EDWARD YEN
EXECUTIVE OFFICER

Dear Supervisors:

**REQUEST FOR DELEGATED AUTHORITY FOR THE DIRECTOR OF CHILD
SUPPORT SERVICES DEPARTMENT TO EXECUTE TWO CONTRACTS FOR
SERVICE OF PROCESS SERVICES**

**(ALL SUPERVISORIAL DISTRICTS)
(3 VOTES)**

SUBJECT

The County of Los Angeles Child Support Services Department (CSSD) is requesting approval to execute two (2) contracts with legal services agencies to provide service of process services for a three-year period beginning September 1, 2026, and ending August 31, 2029, with the option to extend the contracts for up to two (2) additional one (1) year periods.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that pursuant to Los Angeles County Code Section 2.121.420 that service of process services for CSSD can be performed more economically by an independent contractor than by County employees.
2. Delegate authority to the Director of CSSD or designee, to execute two (2) contracts for service of process services in substantially similar form to Attachment I, with the contractors listed in Attachment II. The contract term will be three (3) years, beginning September 1, 2026, and ending August 31, 2029, with the option to extend for up to two (2) additional one (1) year periods. The total maximum annual contract sum for the two (2) contracts is \$1.3 million and is fully funded by federal and State revenue. Funding for this contract is included in the Fiscal Year (FY) 2026-27 Budget. Funding for future years will be included in the Department's budget requests.

3. Delegate authority to the Director of CSSD or designee, to exercise the two (2) additional one (1) year extend options for each contract by written notice at the Director's or designee's discretion and instruct the Director of CSSD, or designee, to notify the Board and the Chief Executive Office (CEO) within ten (10) working days of issuing such notices.
4. Delegate authority to the Director of CSSD or designee, to execute contract amendments to increase the maximum annual contract sum by up to fifteen percent (15%). The price per successful serve may potentially increase due to the volatility of inflation and the possible impacts of new legislation. The Director or designee will notify your Board in writing within ten (10) business days after execution.
5. Delegate authority to the Director of CSSD or designee, to prepare and execute amendments to the service of process services contract to make changes necessitated by federal, State, or local rules, or to meet program needs, provided a) total annual payments do not exceed fifteen percent (15%) of the Board approved amount, b) sufficient funds are available, c) County Counsel approval is obtained prior to executing the amendment, and d) the Director of CSSD, or designee, notifies the Board and CEO in writing within ten (10) working days of execution of such amendments.

PURPOSE/JUSTIFICATION OR RECOMMENDED ACTION

Service of process is an essential step in CSSD's ability to achieve its efforts to establish and enforce child support orders. The current contracts for these services expire August 31, 2026. Therefore, approval is requested to execute two (2) new contracts with Precise Investigative Services, Inc., and AAA Attorney Services II, Inc., to perform service of process services for CSSD.

Under the contracts, CSSD will pay for successful service of process or when service has been attempted with due diligence. The unit cost for services ranges from \$72.00 to \$140.00 depending on the service location. Sufficient funds for the contracts are included in CSSD's FY 2026-2027 budget and will be requested in future budgets.

IMPLEMENTATION OF STRATEGIC PLAN GOALS

The recommended services support the County's Strategic Plan North Star 1 "Make investments that transform lives" Focus Area Goal D. "Support Vulnerable Populations" Strategy ii: "Child Safety and Family Well Being."

FISCAL IMPACT/FINANCING

The contract terms will be for a period of three (3) years, commencing on September 1, 2026, or the day after the contracts are executed, whichever is later, with the option to extend the contracts for up to two (2) additional one (1) year periods. Each such option to extend will be exercised at the sole discretion of the Department Director or designee.

The associated cost of the contracts will be fully funded with State and federal revenues, thirty-four percent (34%) and sixty-six percent (66%), respectively. Compensation for the services for CSSD shall not exceed \$1.3 million annually, without prior approval by the Department Director for the term of the contracts.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contracts meet all requirements of Chapter 2.121, et seq., of the Los Angeles County Code 2.121.380. The Auditor-Controller (A-C) certifies that the cost analysis for the proposed contracts demonstrates that contracting out for these services is cost effective. The cost analysis utilized a methodology consistent with A-C's contracting cost analysis guidelines. County Counsel and the CEO have reviewed this Board letter, and County Counsel has approved the contracts as to form.

The Department has determined that the contractors meet the requirements of the Living Wage Program (County Code Chapter 2.201) and agree to pay their full-time employees providing County services a living wage.

Contracts are recommended with two (2) contractors: Precise Investigative Services, Inc., and AAA Attorney Services II, Inc. There will be no impact on other County services or projects. The contracts will not infringe on the role of the County in relationship to its residents, and the County's ability to respond to an emergency will not be impaired. There will be no change in risk exposure to the County.

The contractors are in compliance with all Board, CEO, and County Counsel requirements.

CONTRACTING PROCESS

The contracting process was completed through an open competitive bid solicitation process. The Request for Proposal (RFP) was released on September 24, 2025, and was advertised in six (6) newspapers under the County's master agreement with the Daily Journal Corporation for government advertising, on the Internal Services Department (ISD) website for Los Angeles County Solicitations, and CSSD's social media and official website. Additionally, CSSD sent email notices of RFP release to ninety-three (93) prospective proposers maintained in our files. The RFP was made available for download on ISD's website.

CSSD received proposals from three (3) proposers. The proposals were reviewed by an evaluation committee consisting of CSSD Subject Matter Experts. Proposals were evaluated utilizing the informed averaging scoring methodology, and the two (2) highest ranking proposals, Precise Investigative Services, Inc., and AAA Attorney Services II, Inc., were selected.

A Proposition A cost analysis has been developed and is on file in the Department.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of this contract will ensure current service of process services are maintained.

CONCLUSION

Upon approval by the Board of Supervisors, please return an adopted copy of this Board Letter and attachments to CSSD's Contracts Manager, Andrea Barnes, at Andrea.Barnes@cssd.lacounty.gov or via mail to 5770 South Eastern Avenue, 4th Floor, Commerce, California 90040.

8.8 Compliance with the County's Jury Service Program

8.8.1 Jury Service Program

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in [Sections 2.203.010 through 2.203.090 of the Los Angeles County Code](#).

8.8.2 Written Employee Jury Service Policy

- Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program ([Section 2.203.020 of the County Code](#)) or that the Contractor qualifies for an exception to the Jury Service Program ([Section 2.203.070 of the County Code](#)), the Contractor must have and adhere to a written policy that provides that its Employees will receive from the Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury service. The policy may provide

that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.

- For purposes of this Paragraph, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of Fifty Thousand Dollars (\$50,000) or more in any twelve (12) month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means forty (40) hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of ninety (90) days or less within a twelve (12) month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor will also be subject to the provisions of this Paragraph. The provisions of this Paragraph will be inserted into any such subcontract agreement and a copy of the Jury Service Program must be attached to the agreement.
- If the Contractor is not required to comply with the Jury Service Program when the Contract commences, the Contractor will have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the contractor must immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an exception to the Jury Service Program. In either event, the Contractor must immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that the Contractor demonstrate, to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.
- Contractor's violation of this Paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

8.9 Conflict of Interest

8.9.1 No County employee whose position with the County enables such employee to influence the award of this Contract or any competing contract, and no spouse or economic dependent of such employee, will be employed in any capacity by the Contractor or have any other direct or indirect financial interest in this Contract. No officer or employee of the Contractor who may financially benefit from the performance of work hereunder will in any way participate in the County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence the County's approval or ongoing evaluation of such work.

8.9.2 The Contractor must comply with all conflict of interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. The Contractor warrants that it is not now aware of any facts that create a conflict of interest. If the Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it must immediately make full written disclosure of such facts to the County. Full written disclosure must include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this Paragraph will be a material breach of this Contract.

8.10 Consideration of Hiring County Employees Targeted for Layoffs or are on a County Re-Employment List

Should the Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, the Contractor must give first consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Contract.

8.11 Consideration of Hiring GAIN/START Participants

8.11.1 Should the Contractor require additional or replacement personnel after the effective date of this Contract, the Contractor will give consideration for any such employment openings to participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program or Skills and Training to Achieve Readiness for Tomorrow (START) Program who meet the contractor's minimum qualifications for the open position. For this purpose, consideration will mean that the Contractor will interview qualified candidates. The County will refer GAIN/START participants by job category to the Contractor. Contractors must report all job openings with job requirements to: gainstart@dpss.lacounty.gov and BServices@opportunity.lacounty.gov and DPSS will refer qualified GAIN/START job candidates.

- 8.11.2** In the event that both laid-off County employees and GAIN/START participants are available for hiring, County employees must be given first priority.

8.12 Contractor Responsibility and Debarment

8.12.1 Responsible Contractor

A responsible contractor is a contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

8.12.2 Chapter 2.202 of the County Code

The Contractor is hereby notified that, in accordance with [Chapter 2.202 of the County Code](#), if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed **five (5) years** but may exceed **five (5) years** or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

8.12.3 Non-responsible Contractor

The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: 1) violated a term of a contract with the County or a nonprofit corporation created by the County, 2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, 3) committed an act or offense which indicates a lack of business integrity or business honesty, or 4) made or submitted a false claim against the County or any other public entity.

8.12.4 Contractor Hearing Board

- If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.
- The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative will be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing

Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department will be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.

- After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board will be presented to the Board of Supervisors. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
- If a Contractor has been debarred for a period longer than five (5) years, that Contractor may after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: 1) elimination of the grounds for which the debarment was imposed; 2) a bona fide change in ownership or management; 3) material evidence discovered after debarment was imposed; or 4) any other reason that is in the best interests of the County.
- The Contractor Hearing Board will consider a request for review of a debarment determination only where 1) the Contractor has been debarred for a period longer than five (5) years; 2) the debarment has been in effect for at least five (5) years; and 3) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board will conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing will be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.
- The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board will present its proposed decision and recommendation to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

The Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business.

