1-D.		Oppose	Alen Esmaelian	A development of this nature poses a serious threat to the community in case of a dangerous fire, similar to what we witnessed with Altadena. The citizens inhabiting Briggs only have one way out (no through streets) and when we had to evacuate during the Eaton fires, we were faced with traffic getting down to foothill. A multifamily development only exacerbates this bottleneck to an already congested Briggs.
			Annie Marie G Reyes	<p>Extreme Fire & Evacuation Risk: The project is located in a "Very High Fire Hazard Severity Zone" at a single-point evacuation throat for the Briggs Terrace canyon; residents fear a "deadly choke point" during wildfires.</p> <p>Inadequate Traffic Study: The developer's traffic study was criticized for being conducted during low-traffic periods (possibly spring break) and failing to account for school-related congestion.</p> <p>Parking Shortfall: While the plan offers 70 spots for 66 units, residents argue this is insufficient for families and TAY residents, leading to dangerous overflow parking on residential streets.</p> <p>Impact on Local Schools: Concerns were raised regarding the capacity of nearby schools, such as Mountain Avenue Elementary and Rosemont Middle School, to absorb an influx of new students.</p> <p>TAY Population Safety: Residents questioned the lack of 24-hour on-site supervision for the transition-aged youth and expressed worries about potential crime and substance abuse.</p> <p>Infrastructure Limitations: Concerns that local utilities—including water pressure for fire suppression and the electrical grid—are already overtaxed and unable to support high-density builds.</p> <p>Loss of Local Zoning Control: Frustration centered on state "ministerial" mandates and density bonus laws that allow developers to bypass local building standards and public hearings.</p> <p>Architectural Incompatibility: The "monstrosity" of the three- and four-story building was described as out of character with the area's craftsman style and residential scale.</p> <p>Lack of Public Transit: Despite being classified as "affordable," the area lacks robust public transportation, which residents argue will force more cars onto the road.</p>

Agenda #	Relate To	Position	Name	Comments
1-D.		Oppose	Caitlin Callaghan	I oppose my tax dollars funding a project that would put my own family in danger. Adding so many people, in such a small plot, will significantly increase the risk of accidents due to residents exiting and attempting to reach the Ocean View 210 ramps and Foothill 2 ramps. Either they will make uncontrolled left turns, against a 40 MPH boulevard visually blocked by a bus stop, or they will seek opportunities to make a U-turn on the stretch of Foothill between two of the busiest intersections in the area (Briggs and Rosemont). This plot of land is simply not safe for high density residential use, no matter what waivers or exceptions they have sought. Even one accident on this corner, during a state of emergency when we are all trying to get off the mountain, would trap us all!
			Christina Holmquist	
			Christopher Fong	
			Dian Tovar	This project, planned in a severe fire risk community, is unconscionable. The residents in the Briggs Terrace area have one way out in event of wildfire. We have been evacuated for the station fire as well as the Eaton fire. An event such as the Eaton fire would risk the lives of all trying to evacuate and we cannot afford to have 80+ cars additionally trying to flee. Foothill blvd very quickly bottlenecks whenever there is an issue on the 210 and this is not an infrequent occurrence. The massive size of this development is completely out of character for the neighborhood. There seem to be an increasing number of these developments being planned for our community and I strongly believe the infrastructure just cannot accommodate it. We have two elementary schools and one middle school which if they need evacuation during a wildfire will also be put at risk. My husband and I have worked hard to be able to afford to live in this community as it is. We are strongly opposed to these massive affordable housing units. I am also very concerned with the transitional youth aspect of this development. I believe these youth need a transition to adulthood but our community does not have a job market nor public transportation infrastructure to truly best serve them. I am tired if my tax dollars being spent on these projects while the roads I drive in in my community, that I pay high property tax dollars for, crumble. I am a life long Democrat but I am actually considering changing my voting as I feel my tax dollars are all just given to others.

