The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration

Los Angeles, California 90012

Dear Supervisors:

APPROVAL OF A CONTRACT WITH SATELLITE TRACKING OF PEOPLE DBA SECURUS TO PROVIDE COMPREHENSIVE ELECTRONIC MONITORING SERVICES FOR THE COUNTY OF LOS ANGELES PROBATION DEPARTMENT

(ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

The County of Los Angeles Probation Department (Probation) requests approval of a Contract with Satellite Tracking of People (STOP) DBA Securus to provide Comprehensive Electronic Monitoring Services (CEMS).

IT IS RECOMMENDED THAT THE BOARD:

1. Delegate authority to the Chief Probation Officer or his designee to execute a Contract, substantially similar to the attached Contract (Attachment), between Probation and STOP DBA Securus to provide CEMS for a five (5) year period, commencing November 1, 2026, through October 31, 2031, for an estimated amount of \$35,000,000, upon approval as to form by County Counsel.
2. Delegate authority to the Chief Probation Officer, or his designee, to prepare and execute contract modifications that extend the term of the contract for up to two (2) additional, consecutive thirty (30) month periods, for a total of five (5) years, upon approval as to form by County Counsel and subject to the availability of funding
3. Delegate authority to the Chief Probation Officer or his designee to approve: 1) non-material, technical, and administrative changes to the contract, 2) any necessary changes to the scope of

service, and if necessary, 3) termination of the contract, in whole or in part, upon approval as to form by County Counsel.

4. Delegate authority to the Chief Probation Officer, or his designee, to execute modifications to the contract that increase/decrease the contract rates, by an amount not to exceed twenty-five percent (25%) of the original contract rates, and/or extend the term of the contract for up to six (6) additional months for a maximum contract term of ten (10) years and six (6) months pursuant to the terms contained therein, upon approval as to form by County Counsel and subject to the availability of funding.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to obtain approval of a Contract (Attachment) with STOP DBA Securus for CEMS. Contractor will provide all technology, equipment, consumables, systems and related support services, cellular wireless services, accessories, tracking services, data storage, local law enforcement crime scene incident data collection and storage, crime scene correlation mapping analysis and reporting, point pattern analysis, monitoring center support services, training, user manuals, consultation, on-site assistance, and problem analysis including, but not limited to, additional support services.

Implementation of Strategic Plan Goals

The recommended actions support Countywide Strategic Plan North Star 2: Foster Vibrant and Resilient Communities, Focus Area Goal B, Care First, Jails Last. Specifically, it will address Strategy iii, Integrated, Equitable, and Culturally-Responsive Services.

FISCAL IMPACT/FINANCING

Probation has identified funding in its operating budget via net County cost and State AB 109 revenue to cover the initial five-year term of the contract, currently estimated at \$7,000,000 per year. Funding for optional terms and additional unforeseen work and costs will be subject to funding availability, and will be considered as part of the normal budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Contract shall be effective upon its execution by the Chief Probation Officer or his designee, and the initial term will be for a (5) year period, with two (2) optional additional, and consecutive, thirty (30) month extension periods and a subsequent six (6) month-to-month extension period for a total maximum Contract term of ten (10) years and six (6) months. There is no impact on departmental employee relations since this is not a Proposition A contract. Probation has evaluated and determined that the Living Wage Program (County Code Chapter 2.201) does not apply to this Contract.

The Contract (Attachment) contains the Board's required contract provisions, including consideration of qualified county employees targeted for layoffs, and Greater Avenues for Independence/Skills and Training to Achieve Readiness for Tomorrow participants for employment openings, compliance with the Jury Service Ordinance, the Safely Surrendered Baby law, and the Child Support Program.

The Contract (Attachment) has been reviewed and approved as to form by County Counsel. The

County will not request that the Contractor perform any services that exceed the Board-approved contracted amount, scope of work or contract term.

