Dear Supervisors:

**ORDINANCE AMENDING TITLE 12 OF THE LOS ANGELES COUNTY CODE UNIFIED
PROGRAM ANNUAL FEES FOR HAZARDOUS WASTE GENERATOR/TIERED PERMITTING,
HAZARDOUS MATERIALS HANDLER, CALIFORNIA ACCIDENTAL RELEASE PREVENTION
PROGRAM, AND ABOVEGROUND PETROLEUM STORAGE TANK PERMITS FOR FISCAL
YEAR 2026-27
(ALL DISTRICTS) (3 VOTES)**

SUBJECT

The Consolidated Fire Protection District of Los Angeles County (District) is requesting the Board of Supervisors' approval to adjust the annual fees for Hazardous Waste Generator/Tiered Permitting, Hazardous Materials Handler, California Accidental Release Prevention (CalARP), and Aboveground Petroleum Storage Tank (APST) Programs, cost recovery of hourly rates for Emergency Operations and Site Mitigation for Fiscal Year (FY) 2026-27; to reduce the fees for facilities that exclusively use carbon dioxide for beverage dispensing and do not have any other reportable hazardous materials; to remove an exemption from the Hazardous Materials Handler program; and to make other non-substantive changes.

**IT IS RECOMMENDED THAT THE BOARD ACTING AS THE GOVERNING BODY OF THE
CONSOLIDATED FIRE PROTECTION DISTRICT OF LOS ANGELES COUNTY AFTER THE
PUBLIC HEARING:**

1. Approve and adopt an ordinance that:
 - a) Adjusts the annual fees for Reinspection, Late Submittal, Hazardous Waste Generator/Tiered Permitting, Hazardous Materials Handler, CalARP, APST Programs, as shown on the fee schedule enclosed (Enclosure B) developed in accordance with the annual adjustment

provisions of the Los Angeles County Code (County Code), as delineated in Sections 12.50.131, 12.52.070, 12.64.040, 12.64.045, 12.64.050, 12.64.060, and 12.70.050, and approved by the Auditor-Controller; and

b) Adjusts cost recovery hourly rates for Emergency Operations and Site Mitigation costs for FY 2026-27, as shown on the fee schedule enclosed (Enclosure B) developed in accordance with the annual adjustment provisions of the County Code, as delineated in Sections 12.56.070, 12.60.080, and approved by the Auditor-Controller; and

c) Removes an exemption from the Hazardous Materials Handler program for facilities regulated by the Los Angeles County Agricultural Commissioner/Weights & Measures (ACWM), as the ACWM is no longer implementing the Hazardous Materials Handler program within Los Angeles County.

2. Find that the adjustment of the annual fees adopted for the purpose of meeting operational expenses and the levying of administrative penalties are exempt from the California Environmental Quality Act (CEQA) pursuant to Section 21080(b)(8) of the Public Resources Code and Section 15273 of Title 14 of the California Code of Regulations (State CEQA Guidelines).

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The District implements the Hazardous Waste Generator/Tiered Permitting, Hazardous Materials Handler, CalARP, and APST Programs under the auspices of the Los Angeles County Certified Unified Program Agency (CUPA).

State law and County Code allow for the recovery of the necessary and reasonable costs to administer these programs. The County Code requires these fees to be adjusted annually. Your Honorable Board established annual fees and adjustment provisions for each of these programs to recover the costs of implementation. Cost recovery hourly rates were also established for emergency responses and site mitigation oversight.

Fee Adjustment

The annual fee adjustments established in accordance with the provisions in the County Code will allow the District to incorporate all Board approved increases in salaries and benefits for FY 2026-27. The fee adjustments will align the fees with the estimated costs of operation, as well as facilitate the single fee billing process mandated by the CUPA and by establishing fair and equitable fees to be billed in FY 2026-27.

The annual adjustment provisions established in the County Code utilize a fee methodology that was initially established by your Board in 1996. The proposed adjustments incorporate changes in program costs that result from changes in salaries, employee benefits and overhead rates, and the number of regulated facilities falling within each fee category. Similarly, annual adjustments to cost recovery rates reflect changes in District costs to administer those services.

Ordinance Changes

The Ordinance amendments (Enclosure A) will involve changes in the fee amounts for all programs

implemented by the District and removes an exemption from the Hazardous Materials Handler program implemented by ACWM, as the ACWM is no longer implementing its Hazardous Materials Handler program within Los Angeles County.

Implementation of Strategic Plan Goals

Approval of the recommended actions is consistent with the County's Strategic Plan North Star 3.E. Data-Driven Decision Making to continually assess and strengthen our efficiency and effectiveness, maximize and leverage resources, ensure fiscal responsibility, and hold ourselves accountable.

FISCAL IMPACT/FINANCING

Fees are apportioned in accordance with program costs to ensure recovery of projected District operating costs. A combination of fees and direct cost recovery billing for specific services offsets current program costs. The proposed revisions in the annual fees (Enclosure B) for the Hazardous Waste Generator/Tiered Permitting, Hazardous Materials Handler, CalARP, and APST programs will allow recovery of the necessary and reasonable costs to implement the programs.

There is no impact to net County cost.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The fee revisions will be effective in all areas under the jurisdiction of the CUPA for FY 2026-27. The cities of Los Angeles and Santa Monica are responsible for generating the FY 2026-27 invoices for the Hazardous Waste Generator/Tiered Permitting Program, and Orange County is responsible for generating the FY 2026-27 invoices for the Hazardous Materials Handler and CalARP program facilities in the City of La Habra. These agencies are currently awaiting finalization of our fee schedule prior to generating invoices for FY 2026-27.

California Health and Safety Code Sections 25404.5(a)(2) and (3) grant authorization to the governing body of the local Certified Unified Program Agencies to establish fees to recover the necessary and reasonable program costs. The Auditor-Controller has reviewed and approved the cost basis and fee adjustments.

California Health and Safety Code, Chapter 6.11, Section 25404.1.1 allows a unified program agency to enforce violations within its jurisdiction and impose administrative penalties, including fees.

This request for approval of the revised fees is made after compliance with all public notification and hearing requirements as specified in Sections 6062 and 66018 of the California Government Code. Proposed ordinance language changes have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The annual adjustments are exempt from the CEQA pursuant to Public Resources Code Section 21080(b)(8) and Section 15273 of the CEQA Guidelines because they involve fees to recover operating costs.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The approval of the annual fee adjustments for the Hazardous Waste Generator/Tiered Permitting,

Hazardous Materials Handler, CalARP, APST programs, and for the cost recovery rates will serve to establish the reasonable and necessary fees for FY 2026-27, facilitate the fiscal year billing process mandated by the CUPA, and assure full recovery of program implementation costs. The annual adjustments fairly allocate changes in program costs to regulated facilities while maintaining the integrity of the original fee methodologies.

CONCLUSION