Agenda #	Relate To	Position	Name	Comments
1-D.		Oppose	Diane King	<p>I am writing as a resident of La Crescenta to express my profound opposition to the proposed affordable housing project at Foothill and Briggs. While I recognize the state's housing crisis, the application of "one-size-fits-all" ministerial mandates to this specific location is a matter of life and death. This parcel sits in a Very High Fire Hazard Severity Zone and serves as the sole evacuation artery for thousands of residents in the Briggs Terrace canyon. The proposed 66-unit density will create an insurmountable choke point during a wildfire, a reality confirmed by residents who barely escaped previous fires.</p> <p>Furthermore, the project relies on State Density Bonus laws to bypass local zoning, ignoring the fact that our infrastructure, from water pressure to school capacity, is already at a breaking point. I request an immediate stay on funding and approvals until a comprehensive, independent safety and evacuation study is conducted.</p> <p>Public safety must not be sacrificed for state development mandates. Please, I urge you to protect the residents you represent by reconsidering the appropriateness of high-density builds in extreme fire-threatened canyons and deny the funding until proper safety assessments have been completed.</p> <p>Sincerely, Diane King</p>
			Elita Nazaretian	
			Emily Vincent	
			Erik Olsgaard	<p>I strongly oppose the proposed development at Briggs and Foothill, by Abode Communities. This is a choke point of the only evacuation route for the entire Briggs Terrace (hundreds of homes, thousands of people), Mountain Avenue Elementary School, and our local Sheriff's department, and is in a very high fire zone. We've had multiple disasters, including the recent Eaton fire, requiring evacuation of the entire community. It was completely gridlocked, and that was with us evacuating early before it was required. Abode Communities has never built a development in a high fire zone, so they do not understand the risks involved, but due to SB-9 passing there is nothing in place to stop their shortsighted and uninformed decision to build at this location. I fully support multifamily housing for low income families and feel it's direly needed in Los Angeles, but this is an extremely dangerous location to build one. At the last community meeting, the attendees were heavily opposed to this development with concerns about the dangers it posed to the community, and the Crescenta Valley town councilmembers voted to send a message the Board of Supervisors to indicate that they did not agree with building this development at this location. Please to not fund this project, it will put many lives at risk.</p>

Agenda #	Relate To	Position	Name	Comments
1-D.		Oppose	Haik Nazaretian	<p>This project will significantly bottleneck the ongoing traffic on Briggs Ave, a major roadway connecting Briggs Terrace to Foothill Blvd. The developer is proposing approximately 300 new residents within 66 units, which could introduce an estimated 150 additional vehicles to an already constrained corridor. Despite this increase, the project provides only 70 parking spaces, creating a substantial shortfall.</p> <p>La Crescenta is a designated fire hazard zone and has experienced multiple evacuations over the years. Introducing a major traffic bottleneck in an evacuation route poses a serious public-safety risk and could lead to preventable loss of life during an emergency.</p> <p>Additionally, the project plans to house approximately 175 youth, many of whom may have juvenile backgrounds or a history of substance use, within a quiet residential community that is already experiencing an increase in crime. This raises concerns about safety, supervision, and the adequacy of support services.</p> <p>There are more suitable nearby locations that do not present these traffic, safety, or environmental challenges.</p>
			Hayrik Allahverdian	<p>My name is Hayrik Allahverdian, and I am a resident of the Briggs Terrace community. I strongly urge the Los Angeles County Board of Supervisors to deny County funding, including LCDA NOFA financing, for the proposed 80-unit high-density housing project at 2413 Foothill Boulevard.</p> <p>This project is fundamentally incompatible with the character, scale, infrastructure, and safety limitations of our community. Briggs Terrace is a residential single-family home community located within a designated Very High Fire Hazard Severity Zone. Constructing a large five-story, high-density apartment complex in this location would significantly increase wildfire evacuation risks and place both existing residents and future occupants in danger.</p> <p>Briggs Street serves as the primary and, for many residents, the only practical evacuation route for the surrounding neighborhood, including Briggs Canyon and adjacent residential areas. The area is also in close proximity to two elementary schools and one middle school, which already generate substantial daily traffic, student drop-offs, pedestrian crossings, and congestion. During a wildfire or emergency evacuation, these conditions could create severe bottlenecks and dangerous delays for residents, students, emergency responders, and future occupants of the project.</p> <p>Traffic conditions along Foothill Boulevard and Briggs Avenue are already heavily impacted by commuter traffic and limited roadway capacity. The project proposes only approximately 70 parking spaces for 80 residential</p>

	<p>units, which is clearly inadequate for a development of this size. The inevitable overflow parking onto surrounding residential streets will worsen congestion, increase unsafe pedestrian activity, obstruct emergency access, and create additional hazards during wildfire evacuations.</p> <p>Residents are also concerned that the proposed project is intended to serve low-income households and transitional age youth housing in an area that is primarily suburban residential in character and lacks significant local employment opportunities, public transit infrastructure, and urban support services typically associated with projects of this scale and density. Placing a large high-density housing project in a geographically constrained wildfire-prone suburban community without adequate transportation and infrastructure planning raises serious concerns regarding long-term compatibility and sustainability.</p> <p>Residents are deeply concerned that this project would substantially reduce the quality of life for the existing hard-working, law-abiding residents who have invested years building and maintaining this community. Increased congestion, parking shortages, overcrowding, noise, infrastructure strain, and public safety pressures would permanently alter the character and livability of the neighborhood.</p> <p>In addition, the area's aging sewer, water, and utility infrastructure has already experienced failures and has not been demonstrated capable of supporting a project of this magnitude and density.</p> <p>Before any approvals or public funding are considered, the County must require:</p> <ul style="list-style-type: none"> - A comprehensive wildfire behavior study; - A formal evacuation and emergency access study; - A full traffic impact analysis accounting for nearby schools and evacuation conditions; - A complete sewer, water, and utility infrastructure capacity assessment. <p>Public safety, infrastructure reliability, and community compatibility must come before high-density development targets and public financing incentives. I respectfully ask the Board to deny funding for this project and require full independent safety and infrastructure review before any further action proceeds.</p> <p>Thank you for your consideration.</p>
Janet Allahverdian	<p>I strongly oppose high-density developments that threaten the character, safety, and livability of our communities. These massive projects are too often pushed forward without adequate infrastructure, traffic mitigation, parking, water resources, or meaningful public input. Packing large numbers of units into already congested neighborhoods places enormous strain on roads, schools, emergency services, and utilities while diminishing the quality of life</p>