CONTRACTING PROCESS

A comprehensive Request for Proposals (RFP) solicitation process was conducted. Probation released an RFP for CEMS on February 24, 2025. As part of the competitive solicitation process, forty-four (44) solicitation letters were sent to service providers and advertisements were placed in the Los Angeles Times, Nuestra Comunidad and the Lynwood Journal. The solicitation information along with the RFP was also made available through the internet on the County of Los Angeles Internal Services Department and Probation websites. As a result of the solicitation process, twelve (12) potential providers registered for, and attended the Virtual Proposer's Conference (Conference). Four (4) proposals were received and evaluated using the initial "pass/fail" process, which was consistent with the Selection Process and Evaluation Criteria set forth in the RFP.

During the initial screening, all four (4) proposals met the Minimum Mandatory Requirements as stated in the RFP. An evaluation committee was formed to evaluate the four (4) proposals. Financial subject matter experts assessed the Proposers' respective financial viability to perform the work.

The proposer that was rated the highest by the evaluation committee as being the most responsive to the RFP, having demonstrated the experience required, and most closely able to meet the needs of the Department to provide the required services, was STOP DBA Securus. There are no protests pending.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of the recommended action will enable Probation to provide critically needed CEMS.

5.5.7 Intentionally Omitted

5.6 Unresolved Disallowed Costs

Contractor must not invoice the County for disallowed costs under the Contract. Correspondingly, the Contractor must not have unresolved disallowed costs in excess of One Hundred Thousand Dollars (\$100,000) that have been confirmed as disallowed costs by the contracting County department and remain unpaid for a period of six (6) months or more from the date of an Auditor-Controller (A-C) Report. Unless such disallowed costs are the subject of current good faith negotiations, as determined in the sole discretion of the County, non-compliance by Contractor regarding this provision will constitute a material breach of Contract and may result in termination for default, in addition to any other remedies available to the County. Further, if Contractor has been determined to have unresolved disallowed costs in excess of \$100,000 for longer than six months since the date of the A-C Report, they will be disqualified from future County solicitations unless such disallowed costs are the subject of good faith negotiations to resolve the disallowed costs, in the sole opinion of the County, or have been resolved.

5.7 Intentionally Omitted

5.8 Default Method of Payment: Direct Deposit or Electronic Funds Transfer

- 5.8.1 The County, at its sole discretion, has determined that the most efficient and secure default form of payment for goods and/or services provided under an agreement/contract with the County will be Electronic Funds Transfer (EFT) or direct deposit, unless an alternative method of payment is deemed appropriate by the Auditor-Controller (A-C).
- 5.8.2 The Contractor must submit a direct deposit authorization request via the website <https://directdeposit.lacounty.gov> with banking and vendor information, and any other information that the A-C determines is reasonably necessary to process the payment and comply with all accounting, record keeping, and tax reporting requirements.
- 5.8.3 Any provision of law, grant, or funding agreement requiring a specific form or method of payment other than EFT or direct deposit will supersede this requirement with respect to those payments.
- 5.8.4 At any time during the duration of the Contract, a Contractor may submit a written request for an exemption to this requirement. Such request must be based on specific legal, business or operational needs and explain why the payment method designated by the A-C is not feasible and an alternative is necessary. This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in [Sections 2.203.010 through 2.203.090 of the Los Angeles County Code](#).

8.8.2 Written Employee Jury Service Policy

8.8.2.1 Unless the Contractor has demonstrated to the County's satisfaction either that the Contractor is not a "Contractor" as defined under the Jury Service Program ([Section 2.203.020 of the County Code](#)) or that the Contractor qualifies for an exception to the Jury Service Program ([Section 2.203.070 of the County Code](#)), the Contractor must have and adhere to a written policy that provides that its Employees will receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. The policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.

