Department Statement in Lieu of Live Testimony

April 28, 2026, Agenda, Item 2 Public Hearing for the County Lighting Districts Levying of Annual Assessments - Fiscal Year 2026-27

My name is Mark Pestrella, and I am the Director of Los Angeles County Public Works.

This item is requesting approval to renew the annual levy of street lighting assessments for 14 zones within County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2026-27 at the same rate as Fiscal Year 2025-26. The 14 zones include the unincorporated communities and 13 cities (Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Cañada-Flintridge, La Mirada, Lawndale, Lomita, Paramount, Malibu, Rolling Hills Estates, and Walnut).

County Lighting District Landscaping and Lighting Act-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in the existing County Lighting Maintenance Districts. The annual assessments provide necessary funding to meet the budgetary needs of the County Lighting Districts, including administration, operation and maintenance, installation of additional streetlights, and the repair and replacement of obsolete equipment with new, modern equipment necessary for the proper operation of street lighting facilities. The amount of assessment revenue to be collected in all zones in Fiscal Year 2026-27 is estimated to be \$3.08 million.

The Landscaping and Lighting Act of 1972 sets forth procedures that must be followed in order to continue annual assessments imposed in a prior fiscal year. These procedures include preparation of an Engineer's Report that outlines the proposed costs of providing lighting services and recommendations for annual assessment rates for each zone for the upcoming fiscal year beginning on July 1, 2026, and ending June 30, 2027, and the adoption of a Resolution of Intention to order the levy of assessments in Fiscal Year 2026-27 and set of a public hearing to receive public testimony. On April 14, 2026, the Board approved the annual Engineer's Report and adopted the Resolution of Intention. The street lighting assessments will be collected via the consolidated tax bill.

Pursuant to the Landscaping and Lighting Act of 1972, notice of this public hearing was given by the publishing of the Resolution of Intention one time in a newspaper of general circulation at least 10-days prior to the date of the public hearing.

County Lighting Districts
Levying of Annual Assessments - Fiscal Year 2026-27
Page 2

I am familiar with the proceedings for the levy of annual assessments for Fiscal Year 2026-27 for the 14 zones within County Lighting District Landscaping and Lighting Act-1, and I have concluded that these zones will continue to benefit from the services to be provided, and that the assessments continue to be imposed in proportion to the special benefits provided to the affected properties.

Pursuant to Proposition 218 and Government Code 53753.5, since no increase in assessments is proposed, this annual reauthorization is not subject to the notice and ballot requirements of Proposition 218.

I declare under penalty of perjury under the laws of the State of California that the forgoing is true and correct.

Executed on April 13, 2026.

A handwritten signature in black ink, appearing to read "Mark Pestrella", written in a cursive style.

MARK PESTRELLA, PE
