken from us citizens, we will be out on the street without a home. As such, we do not want to contribute to the homeless population further. Also, take in account the public expense to arrange for public assistance to accommodate displaced families and how the mental and emotional toll this affects everyone involved with this displacement. Since renters have protections from the government, so should property owners have similar protections as well who are having difficulty paying their property tax bill. We wish to continue living in our homes as citizens of Los Angeles County. It is our hope the Board of Supervisors will have empathy for us and vote No on the sale of defaulted properties. This will help us to allow more time, which we desperately need to pay our property taxes. As a suggestion, the Office of Defaulted Properties could do more outreach to the community to assist and encourage homeowners with incentives and or special programs to keep citizens living in their homes instead of coldly disposing of their properties and expanding the homeless situation. Please help with this. Thank you for your attention.

Vote NO on the motion to further extend countywide emergency price restrictions, Agenda Item 2. Any further extension is a clear abuse of power by the Board of Supervisors and causes severe harm to tens of thousands of rental housing providers throughout LA County. The facts in from DCBA and they show that NO FURTHER EXTENSION is warranted.

Vote NO, Agenda Item 2