8.8.2.2 For purposes of this paragraph, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of fifty thousand dollars (\$50,000) or more in any twelve (12) month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full-time employee of the Contractor. "Full-time" means forty (40) hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as

determined by the County, or 2) Contractor has a long-standing practice that defines the lesser number of hours as full-time. Full-time employees providing short-term, temporary services of ninety (90) days or less within a twelve (12) month period are not considered full-time for purposes of the Jury Service Program. If the Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor will also be subject to the provisions of this paragraph. The provisions of this paragraph will be inserted into any such subcontract agreement and a copy of the Jury Service Program must be attached to the Contract.

8.8.2.3 If the Contractor is not required to comply with the Jury Service Program when the Contract commences, the Contractor will have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and the Contractor must immediately notify the County if the Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if the Contractor no longer qualifies for an exception to the Jury Service Program. In either event, the Contractor must immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sole discretion, that the Contractor demonstrate, to the County's satisfaction that the Contractor either continues to remain outside of the Jury Service Program's definition of "Contractor" and/or that the Contractor continues to qualify for an exception to the Program.

8.8.2.4 The Contractor's violation of this paragraph of the Contract may constitute a material breach of the Contract. In the event of such material breach, County may, in its sole discretion, terminate the Contract and/or bar the Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

8.9 Conflict of Interest

8.9.1 No County employee whose position with the County enables such employee to influence the award of this Contract or any competing contract, and no spouse or economic dependent of such employee, will be employed in any capacity by the Contractor or have any other direct or indirect financial interest in this Contract. No officer or

employee of the Contractor who may financially benefit from the performance of work hereunder will in any way participate in the County's approval, or ongoing evaluation, of such work, or in any way attempt to unlawfully influence the County's approval or ongoing evaluation of such work.

8.9.2 The Contractor must comply with all conflict-of-interest laws, ordinances, and regulations now in effect or hereafter to be enacted during the term of this Contract. The Contractor warrants that it is not now aware of any facts that create a conflict of interest. If the Contractor hereafter becomes aware of any facts that might reasonably be expected to create a conflict of interest, it must immediately make full written disclosure of such facts to the County. Full written disclosure must include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances. Failure to comply with the provisions of this paragraph will be a material breach of this Contract.

8.10 Consideration of Hiring County Employees Targeted for Layoff or Who are on a County Re-Employment List

Should the Contractor require additional or replacement personnel after the effective date of this Contract to perform the services set forth herein, the Contractor must give first consideration for such employment openings to qualified, permanent County employees who are targeted for layoff or qualified, former County employees who are on a re-employment list during the life of this Contract.

8.11 Consideration of Hiring GAIN/START Participants

8.11.1 Should the Contractor require additional or replacement personnel after the effective date of this Contract, the Contractor will give consideration for any such employment openings to participants in the County's Department of Public Social Services Greater Avenues for Independence (GAIN) Program or Skills and Training to Achieve Readiness for Tomorrow (START) Program who meet the contractor's minimum qualifications for the open position. For this purpose, consideration will mean that the Contractor will interview qualified candidates. The County will refer GAIN/START participants by job category to the Contractor. Contractors must report all job openings with job requirements to: gainstart@dpss.lacounty.gov and BServices@opportunity.lacounty.gov and DPSS will refer qualified GAIN/START job candidates.

- 8.11.2 In the event that both laid-off County employees and GAIN/START participants are available for hiring, County employees must be given first priority.

8.12 Contractor Responsibility and Debarment

8.12.1 Responsible Contractor

A responsible contractor is a contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

8.12.2 Chapter 2.202 of the County Code

The Contractor is hereby notified that, in accordance with [Chapter 2.202 of the County Code](#), if the County acquires information concerning the performance of the Contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the Contract, debar the Contractor from bidding or proposing on, or being awarded, and/or performing work on County contracts for a specified period of time, which generally will not exceed five (5) years but may exceed five (5) years or be permanent if warranted by the circumstances, and terminate any or all existing contracts the Contractor may have with the County.