The Contractor, and its subcontractor(s), can access posters and other program material at babysafela.org.

8.14 Contractor's Warranty of Adherence to County's Child Support Compliance Program

8.14.1 The Contractor acknowledges that the County has established a goal of ensuring that all individuals who benefit financially from the County through contracts are in compliance with their court-ordered child, family and spousal support obligations in order to mitigate the economic burden otherwise imposed upon the County and its taxpayers.

8.14.2 As required by the [County's Child Support Compliance Program \(County Code Chapter 2.200\)](#) and without limiting the Contractor's duty under this Contract to comply with all applicable provisions of law, the Contractor warrants that it is now in compliance and will during the term of this Contract, maintain compliance with employment and wage reporting requirements as required by the Federal Social Security Act (42 USC Section 653a) and California Unemployment Insurance Code Section 1088.5, and will implement all lawfully served Wage and Earnings Withholding Orders or Child Support Services Department Notices of Wage and Earnings Assignment for Child, Family or Spousal Support, pursuant to Code of Civil Procedure Section 706.031 and Family Code Section 5246(b).

8.15 County's Quality Assurance Plan

The County or its agent(s) will monitor the Contractor's performance under this Contract on not less than an annual basis. Such monitoring will include assessing the Contractor's compliance with all Contract terms and conditions and performance standards. Contractor deficiencies which the County determines are

significant or continuing and that may place performance of the Contract in jeopardy if not corrected will be reported to the Board and listed in the appropriate contractor performance database. The report to the Board will include improvement/corrective action measures taken by the County and the Contractor. 8.16.2 If the Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs must be repaid by the Contractor by cash payment upon demand.

8.17 Employment Eligibility Verification

8.17.1 The Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirements set forth in Federal and State statutes and regulations. The Contractor must obtain from all employees performing work hereunder, all verification and other documentation of employment eligibility status required by Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, (P.L. 99-603), or as they currently exist and as they may be hereafter amended. This Contract may be executed in two or more counterparts, each of which will be deemed an original but all of which together will constitute one and the same Contract. The facsimile, email, or electronic signature of the parties will be deemed to constitute original signatures, and facsimile or electronic copies hereof will be deemed to constitute duplicate originals.

The County and the Contractor hereby agree to regard electronic representations of original signatures of authorized officers of each party, when appearing in appropriate places on the Amendments prepared pursuant to Sub-paragraph 8.1 (Amendments) and received via communications facilities (facsimile, email or electronic signature), as legally sufficient evidence that such legally binding signatures have been affixed to Amendments to this Contract.

8.20 Force Majeure

8.20.1 Neither party will be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this Paragraph as "force majeure events").

8.20.2 Notwithstanding the foregoing, a default by a subcontractor of Contractor will not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such subcontractor, and without any fault or negligence of either of them. In such case, Contractor will not be liable for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this sub-paragraph, the term "subcontractor" and "subcontractors" mean subcontractors at any tier.

8.20.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

8.21 Governing Law, Jurisdiction, and Venue

This Contract will be governed by, and construed in accordance with, the laws of the State of California. The Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California for all purposes regarding this

8.22.2 The Contractor will be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. The County will have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, Federal, State, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of the Contractor.

8.22.3 The Contractor understands and agrees that all persons performing work pursuant to this Contract are, for purposes of Workers' Compensation liability, solely employees of the Contractor and not employees of the County. 8.24 General Provisions for all Insurance Coverage

8.24.1 Without limiting Contractor's indemnification of County, and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor must provide and maintain at its own expense insurance coverage satisfying the requirements specified in Sub-paragraphs 8.24 and 8.25 of this Contract. These minimum insurance coverage terms, types and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation

8.24.3 Additional Insured Status and Scope of Coverage

The County, its Special Districts, Elected Officials, Officers, Agents, employees, and volunteers (collectively County and its Agents) must be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. County and its Agents additional insured status will apply with respect to liability and defense of suits arising out of the Contractor's acts or omissions, whether such liability is attributable to the Contractor or to the County. The full policy limits and scope of protection also must apply to the County and its Agents as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

8.24.4 Cancellation of or Changes in Insurance

Contractor must provide County with, or Contractor's insurance policies must contain a provision that County will receive, written notice of cancellation or any change in Required Insurance, including insurer, limits of coverage, term of coverage or policy period. The written notice must be provided to County at least **ten (10) days** in advance of cancellation for non-payment of premium and **thirty (30) days** in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which the County may suspend or terminate this Contract.

8.24.5 Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance will constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

8.24.6 Insurer Financial Ratings

Coverage must be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.

8.24.7 Contractor's Insurance Must Be Primary

Contractor's insurance policies, with respect to any claims related to this Contract, must be primary with respect to all other sources of coverage available to Contractor. Any County maintained insurance or self-insurance coverage must be in excess of and not contribute to any Contractor coverage.

8.24.8 Waivers of Subrogation

To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. The Contractor must require its insurers to execute any waiver of subrogation endorsements which may be necessary to effectuate such waiver.

8.24.9 Subcontractor Insurance Coverage Requirements

Contractor must include all subcontractors as insureds under Contractor's own policies or must provide County with each subcontractor's separate evidence of insurance coverage. Contractor will be responsible for verifying each subcontractor complies with the Required Insurance provisions herein and must require that each subcontractor name the County and Contractor as additional insureds on the subcontractor's General Liability policy. Contractor must obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.

8.24.10 Deductibles and Self-Insured Retentions (SIRs)

Contractor's policies will not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration, and defense expenses. Such bond must be executed by a corporate surety licensed to transact business in the State of California.

8.24.11 Claims Made Coverage

If any part of the Required Insurance is written on a claims made basis, any policy retroactive date must precede the effective date of this Contract. Contractor understands and agrees it will maintain such

coverage for a period of not less than three (3) years following Contract expiration, termination or cancellation.

8.24.12 Application of Excess Liability Coverage

Contractors may use a combination of primary, and excess insurance policies which provide coverage as broad as (“follow form” over) the underlying primary policies, to satisfy the Required Insurance provisions.

8.24.13 Separation of Insureds

All liability policies must provide cross-liability coverage as would be afforded by the standard ISO (Insurance Services Office, Inc.) separation of insureds provision with no insured versus insured exclusions or limitations.

8.24.14 Alternative Risk Financing Programs

The County reserves the right to review, and then approve, Contractor use of self-insurance, risk retention groups, risk purchasing groups, pooling arrangements and captive insurance to satisfy the Required Insurance provisions. The County and its Agents must be designated as an Additional Covered Party under any approved program.

8.24.15 County Review and Approval of Insurance Requirements

The County reserves the right to review and adjust the Required Insurance provisions, conditioned upon County’s determination of changes in risk exposures.

8.25 Insurance Coverage

8.25.1 Commercial General Liability insurance (providing scope of coverage equivalent to ISO policy form CG 00 01), naming County and its Agents as an additional insured, with limits of not less than:

General Aggregate:	\$2 million
Products/Completed Operations Aggregate:	\$1 million
Personal and Advertising Injury:	\$1 million
Each Occurrence:	\$1 million

8.25.2 Automobile Liability insurance (providing scope of coverage equivalent to ISO policy form CA 00 01) with limits of not less than One Million Dollars (\$1,000,000) for bodily injury and property damage, in combined or equivalent split limits, for each single accident. Insurance must cover liability arising out of Contractor’s use of autos pursuant to this Contract, including owned, leased, hired, and/or non-owned autos, as each may be applicable.

8.25.3 Workers Compensation and Employers' Liability insurance or qualified self- insurance satisfying statutory requirements, which includes Employers' Liability coverage with limits of not less than One Million Dollars (\$1,000,000) per accident. If Contractor will provide leased employees, or, is an employee leasing or temporary staffing firm or a professional employer organization (PEO), coverage also must include an Alternate Employer Endorsement (providing scope of coverage equivalent to ISO policy form WC 00 03 01 A) naming the County as the Alternate Employer. The written notice must be provided to County at least **ten (10) days** in advance of cancellation for non-payment of premium and **thirty (30) days** in advance for any other cancellation or policy change. If applicable to Contractor's operations, coverage also must be arranged to satisfy the requirements of any federal workers or workmen's compensation law or any federal occupational disease law.

8.25.4 Unique Insurance Coverage

- **Professional Liability-Errors and Omissions**

Insurance covering Contractor's liability arising from or related to this Contract, with limits of not less than One Million Dollars (\$1,000,000) per claim and Two Million Dollars (\$2,000,000) aggregate. Further, Contractor understands and agrees it must maintain such coverage for a period of not less than three (3) years following this Contract's expiration, termination or cancellation.

- **Cyber Liability Insurance**

The Contractor must secure and maintain cyber liability insurance coverage with limits of Two Million Dollars (\$2,000,000) per occurrence and in the aggregate during the term of the Contract, including coverage for: network security liability; privacy liability; privacy regulatory proceeding, defense, response, expenses and fines; technology professional liability (errors and omissions); privacy breach expense reimbursement (liability arising from the loss or disclosure of County Information no matter how it occurs); system breach; denial or loss of service; introduction, implantation, or spread of malicious software code; unauthorized access to or use of computer systems; and Data/Information loss and business interruption; any other liability or risk that arises out of the Contract. The Contractor must add the County as an additional insured to its cyber liability insurance policy and provide to the County certificates of insurance evidencing the foregoing upon the County's request. The procuring of the insurance described herein, or delivery of the certificates of insurance described herein, will

not be construed as a limitation upon the Contractor's liability or as full performance of its indemnification obligations hereunder. No exclusion/restriction for unencrypted portable devices/media may be on the policy.

