Agenda #	Relate To	Position	Name	Comments
9.		Favor	Joanne Preece	The Community Clinic Association of Los Angeles County (CCALAC), representing 68 nonprofit community health center organizations that provide care to more than two million patients across Los Angeles County, supports Supervisor Hahn's motion to ensure meaningful engagement with the Cities of Long Beach and Pasadena regarding the Measure ER funding designated for their public health departments. As Measure ER implementation moves forward, continued collaboration among the County, and other health and safety net partners will be critical to ensuring these investments achieve their intended purpose. Long Beach and Pasadena play a vital role in protecting the health of their communities, and engaging both cities early in the implementation process will help ensure the funding is distributed transparently, consistent with the measure approved by voters, and in a manner that strengthens the County's public health infrastructure. CCALAC appreciates Supervisor Hahn's leadership in bringing forward this motion and thanks the Board for moving quickly to implement Measure ER.
			Paul Brown	As a resident of Pasadena, I support the proposed Motion as related to the division of Measure ER resources to support the City of Pasadena Public Health Dept.
