Dear Supervisors:

**TRANSPORTATION CORE SERVICE AREA
COUNTY LIGHTING DISTRICTS
LEVYING OF ANNUAL ASSESSMENTS - FISCAL YEAR 2026-27
(ALL SUPERVISORIAL DISTRICTS)
(3-VOTES)**

SUBJECT

Public Works is seeking Board approval to continue the street lighting assessment rates in County Lighting District Landscaping and Lighting Act-1 for all 14 zones, which include the unincorporated communities and 13 cities (Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Cañada-Flintridge, La Mirada, Lawndale, Lomita, Paramount, Malibu, Rolling Hills Estates, and Walnut) for Fiscal Year 2026-27 at the same rates as Fiscal Year 2025-26.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the proposed project is statutorily exempt from the California Environmental Quality Act for the reasons stated in this Board letter and in the record of the project.
2. Approve and file the Engineer's Report for the proposed annual levying of assessments in County Lighting District Landscaping and Lighting Act-1 for street lighting purposes for Fiscal Year 2026-27.
3. Adopt the Resolution of Intention to order the levying of assessments for County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2026-27.
4. Set a public hearing for April 28, 2026, on the proposed continuation of the Fiscal Year 2025-26 levy of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2026-27 in all zones identified in the Fiscal Year 2026-27 Engineer's Report.

5. Instruct the Executive Officer of the Board to give notice of the public hearing by causing the resolution of intention to be published once in both English and Spanish language newspapers at least 10 days prior to the scheduled public hearing date of April 28, 2026, pursuant to Section 22626(a) of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT THE BOARD:

1. Authorize changes, if needed, to any of the matters provided in the Engineer's Report, including changes to the improvements, any zones within County Lighting District Landscaping and Lighting Act-1, the diagram showing the district boundaries, and the proposed assessment as described in the Engineer's Report.

2. Determine and levy assessments in any amount not to exceed the recommended amounts listed in the Engineer's Report for each assessment zone.

3. Adopt a Resolution Confirming the Diagram and Assessment and Ordering of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2026-27, either as originally proposed or as changed by the Board. The adoption of the resolution shall constitute the levy of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2026-27.

4. Find that the property tax and assessment revenues collected from benefited properties will meet operating expenses and financial reserve needs and requirements; purchase supplies, equipment, or materials; and provide funds for capital improvement projects, including the construction of additional streetlights and the repair and replacement of obsolete equipment with new, modern equipment necessary for the proper operation of lighting facilities in accordance with the provisions of the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972, in the amounts shown for each maintenance district and assessment zone listed in Appendix E of the Fiscal Year 2026-27 Engineer's Report.

5. Determine that it is just and equitable and in the public's interest that the additional costs for the installation and maintenance of additional lights be charged to the existing districts as a whole in Fiscal Year 2026-27, pursuant to Section 5843.5 of the California Streets and Highways Code.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to renew the annual levy of street lighting assessments in the unincorporated County communities and 13 cities served by the County Lighting Maintenance Districts (CLMDs) for Fiscal Year (FY) 2026-27. This action will provide the supplemental funding necessary to ensure the uninterrupted operation and maintenance of existing street lighting services for the motoring public, providing convenience, safety, and security for people and property. These actions will benefit all users of the roadways within the assessment district and improve the quality of life for Los Angeles County residents. The street lighting assessment rates in County Lighting District Landscaping and Lighting Act-1 (CLD LA 1) for FY 2026-27 will remain the same as the rates for FY 2025-26.

Approval of the recommended actions will find that the project is exempt from the California Environmental Quality Act (CEQA) and establish the FY 2026-27 street lighting assessment rates in CLD LLA-1 for all zones established for the unincorporated communities and 13 cities shown in

Appendix F of the Engineer's Report (Enclosure A) where the County administers streetlights. Since the existing street lighting assessments expire annually, the Board of Supervisors must renew the annual street lighting assessments to provide supplemental funding for the operation and maintenance of streetlights within CLD LLA-1.

Implementation of Strategic Plan Goals

These recommendations support the County Strategic Plan: North Star 2, Foster Vibrant and Resilient Communities, Focus Area Goal C, Public Safety, Strategy i, Prevention, Protection & Security; and North Star 3, Realize Tomorrow's Government Today, Focus Area Goal F, Flexible and Efficient Infrastructure, Strategy ii, Modernize Infrastructure, by managing public infrastructure assets that support the quality of life of Los Angeles County residents.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The annual street lighting assessments for all zones identified in the FY 2025-26 Engineer's Report will expire on June 30, 2026, unless the Board approves the annual street lighting assessments for FY 2026-27 for the operation and maintenance of the streetlights. Financing for the installation, operation, and maintenance of streetlights in FY 2026-27 will be derived from the assessment revenue collected from benefited property owners within CLD LLA-1 and by a portion of the property taxes allocated to CLMDs for street lighting purposes.