8.26 Liquidated Damages

- 8.26.1** If, in the judgment of the Director, or their designee, the Contractor is deemed to be non-compliant with the terms and obligations assumed hereby, the Director, or their designee, at their option, in addition to, or in lieu of, other remedies provided herein, may withhold the entire monthly payment or deduct pro rata from the Contractor's invoice for work not performed. A description of the work not performed and the amount to be withheld or deducted from payments to the Contractor from the County, will be forwarded to the Contractor by the Director, or their designee, in a written notice describing the reasons for said action.
- 8.26.2** If the Director, or their designee, determines that there are deficiencies in the performance of this Contract that the Director, or their designee, deems are correctable by the Contractor over a certain time span, the Director, or their designee, will provide a written notice to the Contractor to correct the deficiency within specified time frames. Should the Contractor fail to correct deficiencies within said time frame, the Director, or their designee, may: (a) Deduct from the Contractor's payment, pro rata, those applicable portions of the Monthly Contract Sum; and/or (b) Deduct liquidated damages. The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of the Contractor to correct a deficiency within the specified time frame. The parties hereby agree that under the current circumstances a reasonable estimate of such damages is One Hundred Dollars (\$100) per day per infraction, or as specified in Technical Exhibit 3 (Performance Requirements Summary (PRS) Chart) of Exhibit A (Statement of Work) hereunder, and that the Contractor will be liable to the County for liquidated damages in said amount. Said amount will be deducted from the County's payment to the Contractor; and/or (c) Upon giving **five (5) days** notice to the Contractor for failure to correct the deficiencies, the County may correct any and all deficiencies and the total costs incurred by the County for completion of the work by an alternate source, whether it be County forces or separate private contractor, will be deducted and forfeited from the payment to the Contractor from the County, as determined by the County.
- 8.26.3** The action noted in Section 8.26.2 must not be construed as a penalty, but as adjustment of payment to the Contractor to recover the County cost due to the failure of the Contractor to complete or comply with the provisions of this Contract.

8.26.4 This Paragraph must not, in any manner, restrict or limit the County's right to damages for any breach of this Contract provided by law or as specified in the PRS or Section 8.26.2, and must not, in any manner, restrict or limit the County's right to terminate this Contract as agreed to herein.

8.27 Most Favored Public Entity

If the Contractor's prices decline or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity and delivery conditions to the State of California or any county, municipality, or district of the State at prices below those set forth in this Contract, then such lower prices must be immediately extended to the County.

8.28 Nondiscrimination and Affirmative Action

8.28.1 The Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and will be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State anti-discrimination laws and regulations.

8.28.2 Contractor certifies to the County each of the following:

- That Contractor has a written policy statement prohibiting discrimination in all phases of employment.
- That Contractor periodically conducts a self-analysis or utilization analysis of its work force.
- That Contractor has a system for determining if its employment practices are discriminatory against protected groups.
- Where problem areas are identified in employment practices, the Contractor has a system for taking reasonable corrective action, to include establishment of goals or timetables.

8.28.3 The Contractor must take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable Federal and State anti-discrimination laws and regulations. Such action must include, but is not limited to: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

8.28.4 The Contractor certifies and agrees that it will deal with its subcontractors, bidders, or vendors without regard to or because of race,

color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation.

8.28.5 The Contractor certifies and agrees that it, its affiliates, subsidiaries, or holding companies will comply with all applicable Federal and State laws and regulations to the end that no person will, on the grounds of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.

8.28.6 The Contractor will allow County representatives access to the Contractor's employment records during regular business hours to verify compliance with the provisions of this Sub-paragraph 8.28 (Nondiscrimination and Affirmative Action) when so requested by the County.

8.28.7 If the County finds that any provisions of this Sub-paragraph 8.28 (Nondiscrimination and Affirmative Action) have been violated, such violation will constitute a material breach of this Contract upon which the County may terminate or suspend this Contract. While the County reserves the right to determine independently that the anti-discrimination provisions of this Contract have been violated, in addition, a determination by the California Civil Rights Department or the Federal Equal Employment Opportunity Commission that the Contractor has violated Federal or State anti-discrimination laws or regulations will constitute a finding by the County that the Contractor has violated the anti-discrimination provisions of this Contract.

8.28.8 The parties agree that in the event the Contractor violates any of the anti-discrimination provisions of this Contract, the County will, at its sole option, be entitled to the sum of Five Hundred Dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating or suspending this Contract.

8.29 Non Exclusivity

Nothing herein is intended nor will be construed as creating any exclusive arrangement with the Contractor. This Contract will not restrict County from acquiring similar, equal or like goods and/or services from other entities or sources.

8.30 Notice of Delays

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, that party must, within **one (1) business day**, give notice thereof, including all relevant information with respect thereto, to the other party.

8.31 Notice of Disputes

The Contractor must bring to the attention of the County's Project Manager and/or County's Project Director any dispute between the County and the Contractor regarding the performance of services as stated in this Contract. If the County's Project Manager or County's Project Director is not able to resolve the dispute, the Director or designee will resolve it.

8.32 Notice to Employees Regarding the Federal Earned Income Credit

The Contractor must notify its employees, and will require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the federal income tax laws. Such notice must be provided in accordance with the requirements set forth in Internal Revenue Service Notice No. 1015.

8.33 Notices

All notices or demands required or permitted to be given or made under this Contract must be in writing and will be hand delivered with signed receipt or mailed by first class registered or certified mail, postage prepaid, addressed to the parties as identified in Exhibits D (County's Administration) and E (Contractor's Administration). Addresses and contact information may be changed by either party giving **ten (10) days** prior written notice thereof to the other party. The Director, or their designee will have the authority to issue all notices or demands required or permitted by the County under this Contract.

8.34 Prohibition Against Inducement or Persuasion

Notwithstanding the above, the Contractor and the County agree that, during the term of this Contract and for a period of one (1) year thereafter, neither party will in any way intentionally induce or persuade any employee of one party to become an employee or agent of the other party. No bar exists against any hiring action initiated through a public announcement.

8.35 Public Records Act

8.35.1 Any documents submitted by the Contractor; all information obtained in connection with the County's right to audit and inspect the Contractor's documents, books, and accounting records pursuant to Sub-paragraph 8.37 (Record Retention and Inspection-Audit Settlement) of this Contract; as well as those documents which were required to be submitted in response to the Request for Proposals (RFP) used in the solicitation process for this Contract, become the exclusive property of the County. All such documents become a matter of public record and will be regarded as public records except for those documents determined to be non-disclosable or exempt pursuant to [California Government Code Section 7921.000 et seq.](#) and which are marked "trade secret", "confidential", or "proprietary". The County will not in any way be liable or responsible for the disclosure of any such records including, without

limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.

- 8.35.2** In the event the County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked “trade secret”, “confidential”, or “proprietary”, the Contractor agrees to defend and indemnify the County from all costs and expenses, including reasonable attorney’s fees, in action or liability arising under the Public Records Act.

8.36 Publicity

- 8.36.1** The Contractor must not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing the contractor’s need to identify its services and related clients to sustain itself, the County will not inhibit the contractor from publishing its role under this Contract within the following conditions:

- The Contractor must develop all publicity material in a professional manner; and
- During the term of this Contract, the Contractor will not, and will not authorize another to, publish or disseminate any commercial advertisements, press releases, feature articles, or other materials using the name of the County without the prior written consent of the County’s Project Director.

- 8.36.2** The Contractor may, without the prior written consent of County, indicate in its proposals and sales materials that it has been awarded this Contract with the County, provided that the requirements of this will apply.

8.37 Record Retention and Inspection-Audit Settlement

- 8.37.1** The Contractor must maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. The Contractor must also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that the County, or its authorized representatives, will have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, will be kept and maintained by the Contractor and will be made available to the County during the term of this Contract and for a period of **five (5) years** thereafter unless the County’s written permission is given to dispose of any such material prior to such time. All such

material must be maintained by the Contractor at a location in Los Angeles County, provided that if any such material is located outside of Los Angeles County, then, at the County's option, the Contractor will pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.

- 8.37.2** In the event that an audit of the Contractor is conducted specifically regarding this Contract by any Federal or State auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor must file a copy of such audit report with the County's Auditor Controller within **thirty (30) days** of the Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Contract. Subject to applicable law, the County will make a reasonable effort to maintain the confidentiality of such audit report(s) as stated in Section 8.37.3. Failure on the part of the Contractor to comply with any of the provisions of this Sub-paragraph 8.37 will constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.
- 8.37.3** If, at any time during the term of this Contract or within **five (5) years** after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work is less than payments made by the County to the Contractor, then the difference must be either: a) repaid by the contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference will be paid to the Contractor by the County by cash payment, provided that in no event will the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.
- 8.37.4** In addition to the above, the Contractor agrees, should the County or its authorized representatives determine, in the County's sole discretion, that it is necessary or appropriate to review a broader scope of the Contractor's records (including, certain records related to non-County contracts) to enable the County to evaluate the Contractor's compliance with the County's Living Wage Program, that the Contractor will promptly and without delay provide to the County, upon the written request of the County or its authorized representatives, access to and the right to examine, audit, excerpt, copy, or transcribe any and all transactions, activities, or records relating to any of its employees who have provided services to the County under this Contract, including without limitation,

records relating to work performed by said employees on the Contractor's non-County contracts. The Contractor further acknowledges that the foregoing requirement in this Paragraph relative to Contractor's employees who have provided services to the County under this Contract is for the purpose of enabling the County in its discretion to verify the Contractor's full compliance with and adherence to California labor laws and the County's Living Wage Program. All such materials and information, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, must be kept and maintained by the Contractor and will be made available to the County during the term of this Contract and for a period of **five (5) years** thereafter unless the County's written permission is given to dispose of any such materials and information prior to such time. All such materials and information must be maintained by the contractor at a location in Los Angeles County, provided that if any such materials and information is located outside Los Angeles County, then, at the County's option, the Contractor will pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such materials and information at such other location.