8.12.3 Non-responsible Contractor

The County may debar a contractor if the Board finds, in its discretion, that the Contractor has done any of the following: 1) violated a term of a contract with the County or a nonprofit corporation created by the County, 2) committed an act or omission which negatively reflects on the Contractor's quality, fitness or capacity to perform a contract with the County, any other public entity, or a nonprofit corporation created by the County, or engaged in a pattern or practice which negatively reflects on same, 3) committed an act or offense which indicates a lack of business integrity or business honesty, or 4) made or submitted a false claim against the County or any other public entity.

8.12.4 Contractor Hearing Board

- 8.12.4.1 If there is evidence that the Contractor may be subject to debarment, the Department will notify the Contractor in writing of the evidence which is the basis for the proposed

debarment and will advise the Contractor of the scheduled date for a debarment hearing before the Contractor Hearing Board.

- 8.12.4.2 The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. The Contractor and/or the Contractor's representative will be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which will contain a recommendation regarding whether the Contractor should be debarred, and, if so, the appropriate length of time of the debarment. The Contractor and the Department will be provided an opportunity to object to the tentative proposed decision prior to its presentation to the Board.
- 8.12.4.3 After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision, and any other recommendation of the Contractor Hearing Board will be presented to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.
- 8.12.4.4 If a Contractor has been debarred for a period longer than five (5) years, that Contractor may after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. The County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that the Contractor has adequately demonstrated one or more of the following: 1) elimination of the grounds for which the debarment was imposed; 2) a bona fide change in ownership or management; 3) material evidence discovered after debarment was imposed; or 4) any other reason that is in the best interests of the County.
- 8.12.4.5 The Contractor Hearing Board will consider a request for review of a debarment determination only where 1) the Contractor has been debarred for a period longer than five (5) years; 2) the debarment has been in effect for at least five (5) years; and 3) the request is in writing, states one or more of the grounds for reduction of the

debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board will conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing will be conducted and the request for review decided by the Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

- 8.12.4.6 The Contractor Hearing Board's proposed decision will contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board will present its proposed decision and recommendation to the Board. The Board will have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

The Contractor, and its subcontractor(s), can access posters and other program material at babysafela.org.

8.14 Contractor's Warranty of Adherence to County's Child Support Compliance Program

If improvement does not occur consistent with the corrective action measures, the County may terminate this Contract or impose other penalties as specified in this Contract.

8.16 Damage to County Facilities, Buildings or Grounds

- 8.16.1 The Contractor will repair, or cause to be repaired, at its own cost, any and all damage to County facilities, buildings, or grounds caused by the Contractor or employees or agents of the Contractor. Such repairs must be made immediately after the Contractor has become aware of such damage, but in no event later than thirty (30) days

after the occurrence.

- 8.16.2 If the Contractor fails to make timely repairs, County may make any necessary repairs. All costs incurred by County, as determined by County, for such repairs must be repaid by the Contractor by cash payment upon demand.

8.17 Employment Eligibility Verification

- 8.17.1 The Contractor warrants that it fully complies with all federal and state statutes and regulations regarding the employment of aliens and others and that all its employees performing work under this Contract meet the citizenship or alien status requirements set forth in federal and state statutes and regulations. The Contractor must obtain from all employees performing work hereunder, all verification and other documentation of employment eligibility status required by federal and state statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986, (P.L. 99-603), or as they currently exist and as they may be hereafter amended. The facsimile, email or electronic signature of the parties will be deemed to constitute original signatures, and facsimile or electronic copies hereof will be deemed to constitute duplicate originals.

The County and the Contractor hereby agree to regard electronic representations of original signatures of authorized officers of each party, when appearing in appropriate places on the Amendments prepared pursuant to Paragraph 8.1 (Amendments) and received via communications facilities (facsimile, email or electronic signature), as legally sufficient evidence that such legally binding signatures have been affixed to Amendments to this Contract.