Funding for this work is included in the various CLMDs Funds (Service and Supplies) FY 2026-27 Budget.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On March 17, 2026, the Board adopted a resolution ordering the Director of Public Works or his designee to prepare and file an Engineer's Report for FY 2026-27 for the levying of annual assessments in CLD LLA-1, pursuant to the provisions of the Landscaping and Lighting Act of 1972 and Article XIII D of the California Constitution.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in the existing CLMDs listed in Appendix A of the Engineer's Report. Each year, the Board takes action to renew the annual street lighting assessments to ensure that streetlights in the various CLMDs remain fully operational.

The Landscaping and Lighting Act and the California Constitution (Article XIID) set forth procedures that must be followed for any fiscal year during which an assessment is to be levied. The Landscaping and Lighting Act requires the legislative body to approve and file an annual Engineer's Report and to adopt a resolution of intention declaring the Board's intent to levy and collect assessments in CLD LLA-1 for the upcoming fiscal year, which is FY 2026-27. During the course, or upon conclusion of, the public hearing, the Board may order changes to any matters provided in the Engineer's Report, including changes to the improvements, the boundaries of any zones within the assessment district, and the proposed diagram or proposed assessment. The Board may also close the hearing to testimony and delay the determination regarding the assessments until a later date or continue the public hearing to receive further testimony and make the determination regarding the assessments at the close of the public hearing continuance. However, according to Section 22629

of the California Streets and Highways Code, the hearing may not be continued beyond August 10, 2026, without prior consent of the Auditor-Controller.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against properties benefiting from the improvements within CLD LLA-1 by any formula or method that fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits each is to receive. A method of distributing street lighting costs based on land use was approved by the Board on May 22, 1979, and amended on July 22, 1997, to include government-owned or -leased parcels. The report showing the approved method and the assessment units to be assessed on the various types of lots or parcels is on file in the Executive Office of the Board of Supervisors and is made a part hereof by reference. This same method is used to compute the FY 2026-27 assessments.

California Streets and Highways Code Section 22623, provides that the Board may approve the Engineer's Report as filed or modify the Engineer's Report and approve it as modified.

The enclosed Resolution of Intention (Enclosure B) and Resolution Confirming the Diagram (Enclosure C) have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The proposed project is statutorily exempt from CEQA. Adoption of the proposed resolutions to determine and levy the annual street lighting assessments for FY 2026-27 is for the purpose of meeting operating expenses and, therefore, is exempt from CEQA pursuant to Section 15273(a) of the California CEQA Guidelines and Section 21080(b)(8) of the California Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The levying of the annual assessments is required to fund the operation and maintenance of street lighting facilities.

CONCLUSION

Please return one adopted copy of this Board letter and a copy of the signed resolutions to Public Works, Traffic Safety and Mobility Division. Also, please forward one adopted copy of this Board letter and resolutions to the Assessor, Ownership Services Section, and one to the Auditor-Controller, Tax Division.

Respectfully submitted,

INTRODUCTION

On March 17, 2026, the Board of Supervisors of the County of Los Angeles designated the Director of Public Works or his designee as the Engineer and adopted a resolution ordering the preparation and filing of an Engineer's Report for Fiscal Year 2026-27, in accordance with Section 22566 of the California Streets and Highways Code and Section 4(b) of Article XIII D of the California Constitution (Proposition 218), for the levying of annual assessments in all zones within the County Lighting District Landscaping and Lighting Act-1 (CLD LLA-1), an assessment district, for street lighting purposes.

The annual levying of assessments is necessary to provide supplemental funding for the continued operation of the existing County Lighting Maintenance and Assessment Districts (County Lighting Districts). This Engineer's Report (Report) is prepared in response to the above directive to address all zones within the CLD LLA-1.

COUNTY LIGHTING MAINTENANCE AND ASSESSMENT DISTRICTS

The County Lighting Maintenance Districts (CLMDs) are established street lighting maintenance districts. Prior to the enactment of State Constitutional Amendment XIII-A (Proposition 13) in 1978, which placed a limit on the maximum amount of ad valorem tax increases on real property, the operation and maintenance of streetlights within the CLMDs were fully funded by ad valorem property taxes. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passing of this amendment were not sufficient to pay the cost of street lighting services within the CLMDs.

The assessment district, or CLD LLA-1, was formed on July 24, 1979, to provide supplemental funding for the existing CLMDs. It was formed to be essentially coextensive with the CLMDs listed in Appendix A. Its boundaries include unincorporated territory plus areas within the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Cañada Flintridge, La Mirada, Lawndale, Lomita, Malibu, Paramount, Rolling Hills Estates, and Walnut. The CLD LLA-1 has a separate zone for the unincorporated territory and for each city encompassing only the city territory currently within a CLMD. The designation for each city zone is the name of the city within which it lies.