	<p>for existing residents. High-density construction frequently benefits developers at the expense of the community, replacing established neighborhoods, green space, and local character with overcrowded buildings that are out of scale and incompatible with the surrounding area. Increased congestion, noise, pollution, and reduced privacy are real consequences that residents are expected to absorb while developers reap the financial rewards. Growth must be responsible, measured, and community-driven — not dictated by one-size-fits-all density mandates or profit-focused interests. Our neighborhoods deserve thoughtful planning that preserves open space, protects property values, respects infrastructure limits, and maintains the unique identity of our community for future generations. We should invest in balanced solutions that fit the community, not overdevelopment that permanently changes it for the worse.</p>
Jill Caballero	Jeopardizes public safety for over 3000 On Briggs alone
Josiane Stickels	
Kerri Lewin	Too dense for an evacuation route for a community. Located in a VHFSZ in all directions. Contradiction of adopted policy WSGVAP which directs density away from hazard zones. Density places an entire neighborhood at risk plus elementary schools.
Lisa Campbell	Fire safety concern
May Aboudiab	
Melissa B	Don't feel confident that the area impact has been thoroughly thought through-impact on fire evacuation routes with an influx of new residents on a street that provides the only exit for residents up Briggs, impacts on nearby schools and capacity, safety impacts with lack of transparency around providing housing for Transition Age Youth. This is not the right location for a project of this size, and certainly not without much more analysis on impacts to the surrounding community, impact on traffic with Briggs being a one lane street and the housing structure not providing enough parking spots for the number of units which likely will clog traffic in the area.
Ricardo G Reyes	<p>Extreme Fire & Evacuation Risk: The project is located in a "Very High Fire Hazard Severity Zone" at a single-point evacuation throat for the Briggs Terrace canyon; residents fear a "deadly choke point" during wildfires. Inadequate Traffic Study: The developer's traffic study was criticized for being conducted during low-traffic periods (possibly spring break) and failing to account for school-related congestion. Parking Shortfall: While the plan offers 70 spots for 66 units, residents argue this is insufficient for families and TAY residents, leading to dangerous overflow parking on residential streets. Impact on Local Schools: Concerns were raised regarding the capacity of nearby schools, such as Mountain Avenue Elementary and Rosemont Middle School, to absorb an influx of new students. TAY Population Safety: Residents questioned the lack of 24-hour on-site supervision for the transition-aged youth and expressed worries about</p>

			<p>potential crime and substance abuse.</p> <p>Infrastructure Limitations: Concerns that local utilities—including water pressure for fire suppression and the electrical grid—are already overtaxed and unable to support high-density builds.</p> <p>Loss of Local Zoning Control: Frustration centered on state "ministerial" mandates and density bonus laws that allow developers to bypass local building standards and public hearings.</p> <p>Architectural Incompatibility: The "monstrosity" of the three- and four-story building was described as out of character with the area's craftsman style and residential scale.</p> <p>Lack of Public Transit: Despite being classified as "affordable," the area lacks robust public transportation, which residents argue will force more cars onto the road.</p>
		Susan Haines	
		Susan Haines	Major impact on the community that lives up Briggs and Briggs Terrace
		Tammy Miller	This will cause such congestion in an already busy area. This is the main entry/exit for the Sheriff's department. Building is too tall for the area and too many people added.
		Tatyana Esmaelian	I've collected over 2000 signatures on a petition from the community opposing this project and it would be reckless to allow this building to go up on this particular corner. A better place would be where big lots was where it's not causing a traffic choke for the Briggs terrace community.
		Thomas King	
		Valentina Nazaretian	
		Zareh Karapetian	Please consider for the well being of the thousands of lawful residents opposing this development in an area not suitable for a large housing building. Accommodation for people in 66 units while noble has significant fire evacuation, parking and other negative consequences for long time community residents. Do not use tax payer funds please and contribute to this dangerous development project.tr

The Issue

To: The Los Angeles County Board of Supervisors, the LA County Development Authority (LCDA), and the LA County Fire Department.