8.38 Recycled Bond Paper

Consistent with the Board's policy to reduce the amount of solid waste deposited at the County landfills, the Contractor agrees to use recycled-content paper to the maximum extent possible on this Contract.

8.39 Subcontracting

8.39.1 The requirements of this Contract may not be subcontracted by the Contractor **without the advance approval of the County**. Any attempt by the Contractor to subcontract without the prior consent of the County may be deemed a material breach of this Contract.

8.39.2 If the Contractor desires to subcontract, the Contractor must provide the following information promptly at the County's request:

- A description of the work to be performed by the subcontractor.
- A draft copy of the proposed subcontract; and
- Other pertinent information and/or certifications requested by the County.

8.39.3 The Contractor must indemnify, defend, and hold the County harmless with respect to the activities of each and every subcontractor in the same manner and to the same degree as if such subcontractor(s) were the Contractor employees.

- 8.39.4** The Contractor will remain fully responsible for all performances required of it under this Contract, including those that the Contractor has determined to subcontract, notwithstanding the County's approval of the Contractor's proposed subcontract.
- 8.39.5** The County's consent to subcontract will not waive the County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Contract. The Contractor is responsible to notify its subcontractors of this County right.
- 8.39.6** The County's Project Director is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees. After approval of the subcontract by the County, Contractor must forward a fully executed subcontract to the County for their files.
- 8.39.7** The Contractor will be solely liable and responsible for all payments or other compensation to all subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding the County's consent to subcontract.
- 8.39.8** The Contractor must obtain certificates of insurance, which establish that the subcontractor maintains all the programs of insurance required by the County from each approved subcontractor. Before any subcontractor employee may perform any work hereunder, Contractor must ensure delivery of all such documents to:

8.40 Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of the Contractor to maintain compliance with the requirements set forth in Paragraph 8.14 (Contractor's Warranty of Adherence to County's Child Support Compliance Program) will constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of the Contractor to cure such default within **ninety (90) calendar days** of written notice will be grounds upon which the County may terminate this Contract pursuant to Paragraph 8.42 (Termination for Default) and pursue debarment of the Contractor, pursuant to [County Code Chapter 2.202](#).

8.41 Termination for Convenience

- 8.41.1** This Contract may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder will be effectuated by

notice of termination to the Contractor specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective will be no less than **ten (10) days** after the notice is sent.

8.41.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor must:

- Stop work under this Contract on the date and to the extent specified in such notice, and
- Complete performance of such part of the work as would not have been terminated by such notice.

8.41.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of the Contractor under this Contract must be maintained by the Contractor in accordance with Sub-paragraph 8.37 (Record Retention and Inspection-Audit Settlement).

8.42 Termination for Default

8.42.1 The County may, by written notice to the Contractor, terminate the whole or any part of this Contract, if, in the judgment of County's Project Director:

- Contractor has materially breached this Contract; or
- Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required either under this Contract; or
- Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within **five (5) working days** (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

8.42.2 In the event that the County terminates this Contract in whole or in part as provided in Section 8.42.1, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. The Contractor will be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. The Contractor will continue the performance of this Contract to the extent not terminated under the provisions of this Paragraph.

8.42.3 Except with respect to defaults of any subcontractor, the Contractor will not be liable for any such excess costs of the type identified in Section 8.42.2 if its failure to perform this Contract arises out of causes beyond

the control and without the fault or negligence of the Contractor. Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of Federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor will not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this Paragraph, the term "subcontractor(s)" means subcontractor(s) at any tier.

8.42.4 If, after the County has given notice of termination under the provisions of Sub-paragraph 8.42 (Termination for Default) it is determined by the County that the Contractor was not in default under the provisions of Sub-paragraph 8.42 (Termination for Default) or that the default was excusable under the provisions of Section 8.42.3, the rights and obligations of the parties will be the same as if the notice of termination had been issued pursuant to Sub-paragraph 8.41 (Termination for Convenience).

8.42.5 The rights and remedies of the County provided in this Sub-paragraph 8.42 (Termination for Default) will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.43 Termination for Improper Consideration

8.43.1 The County may, by written notice to the Contractor, immediately terminate the right of the Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by the Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing the Contract or securing favorable treatment with respect to the award, amendment, or extension of this Contract or the making of any determinations with respect to the Contractor's performance pursuant to the Contract. In the event of such termination, the County will be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by the Contractor.

8.43.2 The Contractor must immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report must be made to the Los Angeles County Fraud Hotline at (800) 544-6861 or <https://fraud.lacounty.gov/>.

8.43.3 Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, or tangible gifts.

8.44 Termination for Insolvency

8.44.1 The County may terminate this Contract forthwith in the event of the occurrence of any of the following:

- Insolvency of the Contractor. The Contractor will be deemed to be insolvent if it has ceased to pay its debts for at least **sixty (60) days** in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy Code and whether or not the Contractor is insolvent within the meaning of the Federal Bankruptcy Code;
- The filing of a voluntary or involuntary petition regarding the Contractor under the Federal Bankruptcy Code;
- The appointment of a Receiver or Trustee for the Contractor; or
- The execution by the Contractor of a general assignment for the benefit of creditors.

8.44.2 The rights and remedies of the County provided in this Paragraph will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.45 Termination for Non-Adherence of County Lobbyist Ordinance

The Contractor, and each County Lobbyist or County Lobbying firm as defined in [County Code Section 2.160.010](#) retained by the Contractor, must fully comply with the County's Lobbyist Ordinance, [County Code Chapter 2.160](#). Failure on the part of the Contractor or any County Lobbyist or County Lobbying firm retained by the Contractor to fully comply with the County's Lobbyist Ordinance will constitute a material breach of this Contract, upon which the County may in its sole discretion, immediately terminate or suspend this Contract.

8.46 Termination for Non-Appropriation of Funds

Notwithstanding any other provision of this Contract, the County will not be obligated for the Contractor's performance hereunder or by any provision of this Contract during any of the County's future fiscal years unless and until the County's Board appropriates funds for this Contract in the County's Budget for each such future fiscal year. In the event that funds are not appropriated for this Contract, then this Contract will terminate as of June 30 of the last fiscal year for which funds were appropriated. The County will notify the Contractor in writing of any such non-allocation of funds at the earliest possible date.

8.47 Validity

If any provision of this Contract or the application thereof to any person or circumstance is held invalid, the remainder of this Contract and the application of such provision to other persons or circumstances will not be affected thereby.

8.48 Waiver

No waiver by the County of any breach of any provision of this Contract will constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of this Contract will not be construed as a waiver thereof. The rights and remedies set forth in this Subparagraph 8.48 will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.49 Warranty Against Contingent Fees

8.49.1 The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract upon any Contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business.

8.49.2 For breach of this warranty, the County will have the right to terminate this Contract and, at its sole discretion, deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

8.50 Warranty of Compliance with County's Defaulted Property Tax Reduction Program

Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses that benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this contract will maintain compliance, with [Los Angeles County Code Chapter 2.206](#).

8.51 Termination for Breach of Warranty to Maintain Compliance with County's Defaulted Property Tax Reduction Program

Failure of Contractor to maintain compliance with the requirements set forth in Subparagraph 8.50 (Warranty of Compliance with County's Defaulted Property Tax Reduction Program) will constitute default under this contract. Without limiting the rights and remedies available to County under any other provision of this contract, failure of Contractor to cure such default within **ten (10) days** of notice will be

grounds upon which County may terminate this contract and/or pursue debarment of Contractor, pursuant to [County Code Chapter 2.206](#).

8.52 Time Off for Voting

The Contractor must notify its employees and must require each subcontractor to notify and provide to its employees, information regarding the time off for voting law ([Elections Code Section 14000](#)). Not less than ten (10) days before every statewide election, every contractor and subcontractors must keep posted conspicuously at the place of work, if practicable, or elsewhere where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of [Section 14000](#).

8.53 Compliance with County's Zero Tolerance Policy on Human Trafficking

Contractor acknowledges that the County has established a Zero Tolerance Policy on Human Trafficking prohibiting contractors from engaging in human trafficking.

If a Contractor or member of Contractor's staff is convicted of a human trafficking offense, the County will require that the Contractor or member of Contractor's staff be removed immediately from performing services under the Contract. County will not be under any obligation to disclose confidential information regarding the offenses other than those required by law.

Disqualification of any member of Contractor's staff pursuant to this Paragraph will not relieve Contractor of its obligation to complete all work in accordance with the terms and conditions of this Contract.

8.54 Compliance with Fair Chance Employment Hiring Practices

Contractor, and its subcontractors, must comply with fair chance employment hiring practices set forth in [California Government Code Section 12952](#) and [Chapter 8.300 of the Los Angeles County Code \(Fair Chance Ordinance for Employers\)](#). Contractor's violation of this Paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract.

8.55 Compliance with the County Policy of Equity

The Contractor acknowledges that the County takes its commitment to preserving the dignity and professionalism of the workplace very seriously, as set forth in the County Policy of Equity (CPOE) (<https://ceop.lacounty.gov/>). The Contractor further acknowledges that the County strives to provide a workplace free from discrimination, harassment, retaliation and inappropriate conduct based on a protected characteristic, and which may violate the CPOE. The Contractor, its employees and subcontractors acknowledge and certify receipt and understanding of the CPOE. Failure of the Contractor, its employees or its subcontractors to uphold the County's expectations of a workplace free from harassment and discrimination, including inappropriate conduct based on a protected characteristic, may subject the Contractor to termination of contractual agreements as well as civil liability.