8.20 Force Majeure

- 8.20.1 Neither party will be liable for such party's failure to perform its obligations under and in accordance with this Contract, if such failure arises out of fires, floods, epidemics, quarantine restrictions, other natural occurrences, strikes, lockouts (other than a lockout by such party or any of such party's subcontractors), freight embargoes, or other similar events to those described above, but in every such case the failure to perform must be totally beyond the control and without any fault or negligence of such party (such events are referred to in this paragraph as "force majeure events").
- 8.20.2 Notwithstanding the foregoing, a default by a subcontractor of Contractor will not constitute a force majeure event, unless such default arises out of causes beyond the control of both Contractor and such subcontractor, and without any fault or negligence of either of them. In such case, Contractor will not be liable for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit Contractor to meet the required performance schedule. As used in this subparagraph, the term "subcontractor" and "subcontractors" mean subcontractors at any tier.
- 8.20.3 In the event Contractor's failure to perform arises out of a force majeure event, Contractor agrees to use commercially reasonable best efforts to obtain goods or services from other sources, if applicable, and to otherwise mitigate the damages and reduce the delay caused by such force majeure event.

8.21 Governing Law, Jurisdiction, and Venue

This Contract will be governed by, and construed in accordance with, the laws of the State of California. The Contractor agrees and consents to the exclusive jurisdiction of the courts of the State of California for all purposes

- 8.22.1 This Contract is by and between the County and the Contractor and is not intended, and must not be construed, to create the relationship of agent, servant, employee, partnership, joint venture, or association, as between the County and the Contractor. The employees and agents of one party must not be, or be construed to be, the employees or agents of the other party for any purpose whatsoever.
- 8.22.2 The Contractor will be solely liable and responsible for providing to, or on behalf of, all persons performing work pursuant to this Contract all compensation and benefits. The County will have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, disability benefits, federal, state, or local taxes, or other compensation, benefits, or taxes for any personnel provided by or on behalf of the Contractor.

8.24 General Provisions for all Insurance Coverage

8.24.1 Without limiting Contractor's indemnification of County, and in the performance of this Contract and until all of its obligations pursuant to this Contract have been met, Contractor must provide and maintain at its own expense insurance coverage satisfying the requirements specified in Paragraphs 8.24 and 8.25 of this Contract. These minimum insurance coverage terms, types and limits (the "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Contract. The County in no way warrants that the Required Insurance is sufficient to protect the Contractor for liabilities which may arise from or relate to this Contract.

8.24.2 Evidence of Coverage and Notice to County

8.24.2.5 Certificates and copies of any required endorsements must be sent to:

8.24.3 Additional Insured Status and Scope of Coverage

The County, its Special Districts, Elected Officials, Officers, Agents, employees and volunteers (collectively County and its Agents) must be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. County and its Agents additional insured status will apply with respect to liability and defense of suits arising out of the Contractor's acts or omissions, whether such liability is attributable to the Contractor or to the County. The full policy limits and scope of protection also must apply to the County and its Agents as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

The written notice must be provided to County at least ten (10) days in advance of cancellation for non-payment of premium and thirty (30) days in advance for any other cancellation or policy change. Failure to provide written notice of cancellation or any change in Required Insurance may constitute a material breach of the Contract, in the sole discretion of the County, upon which the County may suspend or terminate this Contract.

8.24.5 Failure to Maintain Insurance

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance will constitute a material breach of the Contract, upon which County immediately may withhold payments due to Contractor, and/or suspend or terminate this Contract. County, at its sole discretion, may obtain damages from Contractor resulting from said breach. Alternatively, the County may purchase the Required Insurance, and without further notice to Contractor, deduct the premium cost from sums due to Contractor or pursue Contractor reimbursement.

8.24.6 Insurer Financial Ratings

Coverage must be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII unless otherwise approved by County.