We, the residents of Briggs Terrace, formally petition for the denial of all financing, specifically the LCDA Notice of Funding Availability (NOFA), and the enforcement of mandatory safety reviews for the proposed 80-unit high-density complex at the corner of Briggs and Foothill Boulevard (2413 Foothill Blvd).

The extreme density and scale of this five-story project are inherently dangerous, threaten community security, and exceed the capacity of our essential, failing infrastructure. Given that state mandates restrict local land use options, the denial of County funding is the only viable path to protect our community.

I. CRITICAL THREATS TO LIFE SAFETY

90 people signed today

Share this petition

these life safety reports.

one (VHFHSZ) makes the proposed

that the developer be required to perform study. The project is not exempt from

- **Compromised Evacuation:** Adding an estimated 200–300 residents critically compromises the community’s ability to evacuate safely during an emergency, utilizing limited, often single-lane routes.

II. PUBLIC SECURITY AND INFRASTRUCTURE FAILURE

The project will strain essential services and introduce specific security and traffic hazards:

- **Security Concerns:** We oppose the plan to reserve 25 units for Transition Age Youth (TAY), citing from recent research performed by RAND that one third of this population are incarcerated or on probation as adults. The Sherrif’s Station is already overwhelmed and understaffed.
- **Traffic and Pedestrian Danger:** The parking entrance on Foothill Boulevard is located near a "blind corner". The lack of adequate on-site parking (80 spaces for 80 units) will force overflow parking on Briggs Street, leading to dangerous jaywalking across the blind curve.
- **Utility Failures:** The community’s sewer system and pipes are "old, aging, and rusting". We cite documented incidents where pipes have "exploded like a volcano", proving the infrastructure cannot safely handle the increased capacity from this dense project.

DEMANDS FOR ACTION

1. IMMEDIATE DENIAL OF FUNDING: The LCDA and the County Supervisors must deny the application for funding (NOFA).

2. MANDATORY SAFETY STUDIES: Require the developer to produce the requested formal evacuation study and wildfire behavior study before any administrative approval proceeds.

3. MITIGATION OF RISK: Require a plan to mitigate risks from the density, including studying and upgrading the aging sewer, water, and electrical infrastructure.

We urge you to uphold the safety and welfare of our community by withdrawing support for this hazardous project.

Re: Proposed New Construction from Developer Abode Communities
Corner of Briggs and Foothill, La Crescenta

Good Evening Kathryn-

My name is Wendi Haines Hammond and I grew up on Henrietta off Briggs. My mom still owns and resides at our family home. I spend my time between La Crescenta and Paso Robles. I was here and able to attend the La Crescenta Town Hall meeting on Monday, May 4th.

I am writing on behalf of my mother and my interest in the project being proposed by Abode Properties. While we understand the need for affordable housing, we also understand there are better areas where these buildings/apartments should be built.

A few concerns:

When residents who live up Briggs and Briggs Terrace come down to access Foothill Blvd- there is always back ups at the light. Our concern is the bigger impact of traffic if the right turn lane is not flowing as fast due to the access point going in and out of Abode Property.

We have Briggs Sheriff Department that needs quick clear access when leaving the station and going on a call. As it is- the officers often times have to take risky maneuvers to get around lined up cars at the bottom of Briggs. With additional cars entering and exiting the Adobe properties- the negative impact will be present.

We recently had the Altadena Fire as well as the Station Fire that required major skills from our emergency personnel to evacuate the thousands of homes up Briggs and Briggs Terrace. While the board of Abode mentioned they would have evacuation policies in place for their residents they did not have a clear plan or message for those of us living up Briggs.

While we appreciate the mention of a 17 page traffic report that was conducted by Abode Properties in April (during Spring Break) there was a lack of pertinent information.

As stated earlier, we believe in opportunities for a good affordable life, the transitioning of youths, the families that just want to get ahead etc...but we feel the information we were given does not back up what the real situation is.

The job market is not flourishing in La Crescenta. Local high school kids often have trouble finding part time jobs during school and in the summer- what would this mean for those hoping to find employment to qualify for a unit at Abode? The closest area for job opportunities will be miles away.

Parking: I'm not even sure where to start with this one. I may have the numbers incorrect- but you will get the idea when I tell you 65 units and parking for 70 is not enough. If you were to go up Briggs at anytime during the day and night you will see cars parked on the right side of Briggs if you were traveling up the street. Those cars are from the apartments that would be located to the left of the Abode Property. There is not enough parking if anyone had more than one car.

The building of this property.... What does it look like for the residents and the impact the two years this project would take- it would be draining on the community.

Sincerely,
Wendi Haines Hammond