8.56 Prohibition from Participation in Future Solicitation(s)

A Proposer, or a Contractor or its subsidiary or Subcontractor ("Proposer/Contractor"), is prohibited from submitting a bid or proposal in a County solicitation if the Proposer/Contractor has provided advice or consultation for the solicitation. A Proposer/Contractor is also prohibited from submitting a bid or proposal in a County solicitation if the Proposer/Contractor has developed or prepared any of the solicitation materials on behalf of the County. A violation of this provision will result in the disqualification of the Contractor/Proposer from participation in the County solicitation or the termination or cancellation of any resultant County Contract.

8.57 Injury and Illness Prevention Program

Contractor will be required to comply with the State of California's Cal OSHA's regulations. California Code of Regulations Title 8 Section 3203 requires all California employers to have a written, effective Injury and Illness Prevention Program (IIPP) that addresses hazards pertaining to the particular workplace covered by the program.

8.58 Campaign Contribution Prohibition Following Final Decision in Contract Proceeding

Pursuant to [Government Code Section 84308](#), Contractor and its Subcontractors, are prohibited from making a contribution of more than Five Hundred Dollars (\$500) to a County officer for twelve (12) months after the date of the final decision in the proceeding involving this Contract. Failure to comply with the provisions of [Government Code Section 84308](#) and of this paragraph, may be a material breach of this Contract as determined in the sole discretion of the County.

9.0 UNIQUE TERMS AND CONDITIONS

9.1 Compliance with the County's Living Wage Program

9.1.1 Living Wage Program

This Contract is subject to the provisions of the County's ordinance entitled Living Wage Program as codified in [Sections 2.201.010 through 2.201.100 of the Los Angeles County Code](#).

9.1.2 Payment of Living Wage Rates

- Unless the Contractor has demonstrated to the County's satisfaction either that the contractor is not an "Employer" as defined under the Program ([Section 2.201.020 of the County Code](#)) or that the contractor qualifies for an exception to the Living Wage Program ([Section 2.201.090 of the County Code](#)), the Contractor must pay its employees no less than the applicable hourly living wage rate for the employees' services provided to the County, including, without limitation, "Travel Time" as defined below.

- For purposes of this Paragraph, “Contractor” includes any subcontractor engaged by the Contractor to perform services for the County under the Contract. If the Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor will be subject to the provisions of this Paragraph. The provisions of this Paragraph will be inserted into any such subcontract and a copy of the Living Wage Program must be attached to the subcontract. “Employee” means any individual, who is an employee of the Contractor under the laws of California, and who is providing full-time or part-time services to the Contractor, which are provided to the County under the Contract. “Full-time” means a minimum of **forty (40) hours worked per week**, or a lesser number of hours, if the lesser number is a recognized industry standard and is approved as such by the County; however, fewer than **thirty-five (35) hours worked per week** will not, in any event, be considered full-time.
- If the Contractor is required to pay a living wage when the Contract commences, the Contractor must continue to pay a living wage for the entire term of the Contract, including any option period.
- If the Contractor is not required to pay a living wage when the Contract commences, the Contractor will have a continuing obligation to review the applicability of its “exemption status” from the living wage requirement. The Contractor must immediately notify the County if the Contractor at any time either comes within the Living Wage Program’s definition of “Employer” or if the Contractor no longer qualifies for the exception to the Living Wage Program. In either event, the Contractor will immediately be required to commence paying the living wage and will be obligated to pay the living wage for the remaining term of the Contract, including any option period. The County may also require, at any time during the Contract and at its sole discretion, that the Contractor demonstrate to the County’s satisfaction that the contractor either continues to remain outside of the Living Wage Program’s definition of “Employer” and/or that the Contractor continues to qualify for the exception to the Living Wage Program. Unless the Contractor satisfies this requirement within the time frame permitted by the County, the Contractor will immediately be required to pay the living wage for the remaining term of the Contract, including any option period.
- For purposes of the Contractor's obligation to pay its employees the applicable hourly living wage rate under this Contract, “Travel Time” will have the following two meanings, as applicable: 1) With respect to travel by an employee that is undertaken in connection with this Contract, Travel Time will mean any period during which an employee physically travels to or from a County facility if the

Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time; and 2) With respect to travel by an employee between County facilities that are subject to two different contracts between the Contractor and the County (of which both contracts are subject to the Living Wage Program), Travel Time will mean any period during which an employee physically travels to or from, or between such County facilities if the Contractor pays the employee any amount for that time or if California law requires the Contractor to pay the employee any amount for that time.

9.1.3 Contractor's Submittal of Certified Monitoring Reports

The Contractor must submit to the County certified monitoring reports at a frequency instructed by the County. The certified monitoring reports must list all of the Contractor's employees during the reporting period. The certified monitoring reports must also verify the number of hours worked and the hourly wage rate paid for each of its employees. All certified monitoring reports must be submitted on forms provided in Exhibit G (Payroll Statement of Compliance), or other form approved by the County which contains the above information. The County reserves the right to request any additional information it may deem necessary. If the County requests additional information, the Contractor must promptly provide such information. The Contractor, through one of its officers, must certify under penalty of perjury that the information contained in each certified monitoring report is true and accurate.

9.1.4 Contractor's Ongoing Obligation to Report Labor Law-Payroll Violations and Claims

During the term of the Contract, if the Contractor becomes aware of any labor law-payroll violation or any complaint, investigation or proceeding ("claim") concerning any alleged labor law-payroll violation (including but not limited to any violation or claim pertaining to wages, hours and working conditions such as minimum wage, prevailing wage, living wage, the Fair Labor Standards Act, employment of minors, or unlawful employment discrimination), the Contractor must immediately inform the County of any pertinent facts known by the Contractor regarding same. This disclosure obligation is not limited to any labor law-payroll violation or claim arising out of the Contractor's Contract with the County, but instead applies to any labor law-payroll violation or claim arising out of any of the Contractor's operations in California.

9.1.5 County Auditing of Contractor Records

Upon a minimum of **twenty-four (24) hours** written notice, the County may audit, at the Contractor's place of business, any of the Contractor's records pertaining to the Contract, including all documents and information relating to the certified monitoring reports. The Contractor is

required to maintain all such records in California until the expiration of **four (4) years** from the date of final payment under the Contract. Authorized agents of the County must have access to all such records during normal business hours for the entire period that records are to be maintained.

9.1.6 Notifications to Employees

The Contractor must place the County-provided living wage notice at each of the Contractor's places of business and locations where the Contractor's employees are working. The Contractor must also distribute the County-provided notice to each of its employees at least once per year. The Contractor must translate the notice into any other language spoken by a significant number of Contractor's employees.

9.1.7 Enforcement and Remedies

If the Contractor fails to comply with the requirements of this Paragraph, the County will have the rights and remedies described in this Paragraph in addition to any rights and remedies provided by law or equity.

- **Remedies for Submission of Late or Incomplete Certified Monitoring Reports**

If the Contractor submits a certified monitoring report to the County after the date it is due or if the report submitted does not contain all of the required information or is inaccurate or is not properly certified, any such deficiency will constitute a breach of the Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

- 1) Withholding of Payment**

If the Contractor fails to submit accurate, complete, timely and properly certified monitoring reports, the County may withhold from payment to the Contractor up to the full amount of any invoice that would otherwise be due, until the Contractor has satisfied the concerns of the County, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

- 2) Liquidated Damages**

It is mutually understood and agreed that the Contractor's failure to submit an accurate, complete, timely and properly certified monitoring report will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical

to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for the Contractor's breach. Therefore, in the event that a certified monitoring report is deficient, including but not limited to being late, inaccurate, incomplete or uncertified, it is agreed that the County may, in its sole discretion, assess against the Contractor liquidated damages in the amount of **One Hundred Dollars (\$100) per monitoring report for each day until the County has been provided with a properly prepared, complete and certified monitoring report.** The County may deduct any assessed liquidated damages from any payments otherwise due the Contractor.

3) Termination

The Contractor's continued failure to submit accurate, complete, timely and properly certified monitoring reports may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate the Contract.

- **Remedies for Payment of Less Than the Required Living Wage**

If the Contractor fails to pay any employee at least the applicable hourly living wage rate, such deficiency will constitute a breach of the Contract. In the event of any such breach, the County may, in its sole discretion, exercise any or all of the following rights/remedies:

1) Withholding Payment

If the Contractor fails to pay one or more of its employees at least the applicable hourly living wage rate, the County may withhold from any payment otherwise due the Contractor the aggregate difference between the living wage amounts the Contractor was required to pay its employees for a given pay period and the amount actually paid to the employees for that pay period. The County may withhold said amount until the Contractor has satisfied the County that any underpayment has been cured, which may include required submittal of revised certified monitoring reports or additional supporting documentation.

2) Liquidated Damages

It is mutually understood and agreed that the Contractor's failure to pay any of its employees at least the applicable hourly living wage rate will result in damages being sustained by the County. It is also understood and agreed that the nature and amount of the damages will be extremely difficult and impractical to fix; that the liquidated damages set forth herein are the nearest and most exact measure of damages for such breach that can be fixed at this time; and that the liquidated damages are not intended as a penalty or forfeiture for the Contractor's breach. Therefore, it is agreed that the County may, in its sole discretion, assess against the Contractor liquidated damages of **Fifty Dollars (\$50) per employee per day for each and every instance of an underpayment to an employee.** The County may deduct any assessed liquidated damages from any payments otherwise due the Contractor.

3) Termination

The Contractor's continued failure to pay any of its employees the applicable hourly living wage rate may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate the Contract.

- **Debarment**

In the event the Contractor breaches a requirement of this Paragraph, the County may, in its sole discretion, bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach, in accordance with [Los Angeles County Code, Chapter 2.202](#), Determinations of Contractor Non-Responsibility and Contractor Debarment.