County Lighting Districts' maps that show a diagram of each existing zone within the CLD LLA-1 and indicate the general nature, location, extent of improvements, the exterior boundaries of each zone, and lines and dimensions of each lot or parcel located therein, are on file with the Executive Office of the Board of Supervisors at the Kenneth Hahn Hall of Administration and are made a part of this report by reference. Maps of developments annexed to the County Lighting Districts pursuant to Section 22608.2 of the California Streets and Highways Code, subsequent to the formation of the CLD LLA-1, are on file with the Assessor at the Kenneth Hahn Hall of Administration.

STREETLIGHT ACQUISITION AND LED CONVERSION PROJECT

In December 2022, the County of Los Angeles finalized the acquisition of approximately 29,000 streetlights from Southern California Edison (SCE) within CLMD 1687, serving various unincorporated communities. This initial procurement, totaling \$23.6 million, was followed by an LED streetlight conversion project completed in 2024 at a cost of \$8.8 million. To conclude the project, safety fuses and pole tags were installed in 2025 for \$1.8 million. Public Works financed the total project through CLMD 1687 capital improvement reserves and concurrently secured \$2.7 million in LED incentives.

STREETLIGHT IMPACTS FROM JANUARY 2025 FIRES

In January 2025, the Palisades, Eaton, and Kenneth Fires caused disruptions to street lighting services within several communities served by County Lighting Maintenance Districts (CLMDs). As of September 2025, all primary streetlight restoration work has been completed and the large majority of streetlights are back in service. However, minor service disruptions persist as Southern California Edison (SCE) continues its utility undergrounding activities in the affected areas. The total cost to repair fire-damaged street lighting infrastructure for CLMD 1687 was approximately \$350,000. Furthermore, Public Works in coordination with the County Auditor-Controller and County Assessor's office granted property tax relief to affected homeowners. This action reduced the taxable base of specific parcels to zero, resulting in approximately \$93,000 reduction in property taxes and assessments for CLMD 1687 and approximately \$13,000 reduction for the Calabasas Lighting District for FY 2024-25. Estimates for reductions in revenues for FY 2025-26 are calculated to be approximately \$458,000 for CLMD 1687 and \$2,600 for the Calabasas Lighting.

STREETLIGHT POLE UPGRADE PROGRAM

The Streetlight Pole Upgrade Program is financed through the allocation of annual surplus revenues, which are dedicated to upgrading existing wood and steel streetlights with overhead wiring to standard concrete poles with underground wiring. A breakdown of revenues designated for these upgrades and capital improvement projects across unincorporated and city zones is provided in Appendix G.

With the exception of the Malibu Lighting District, all SCE-owned streetlights within the CLMD's have been converted to LED lighting via the SCE Option E Program. This program facilitated LED conversions with no initial upfront costs, rather utilizing a 20-year premium charge on monthly utility invoices for cost recovery. Following SCE's discontinuation of the Option E Program in October 2025, streetlights within the Malibu Lighting District will need to be converted to LED lighting upon burnout or through a systematic replacement schedule. These efforts will be coordinated with SCE planners, funded through designated reserves, and will remain subject to concurrence from the City of Malibu.

STEEL POLE REPLACEMENT

To address corrosion concerns associated with aging and antiquated infrastructure, Southern California Edison (SCE) is currently executing a steel streetlight pole replacement program throughout its service territory. This initiative is funded through annual allocations from the California Public Utilities Commission (CPUC), with replacements strategically prioritized by municipal jurisdiction. In November 2025, SCE successfully replaced 334 steel streetlight poles within CLMD 1687 in the community of Walnut Park.

In alignment with these efforts, CLMD 1687 will initiate a comparable program to replace approximately 6,000 County-owned and maintained steel streetlight poles. This project is estimated to cost \$180 million and is intended to be phased over several years, subject to funding availability. Furthermore, the replacement program may include the installation of additional streetlights along major commercial and industrial corridors. Project scoping and environmental reviews for these enhancements are currently underway.

NEW COSTS ASSOCIATED WITH COUNTY OWNERSHIP OF STREETLIGHTS

When the financial analysis for the Streetlight Acquisition and LED Conversion Project was completed in 2019, Public Works anticipated that the cost savings generated through streetlight ownership and LED conversion would be offset by the increased expenses associated with operating and maintaining the newly acquired assets. However, subsequent increases in streetlight tariff rates have substantially reduced the net surplus revenues originally projected for the project.

