CEO. A Time for Fiscal Discipline

The County continues to operate in a difficult environment with maximum uncertainty.

The **focus is on financial sustainability** but demand for services continues to grow.

The year ahead will require discipline and a willingness to prioritize critical, safety net services over less immediate needs.

CEO. Projected Year-End Closing Still Reflects Deficit

The County continues to project a year-end deficit at closing after carryovers and fund balance obligations.

Departments must continue to focus on cost controls and efficiencies to avoid future curtailments.

Limited savings equals limited new funding in September.

It is likely the hiring freeze will need to remain in place through the end of FY2026-27.