9.1.8 Use of Full-Time Employees

The Contractor must assign and use full-time employees of the Contractor to provide services under the Contract unless the Contractor can demonstrate to the satisfaction of the County that it is necessary to use non-full-time employees based on staffing efficiency or County requirements for the work to be performed under the Contract. It is understood and agreed that the Contractor will not, under any circumstance, use non-full-time employees for services provided under the Contract unless and until the County has provided written

authorization for the use of non-full-time employees. The Contractor submitted with its proposal a full-time employee staffing plan. If the Contractor changes its full-time employee staffing plan, the Contractor must immediately provide a copy of the new staffing plan to the County.

9.1.9 Contractor Retaliation Prohibited

The Contractor and/or its employees must not take any adverse action which would result in the loss of any benefit of employment, any contract benefit, or any statutory benefit for any employee, person or entity who has reported a violation of the Living Wage Program to the County or to any other public or private agency, entity or person. A violation of the provisions of this subparagraph may constitute a material breach of the Contract. In the event of such material breach, the County may, in its sole discretion, terminate the Contract.

9.1.10 Contractor Standards

During the term of the Contract, the Contractor will maintain business stability, integrity in employee relations, and the financial ability to pay a living wage to its employees. If requested to do so by the County, the Contractor must demonstrate to the satisfaction of the County that the Contractor is complying with this requirement.

9.1.11 Employee Retention Rights

- The Contractor must offer employment to all retention employees who are qualified for such jobs. A “retention employee” is an individual:
 - 1) Who is not an exempt employee under the minimum wage and maximum hour exemptions defined in the federal Fair Labor Standards Act; and
 - 2) Who has been employed by a contractor under a predecessor Proposition A contract or a predecessor cafeteria services contract with the County for at least six (6) months prior to the date of this Contract, which predecessor contract was terminated by the County prior to its expiration; and
 - 3) Who is or will be terminated from their employment as a result of the County entering into this Contract.
- The Contractor will not be required to hire a retention employee who:
 - 1) Has been convicted of a crime related to the job or his or her performance; or
 - 2) Fails to meet any other County requirement for employees of a Contractor.

- The Contractor will not terminate a retention employee for the first ninety (90) days of employment under the Contract, except for cause. Thereafter, the Contractor may retain a retention employee on the same terms and conditions as the Contractor's other employees.

9.1.12 Neutrality in Labor Relations

The Contractor must not use any consideration received under the Contract to hinder, or to further, organization of, or collective bargaining activities by or on behalf of the Contractor's employees, except that this restriction will not apply to any expenditure made in the course of good faith collective bargaining, or to any expenditure pursuant to obligations incurred under a bona fide collective bargaining Contract, or which would otherwise be permitted under the provisions of the National Labor Relations Act.

9.2 Health Insurance Portability and Accountability Act of 1996 (HIPAA)

- 9.2.1** Contractor expressly acknowledges and agrees that the provision of services under this Agreement does not require or permit access by Contractor or any of its officers, employees, or agents, to any patient medical records/patient information. Accordingly, Contractor will instruct its officers, employees, and agents that they are not to pursue, or gain access to, patient medical records/patient information for any reason whatsoever.
- 9.2.2** Notwithstanding the foregoing, the parties acknowledge that in the course of the provision of services, hereunder, Contractor or its officers, employees, and agents, may have inadvertent access to patient medical records/patient information. Contractor understands and agrees that neither it nor its officers, employees, or agents, are to take advantage of such access for any purpose whatsoever.
- 9.2.3** Additionally, in the event of such inadvertent access, Contractor and its officers, employees, and agents, must maintain the confidentiality of any information obtained and must notify the Director that such access has been gained immediately, or upon the first reasonable opportunity to do so. In the event of any access, whether inadvertent or intentional, Contractor must indemnify, defend, and hold harmless County, its officers, employees, and agents, from and against any and all liability, including but not limited to, actions, claims, costs, demands, expenses, and fees (including attorney and expert witness fees) arising from or connected with Contractor's or its officers', employees', or agents', access to patient medical records/patient information. Contractor agrees to provide appropriate training to its employees regarding their obligations as described hereinabove.

9.3 Information Security and Privacy Requirements

The Supervision of Trustees and Fundraisers for Charitable Purposes Act regulates entities receiving or raising charitable contributions. A Contractor which receives or raises charitable contributions without complying with its obligations under California law commits a material breach subjecting it to either contract termination or debarment proceedings or both. ([County Code Chapter 2.202](#)).

From the website, CSSD should be able to: confirm that a request for service was received by the Contractor, determine the number of days the Contractor has had the document in their possession, determine whether or not service was successful, be able to distinguish between In-State and Out-of-State service requests, and view and print a PDF of the completed proof of service. The Contractor must update the website within **seventy-two (72) hours** of receipt of service documents after each service attempt or a determination of non-service.
- 1.4.2 In cases where status is requested for a service request, status must be provided within **five (5) business days** of request by CSSD for documents within California. In the case of Out-of-State documents, status must be provided within **seventeen (17) business days** of request by CSSD.

1.5 Attempts at Service

- 1.5.1 CSSD will provide to the Contractor, at the time the case is assigned for service, **one (1) residence address** and, if available, **one (1) business address**. The Contractor must make **three (3) attempts** at the place of residence before moving to the place of employment, unless the process server receives reliable information from someone at the place of residence that the person to be served is at the business address at that particular point in time. If the process server acts on that information, the specific details received, as well as the name and identity of the person furnishing that information, must be included in the Declaration of Due Diligence.
- 1.5.2 Contractor must attempt to serve every document received from CSSD.
 - a. **One (1) residence address and one (1) business address is one (1) service request**, for purposes of billing. Additional addresses can be billed separately.
- 1.5.3 Contractor must rely on the address information provided by CSSD and will not make any attempts to locate the party to be served through

independent locate efforts (electronic or otherwise), sometimes referred to as “skip tracing”.

- 1.5.4** When arriving at the address at which service is requested, if Contractor is not able to serve the documents, Contractor must make a reasonable inquiry to verify that the participant resides or works at that address, including speaking with other household residents/co-occupants, neighbors, apartment/resident managers, and current or former employers.
- 1.5.5** Contractor must provide any “locate” information to CSSD, as specified by the County Project Manager, that becomes known through the reasonable inquiry referenced in Section 1.5.4 above that is different from the information provided by CSSD at the time of referral, including, but not limited to home address, employer address, telephone numbers, and places frequently visited by the person to be served.
- 1.5.6** CSSD will provide Contractor special instructions for service, when applicable. When special instructions are provided, Contractor must attempt service using those instructions.

- 1.5.8** The first service attempt for documents within California is to be performed within **ten (10) business days** from the date Contractor receives the service document, unless otherwise noted on the service request. The first service attempt on Out-of-State documents is to be performed within **twenty-five (25) business days** from the date Contractor receives the documents, unless otherwise noted on the service request. The date of receipt is defined in Section 1.2.5. The first attempt date must be documented on field notes and the Declaration of Due Diligence. If **fifteen percent (15%)** or more of the documents received by the Contractor in a month do not meet the first service attempt timeframe specified, a Contract Discrepancy Report (CDR) may be issued.
- 1.5.9** Once Contractor has received the documents, they must continue their attempts at service for up to **sixty (60) calendar days**, for service requests within California, and **ninety (90) calendar days**, for service requests outside of California, unless:
 - a. The documents are successfully served in accordance with the service request and in compliance with all legal requirements.
 - b. Contractor has determined that further attempts at service at the address(es) supplied by CSSD would be futile because it is no longer possible to complete service.
- 1.5.10** **All service must be completed within one hundred fifty (150) days.**

1.6 Service of Documents

- 1.6.1** Personal Service is the preferred method of service. Whenever possible, Contractor must attempt and perform personal service by delivering the service documents to the individual designated on the service instructions.
- a. If the person the process server is serving does not affirmatively admit to being the person upon whom service is intended, the process server must clearly articulate in the field notes what lead them to believe beyond a reasonable doubt that the person being served was the person upon whom service is intended.
- 1.6.2** Where substituted service is necessary, or until inability to serve is determined, Contractor must first attempt personal service on **three (3) different days of the week and at three (3) different times of day with at least one attempt made either before 8:00 a.m. or after 5:00 p.m.** Not only must these attempts be made on different days of the week, they must be made at a time that is at least **four (4) hours before or after the attempts made on any other day.** The documents can be served by substitution on the **fourth (4th) attempt.** The **fourth (4th) attempt can be made on any day and at any time, only after the first three (3) attempts to personally serve, as described above, have been completed.**
- a. CSSD requires the Contractor to make efforts to maximize successful process service, including attempts at different times of day or night and different days of the week.

If the person to be served lives in an apartment, the process server must also take a picture of the apartment door, showing the apartment number. Pictures must be uploaded to the Contractor's website and indexed by case number so that they can be easily retrieved should validity of service be challenged. All uploads must be completed prior to service documents being returned to CSSD.

1.7 Proof of Service

- 1.7.1 Contractor must electronically sign and retain all service documents in a manner required by law. This includes, but is not limited to, the requirement that the electronic signature must be unique to the declarant, capable of verification, under the sole control of the declarant, and linked to data in such a manner that if the data are changed, the electronic signature is invalidated. (California Rule of Court 2.257, Code of Civil Procedures 1010.6)
- 1.7.2 If requested by CSSD, Contractor must provide original wet signatures of the proof of service.

- 1.7.5 The Contractor must provide **two (2) proofs of service forms** with original electronic signatures: 1) **One (1) proof of service** must contain the service address information for the individual served. 2) The **second (2nd) proof of service** must not contain any address information, but instead insert the following paragraph in the space provided for address information:
- “Pursuant to Family Code §17212, the service address is on record with the local child support agency and may be released only upon order of the court. The local child support agency must, upon request of the party served, release to that party the address where service was completed.”
- 1.7.6 If documents are received from CSSD that have to be served Out-of-State, Contractor must, in addition to all of the above requirements, ensure that the Out-of-State affiliate, with whom the Contractor is making arrangements for services, provides an original electronically signed proof of service and a second original electronically signed proof of service with the address redacted and complies with all California laws and regulations related to service of process. Such documents

must be electronically signed unless the Out-of-State affiliate is only able to provide wet signatures.