Currently, maintenance of the streetlights purchased under CLMD 1687 is performed by a contractor at an annual budgeted cost of \$1.8 million. For FY 2026–27, a hybrid maintenance model utilizing both contractor services and in-house staff is proposed. Additional costs are also expected for the construction of new streetlights, as well as the repair and replacement of obsolete equipment with modern infrastructure necessary to ensure the reliable operation of lighting facilities. Further expenditures will be required to process accident claims and to support emergency response and recovery efforts in the event of natural disasters

GENERAL RATE CASES

Every four years, Southern California Edison (SCE) and other investor-owned utilities must participate in General Rate Cases (GRC) before the California Public Utilities Commission (CPUC) to justify proposed rate adjustments. Historically, these proceedings result in an average annual tariff increase of approximately 5%. To maintain fiscal stability and ensure sufficient funding for the CLMDs, this projected increase is incorporated into the calculation of annual assessment rates, allowing the districts to absorb CPUC-approved rate escalations.

FISCAL YEAR 2025-26 IMPROVEMENTS

New subdivision and single-lot developments processed for annexation to the County Lighting Districts or constructed within the existing boundaries of the County Lighting Districts, whose streetlight operational costs were transferred from a developer's account to a lighting district account in FY 2025-26, are listed in Appendix B. No streetlight operational costs were transferred from a developer's account to a lighting district account for FY 2025-26.

Information on an additional 9 streetlights authorized for installation within the boundaries of the County Lighting Districts during FY 2025-26, in response to specific requests and in compliance with procedures set forth in the California Streets and Highways Code Section 22565 et seq. is shown in Appendix C. Maps showing the type and location of the improvements are on file with Public Works.

Annexations of territories by petition of the property owners, together with the number and sizes of streetlights approved by the Board of Supervisors during FY 2025-26, are shown in Appendix D. There were no Improvement Zones formed nor successful petition annexations to annex territory to the County Lighting Districts in FY 2025-26.

Highway Safety Lights at signalized intersections accepted for transfer of billing into a CLMD account along with their annual energy and maintenance costs are shown in Appendix E. No Highway Safety Lights were transferred to a CLMD account in FY 2025-26.

PROPERTY TAX AND ASSESSMENTS REVENUES

All benefited parcels of real property located within the County Lighting Districts are identified by the FY 2025-26 Tax Rate Area Report and Assessor Parcel Numbers listed in Appendix F. The diagram of each CLMD and CLD LLA-1 Zone, along with the lines and dimensions of each lot or parcel of land located therein, are described in maps prepared in accordance with Section 327 of the California Revenue and Taxation Code, which are on file in the Office of the Assessor and are made a part of this Report by reference.

Funds collected pursuant to the California Streets and Highways Code, the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972, may be used for certain streetlight upgrades or capital improvements. Revenues designated for streetlight upgrades and/or capital improvement projects in the unincorporated and city zones are included in Appendix G. Signed into law on July 9, 2018, Senate Bill 1323 expanded the authority of County-administered CLMDs formed pursuant to the Improvement Act of 1911 and allowed them to use funds collected to perform maintenance and make improvements including streetlight acquisition pursuant to the Landscaping and Lighting Act of 1972.

Section 22573 of the California Streets and Highways Code provides for assessment of street lighting costs upon the benefited properties within the CLD LLA-1. The Section states, "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method, which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the Assessor was approved by the Board on May 22, 1979, and amended by the Board on July 22, 1997, to distribute costs among governmental-owned or -leased parcels in accordance with the provisions of Article XIII D of the California Constitution. The Assessor's report showing the approved method and the number of usage units assigned to the various land use categories on the basis of benefits received is on file with the Executive Office of the Board of Supervisors. The July 22, 1997, amendment provides for as-needed, automatic future assessment increases to governmental-owned or -leased parcels within the Calabasas, Carson, Lomita, and Paramount Zones. In future years, the amount of the base rate assessment for Calabasas and Lomita Zones may be automatically increased based on streetlight tariff rates charged by Southern California Edison as approved by the California Public Utilities Commission. For the Carson and Paramount Zones, the amount of the base rate assessment may be automatically adjusted annually for cost of living based on a factor calculated by using the Consumer Price Index for the Los Angeles Riverside-Orange County areas for all Urban Consumers.

RECOMMENDED FISCAL YEAR 2026-27 ASSESSMENTS

Appendix H lists the proposed assessment rate per unit for FY 2026-27 and the amount of estimated assessment revenue to be collected for the unincorporated and 13 city zones located within CLD LLA-1. If the proposed assessments for FY 2026-27, which are at the same rates as in FY 2025-26, are not approved by the Board of Supervisors, it will be necessary to reduce street lighting services to stay within the operating revenues from ad valorem property taxes. The estimated costs of operating CLD LLA-1 during FY 2026-27 are shown in Appendix H. The estimated costs were evaluated and determined to be reasonable and appropriate.
