

MOTION BY SUPERVISOR LINDSEY P. HORVATH

July 21, 2026

Bright Prospect Will Rogers State Beach Educational Field Trip Parking Fee

Waiver 2026

Bright Prospect, a college-access nonprofit based in Pomona, supports first-generation, low-income students on their journey to and through higher education. They provide robust academic advising, college readiness programming, and unique enrichment activities. On Thursday, July 23, 2026, from 12:00 p.m. to 3:00 p.m., Bright Prospect will host an educational field trip at Will Rogers State Beach for approximately 120–150 high school students and program staff.

During the visit, students will gather for lunch and participate in structured, supervised outdoor activities. Many of the students face significant financial or transportation barriers and have limited access to California’s coastline. This excursion promotes public health and wellness by encouraging physical activity, time in nature, and positive social connection. By removing economic barriers, this trip helps students develop a deeper appreciation for Los Angeles County’s public coastal resources, broadening their perspectives and fostering a stronger connection to their community.