- 1.7.7** The Declaration of Due Diligence must fully document all attempts at service, including date, time, place, after each service attempt and the reason why service was not completed.
- 1.7.8** Contractor must verify all elements of the Proof of Service and Declaration of Due Diligence, (e.g., date, time, signatures, type of service), are accurate by proofreading all documents prior to them being returned to CSSD.
- 1.7.9** Corrected proof of service documents must be provided, at no cost to CSSD, within **five (5) business days** of request by CSSD for documents within California. 9.0 PERFORMANCE REQUIREMENTS SUMMARY

A Performance Requirements Summary (PRS) chart, Technical Exhibit 3 of this Exhibit A, listing required services that will be monitored by the County during the term of this Contract is an important monitoring tool for the County. The service standards, maximum allowable deviation from perfect performance, and deductions for unacceptable performance which will be monitored by CSSD are listed in the Performance Requirements Summary.

All listings of services used in the PRS are intended to be completely consistent with the Contract and the SOW, and are not meant in any case to create, extend, revise, or expand any obligation of Contractor beyond that defined in the Contract and the SOW. In any case of apparent inconsistency between services as stated in the Contract and the SOW and this PRS, the meaning apparent in the Contract and the SOW will prevail. If any service seems to be created in this PRS which is not clearly and forthrightly set forth in the Contract and the SOW, that apparent service will be null and void and place no requirement on Contractor.

9.1 Contract Monitoring

- 9.1.1** Each month Contractor's performance will be compared to the PRS.

- 9.1.2** For cases served in California, Contractor must maintain a monthly average rate of positive service rate of **no less than seventy percent (70%)** of the total documents processed during the month. This includes personal service and sub-service. Deductions for substandard performance will be applied as stated in the PRS.
- 9.1.3** For cases served outside of California, Contractor must maintain a monthly average rate of positive service rate of **no less than forty percent (40%)** of the total documents processed during the month. This includes personal service and sub-service. Deductions for substandard performance will be applied as stated in the PRS.
- 9.1.4** If Proofs of Service or Declarations of Due Diligence are inaccurate, deductions for substandard performance will be applied as stated in the PRS.

- 9.1.7** County may evaluate Contractor's performance through any or a combination of the following monitoring methods:
- Random sampling
 - 100% inspection
 - User complaints
 - Review of management reports

9.2 Contractor Performance Requirements

9.2.1 Criteria for Acceptable and Unacceptable Performance

Performance of a service listed in the Contract is considered acceptable when the requirements outlined in the Statement of Work are met.

For services reviewed by sampling, Contractor will be required to immediately correct those activities found to be unacceptable. The

correction of problems found will not improve the overall rating of that service, since the sample represents the entire work required.

9.2.2 Remedies for Unacceptable Performance

Performance of a service listed in the Contract is considered unacceptable when the requirements outlined in the SOW are not met.

Contractor is required to implement a formal corrective action plan, subject to approval by the County. In the plan, the Contractor must include reasons for the unacceptable performance, specific steps to return performance to an acceptable level, and monitoring methods to prevent recurrence.

The County's remedies include, but are not limited to:

- a. Reduce payment to Contractor pursuant to the PRS.
- b. Reduce, suspend or terminate this Contract for systematic, deliberate misrepresentation or unacceptable levels of performance.
- c. Failure of the Contractor to comply with or satisfy the request(s) for improvement of performance or to perform the neglected work specified within **ten (10) calendar days** may result in CSSD recalling the documents sent for service and reassigning the work to other Contractor(s) with acceptable performance.

- c. Cooperate with the County to investigate the Incident and seek to identify the specific County Information involved in the Incident upon the County's written request, without charge, unless the Incident was caused by the acts or omissions of the County. As Information about the Incident is collected or otherwise becomes available to the Contractor, and unless prohibited by law, the Contractor must provide Information regarding the nature and consequences of the Incident that are reasonably requested by the County to allow the County to notify affected individuals, government agencies, and/or credit bureaus.
- d. Immediately initiate the appropriate portions of their Business Continuity and/or Disaster Recovery plans in the event of an Incident causing an interference with Information Technology operations.
- e. - f. Allow the County or its third-party designee at the County's election to perform audits and tests of the Contractor's environment that may include, but are not limited to, interviews of relevant employees, review of documentation, or technical inspection of systems, as they relate to the receipt, maintenance, use, retention, and authorized destruction of County Information.

Notwithstanding any other provisions in this Contract and Exhibit, The Contractor will be (i) liable for all damages and fines, (ii) responsible for all corrective action, and (iii) responsible for all notifications arising from an Incident involving County Information caused by the Contractor's weaknesses, negligence, errors, or lack of Information Security or privacy controls or provisions.

15. NON-EXCLUSIVE EQUITABLE REMEDY

The Contractor acknowledges and agrees that due to the unique nature of County Information there can be no adequate remedy at law for any breach of its obligations hereunder, that any such breach may result in irreparable harm to the County, and therefore, that upon any such breach, the County will be entitled to appropriate equitable remedies, and may seek injunctive relief from a court of competent jurisdiction without the necessity of proving actual loss, in addition to whatever remedies are available within law or equity. Any breach of Section 6 CONFIDENTIALITY will constitute a material breach of this Contract and be grounds for immediate termination of this Contract in the exclusive discretion of the County.

16. AUDIT AND INSPECTION

- a. **Self-Audits.** The Contractor must periodically conduct audits, assessments, testing of the system of controls, and testing of Information Security and privacy procedures, including penetration testing, intrusion detection, and firewall configuration reviews. These periodic audits will be conducted by staff certified to perform the specific audit in question at Contractor's sole cost and expense through either (i) an internal independent audit function, (ii) a nationally recognized, external, independent auditor, or (iii) another independent auditor approved by the County.

The Contractor must have a process for correcting control deficiencies that have been identified in the periodic audit, including follow up documentation providing evidence of such corrections. The

Contractor must provide the audit results and any corrective action documentation to the County promptly upon its completion at the County's request. With respect to any other report, certification, or audit or test results prepared or received by the Contractor that contains any County Information, the Contractor must promptly provide the County with copies of the same upon the County's reasonable request, including identification of any failure or exception in the Contractor's Information systems, products, and services, and the corresponding steps taken by the Contractor to mitigate such failure or exception. Any reports and related materials provided to the County pursuant to this Section must be provided at no additional charge to the County.

- b. **County Requested Audits.** At its own expense, the County, or an independent third-party auditor commissioned by the County, will have the right to audit the Contractor's infrastructure, security and privacy practices, Data center, services and/or systems storing or processing County Information via an onsite inspection at least once a year. Upon the County's request the Contractor must complete a questionnaire regarding Contractor's Information Security and/or program. The County will pay for the County requested audit unless the auditor finds that the Contractor has materially breached this Exhibit, in which case the Contractor must bear all costs of the audit; and if the audit reveals material non-compliance with this Exhibit, the County may exercise its termination rights underneath the Contract.

Such audit will be conducted during the Contractor's normal business hours with reasonable advance notice, in a manner that does not materially disrupt or otherwise unreasonably and adversely affect the Contractor's normal business operations. The County's request for the audit will specify the scope and areas (e.g., Administrative, Physical, and Technical) that are subject to the audit and may include, but are not limited to physical controls inspection, process reviews, policy reviews, evidence of external and internal Vulnerability scans, penetration test results, evidence of code reviews, and evidence of system configuration and audit log reviews. It is understood that the results may be filtered to remove the specific Information of other Contractor customers such as IP address, server names, etc. The Contractor must cooperate with the County in the development of the scope and methodology for the audit, and the timing and implementation of the audit. This right of access will extend to any regulators with oversight of the County. The Contractor agrees to comply with all reasonable recommendations that result from such inspections, tests, and audits within reasonable timeframes.

When not prohibited by regulation, the Contractor will provide to the County a summary of: (i) the results of any security audits, security reviews, or other relevant audits, conducted by the Contractor or a third party; and (ii) corrective actions or modifications, if any, the Contractor will implement in response to such audits.

17. PRIVACY AND SECURITY INDEMNIFICATION

In addition to the indemnification provisions in the Contract, the Contractor agrees to indemnify, defend, and hold harmless the County, its Special Districts, elected and appointed officers, agents, employees, and volunteers from and against any and all claims, demands liabilities, damages, judgments, awards, losses, costs, expenses or fees including reasonable attorneys' fees, accounting and other expert, consulting or professional fees, and amounts paid in any settlement arising from, connected with, or relating to:

- The Contractor's violation of any federal and state laws in connection with its accessing, collecting, processing, storing, disclosing, or otherwise using County Information;
- The Contractor's failure to perform or comply with any terms and conditions of this Contract or related agreements with the County; and/or,
- Any Information loss, breach of Confidentiality, or Incident involving any County Information that occurs on the Contractor's systems or networks (including all costs and expenses incurred by the County to remedy the effects of such loss, breach of Confidentiality, or Incident, which may include (i) providing appropriate notice to individuals and governmental authorities, (ii) responding to

individuals' and governmental authorities' inquiries, (iii) providing credit monitoring to individuals, and (iv) conducting litigation and settlements with individuals and governmental authorities).

Notwithstanding the preceding sentences, the County will have the right to participate in any such defense at its sole cost and expense, except that in the event contractor fails to provide County with a full and adequate defense, as determined by County in its sole judgment, County will be entitled to retain its own counsel, including, without limitation, County Counsel, and to reimbursement from contractor for all such costs and expenses incurred by County in doing so. Contractor will not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

UNAX CERTIFICATION

DCSS 0570 (03/16/06)

UNAX is an acronym which is used to describe unauthorized access to or disclosure of federal tax information (FTI). FTI is information obtained from tax returns, such as social security numbers, address, filing status, amount and nature of income, and number of dependents. California Child Support Automation System databases include FTI. FTI may also be embedded in other media, such as paper, CDs, on desktop hard drives, or laptop hard drives. It is not always possible for an employee or contractor to determine whether the source of child support information they access is FTI or another source. Only individuals with a business need to know are authorized to access child support information.

Employees and contractors should not inspect (obtain access and view) or disclose child support information unless there is a business need to do so. There are severe consequences for unauthorized access or disclosure of FTI including:
Criminal Penalties

Unlawful Disclosure	It is against the law for State employees or contractors to willfully disclose FTI to unauthorized persons.
Unlawful Disclosure Consequences	Any violation of the unlawful disclosure rule is a felony punishable by a fine of up to \$5,000, or imprisonment of up to 5 years, or both, plus the costs of prosecution.
Unlawful Inspection	It is against the law for State employees or contractors to willfully inspect (obtain access to and view) FTI unless they are authorized to do so.
Unlawful Inspection Consequences	Any violation of the unlawful inspection rule is punishable by a fine of up to \$1,000, or imprisonment of up to 1 year, or both, plus the costs of prosecution.

Civil Liability

Liability	A taxpayer is entitled to sue an employee or contractor that knowingly or negligently inspects or discloses their FTI.
Damages	Upon a finding of liability, the defendant is liable to the taxpayer in a sum equal to the greater of \$1,000 for each act of unauthorized inspection or disclosure of FTI, or the actual damages sustained by the plaintiff as a result of such unauthorized inspection or disclosure.

I Certify that I have read the above information and understand that I may be subject to civil and criminal penalties if I unlawfully disclose or inspect federal tax information.

CONTRACTOR DATA SECURITY STANDARDS

1. General Security Controls

- A. **Confidentiality Statement.** Contractor Project Representative and Information Security Officer must sign a confidentiality statement (Attachment 2 to this Exhibit). All persons that will be working with LCSA PCSI must sign a Confidentiality Statement (See example in Attachment 3 to this Exhibit). The statement must include at a minimum, General Use, Security and Privacy safeguards, Unacceptable Use, and Enforcement Policies. The statement must be signed by the workforce member **prior** to access to LCSA PCSI. The statement must be renewed annually. Contractor shall retain each person's confidentiality statement for LCSA inspection for a period of three years following contract termination.
- B. **Workstation/Laptop Encryption.** All workstations, laptops, and devices (including smart phones) that process and/or store LCSA PCSI must be encrypted, at a minimum, using a FIPS 140-3 certified algorithm or successor standards, such as Advanced Encryption Standard (AES), with a 128bit key or higher. The encryption solution must be full disk.
- C. **Server Security.** All servers containing LCSA PCSI must be encrypted, at a minimum, using a FIPS 140-3 certified algorithm or successor standards, such as Advanced Encryption Standard (AES), with a 128bit key or higher; and have sufficient administrative, physical, and technical controls in place to protect that data, based upon a risk assessment/system security review.
- D. **Minimum Necessary.** Only the minimum necessary amount of LCSA PCSI required to perform necessary business functions may be copied, downloaded, or exported.
- E. **Removable Media Devices.** All electronic files that contain LCSA PCSI data must be encrypted when stored on any removable media or portable device (i.e., USB thumb drives, floppies, CD/DVD, smart devices tapes, etc.). PCSI must be encrypted, at a minimum, using a FIPS 140-3 certified algorithm or successor standards, such as Advanced Encryption Standard (AES), with a 128bit key or higher
- F. **Antivirus Software.** All workstations, laptops, and other systems that process and/or store LCSA PCSI must install and actively use a comprehensive anti-virus software solution with automatic updates scheduled at least daily.
- G. **Patch Management.** All workstations, laptops, and other systems that process and/or store LCSA PCSI must have operating system and application security patches applied, with system reboot if necessary. There must be a documented patch management process which determines installation timeframe based on risk assessment and vendor recommendations. At a minimum, emergency (vulnerability and active exploit) patches must be applied immediately, while critical (vulnerability and no exploit known) patches must be applied within 30 days. At a maximum, all other applicable patches must be installed within 90 days of vendor release.
- H. **User IDs and Password Controls.** All users must be issued a unique username. Username must be promptly disabled, deleted, or the password changed upon the transfer or termination of an employee with knowledge of the password. Passwords are not to be shared; must not be stored in

readable format on the computer; must be changed every 60 days for privileged accounts or 90 days for non-privileged accounts; and must be changed if revealed or compromised.

- 1) Enforce a minimum password complexity of:
 - Fifteen characters
 - At least one numeric and at least one special character
 - A mixture of at least one uppercase and at least one lowercase letter
 - 2) Enforce password minimum lifetime restriction of one day.
 - 3) Prohibit password reuse for 24 generations.
 - 4) Allow the use of a temporary password for system logon requiring an immediate change to a permanent password.
 - 5) Enforce password-protect system initialization (boot settings).
- I. **Data Sanitization.** All LCSA PCSI must be sanitized using NIST Special Publication 800-88 standard methods for data sanitization when the LCSA PCSI is no longer needed.
- J. **Unique Identification.** Contractor's network security architecture must be able to uniquely identify all access to LCSA PCSI obtained and used in the performance of this Agreement.
- K. **Secure Areas.** Computer monitors, printers, hard copy printouts, or any other forms of information accessed or obtained under the performance of this Agreement must be placed so that they may not be viewed by the public or other unauthorized persons as described in the Agreement.

2. System Security Controls

- A. **System Timeout.** The system must provide an automatic timeout, requiring reauthentication of the user session after no more than 15 minutes of inactivity.
- B. **Warning Banners.** All systems containing LCSA PCSI must display a warning banner each time a user attempts access, stating that data is confidential, systems are logged, and system use is for business purposes only. User must be directed to log off the system if they do not agree with these requirements.
- C. **System Logging.** The system must maintain an automated audit trail which can identify the user or system process which initiates a request for LCSA PCSI, or which alters LCSA PCSI. The audit trail must be date and time stamped, must log both successful and failed accesses, must be read only, and must be restricted to authorized users. This logging must be included for all user privilege levels including, but not limited to, systems administrators. If LCSA PCSI is stored in a database, database logging functionality must be enabled. Audit trail data must be archived for at least three years after occurrence, seven years for systems storing or transmitting FTI.
- D. **Access Controls.** The system must use role-based access controls for all user authentications, enforcing the principle of least privilege.
- E. **Transmission encryption.** All data transmissions of LCSA PCSI outside Contractor's secure internal network must be encrypted using a FIPS 140-3 certified algorithm or successor

standards, such as Advanced Encryption Standard (AES), with a 128bit key or higher. Encryption can be end-to-end at the network level, or the data files containing LCSA PCSI can be encrypted. This requirement pertains to any type of LCSA PCSI in motion such as website access, file transfer, and email.

- F. **Intrusion Detection.** All systems involved in accessing, holding, transporting, and protecting LCSA PCSI that are accessible via the Internet must be protected by a comprehensive intrusion detection and prevention solution.

3. Audit Controls

- A. **System Security Review.** All systems processing and/or storing LCSA PCSI must have at least an annual system risk assessment/security review which provides assurance that administrative, physical, and technical controls are functioning effectively and providing adequate levels of protection. Reviews shall include vulnerability scanning tools.
- B. **Log Reviews.** All systems processing and/or storing LCSA PCSI must have a routine procedure in place to review system logs for unauthorized access.
- C. **Change Control.** All systems processing and/or storing LCSA PCSI must have a documented change control procedure that ensures separation of duties and protects the confidentiality, integrity, and availability of data.

4. Business Continuity / Disaster Recovery Controls

- A. **Disaster Recovery.** Contractor must establish a documented plan to enable continuation of critical business processes and protection of the security of electronic LCSA PCSI in the event of an emergency. Emergency means any circumstance or situation that causes normal computer operations to become unavailable for use in performing the work required under this Agreement for more than 24 hours.
- B. **Data Backup Plan.** Contractor must have established documented procedures to securely backup LCSA PCSI to maintain retrievable exact copies of LCSA PCSI. The backups shall be encrypted. The plan must include a regular schedule for making backups, storing backups offsite, an inventory of backup media, and the amount of time to restore LCSA PCSI should it be lost. At a minimum, the schedule must be a weekly full backup and monthly offsite storage of LCSA data.

5. Paper Document Controls

- A. **Supervision of Data.** LCSA PCSI in paper form shall not be left unattended at any time, unless it is locked in a file cabinet, file room, desk, or office. Unattended means that information is not being observed by an employee authorized to access the information. LCSA PCSI in paper form shall not be left unattended at any time in vehicles or planes and shall not be checked in baggage on commercial airplanes.
- B. **Escorting Visitors.** Visitors to areas where LCSA PCSI is contained shall be escorted and LCSA PCSI shall be kept out of sight while visitors are in the area.

- C. **Confidential Destruction.** LCSA PCSI must be disposed of through confidential means, using NIST Special Publication 800-88 standard methods for data sanitization or successor standards when the LCSA PCSI is no longer needed.
- D. **Removal of Data.** LCSA PCSI must not be removed from the premises of the Contractor except with express written permission of LCSA.
- E. **Faxing.** Faxes containing LCSA PCSI shall not be left unattended and fax machines shall be in secure areas. Faxes shall contain a confidentiality statement notifying persons receiving faxes in error to destroy them. Fax numbers shall be verified with the intended recipient before sending.
- F. **Mailing.** LCSA PCSI shall only be mailed using secure methods. Large volume mailings of LCSA PCSI shall be by a secure, bonded courier with a signature required on receipt. Disks and other transportable media sent through the mail must be encrypted with a LCSA approved solution.