8.24.7 Contractor's Insurance Must Be Primary

Any County maintained insurance or self-insurance coverage must be in excess of and not contribute to any Contractor coverage.

8.24.8 Waivers of Subrogation

To the fullest extent permitted by law, the Contractor hereby waives its rights and its insurer(s)' rights of recovery against County under all the Required Insurance for any loss arising from or relating to this Contract. The Contractor must require its insurers to execute

any waiver of subrogation endorsements which may be necessary to effect such waiver.

8.24.9 Subcontractor Insurance Coverage Requirements

Contractor must include all subcontractors as insureds under Contractor's own policies or must provide County with each subcontractor's separate evidence of insurance coverage. Contractor will be responsible for verifying each subcontractor complies with the Required Insurance provisions herein and must require that each subcontractor name the County and Contractor as additional insureds on the subcontractor's General Liability policy. Contractor must obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.

8.24.10 Deductibles and Self-Insured Retentions (SIRs)

Contractor's policies will not obligate the County to pay any portion of any Contractor deductible or SIR. The County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects the County, or to provide a bond guaranteeing Contractor's payment of all deductibles and SIRs, including all related claims investigation, administration and defense expenses. Such bond must be executed by a corporate surety licensed to transact business in the State of California.

8.24.11 Claims Made Coverage

If any part of the Required Insurance is written on a claims made basis, any policy retroactive date must precede the effective date of this Contract. Contractor understands and agrees it will maintain such coverage for a period of not less than three (3) years following Contract expiration, termination or cancellation.

8.24.12 Application of Excess Liability Coverage

Contractors may use a combination of primary, and excess insurance policies which provide coverage as broad as ("follow form" over) the underlying primary policies, to satisfy the Required Insurance provisions.

The Contractor must add the County as an additional insured to its cyber liability insurance policy and provide to the County certificates of insurance evidencing the foregoing upon the County's request. The procuring of the insurance described herein, or delivery of the certificates of insurance described herein, will not be construed as a limitation upon the Contractor's liability or as full performance of its indemnification obligations hereunder. No exclusion/restriction for unencrypted portable devices/media may be on the policy.

8.25.10 Intentionally Omitted

8.26 Liquidated Damages

8.26.1 If, in the judgment of the Chief Probation Officer, or his/her designee, the Contractor is deemed to be non-compliant with the terms and obligations assumed hereby, the Chief Probation Officer, or his/her designee, at their option, in addition to, or in lieu of, other remedies provided herein, may withhold the entire monthly payment or deduct pro rata from the Contractor's invoice for work not performed. A description of the work not performed and the amount to be withheld or deducted from payments to the Contractor from the County, will be forwarded to the Contractor by the Director, or their designee, in a written notice describing the reasons for said action.

8.26.2 If the Chief Probation Officer, or his/her designee, determines that there are deficiencies in the performance of this Contract that the Chief Probation Officer, or his/her designee, deems are correctable by the Contractor over a certain time span, the Chief Probation

Officer, or his/her designee, will provide a written notice to the Contractor to correct the deficiency within specified time frames. Should the Contractor fail to correct deficiencies within said time frame, the Chief Probation Officer, or their designee, may:

- (a) Deduct from the Contractor's payment, pro rata, those applicable portions of the Monthly Contract Sum; and/or
- (b) Deduct liquidated damages. The parties agree that it will be impracticable or extremely difficult to fix the extent of actual damages resulting from the failure of the Contractor to correct a deficiency within the specified time frame. The parties hereby agree that under the current circumstances a reasonable estimate of such damages is one hundred dollars (\$100) per day per infraction, or as specified in the Exhibit P (Performance Requirements Summary (PRS) Chart) of Exhibit A (Statement of Work) hereunder, and that the Contractor will be liable to the County for liquidated damages in said amount. Said amount will be deducted from the County's payment to the Contractor; and/or
- (c) Upon giving five (5) days' notice to the Contractor for failure to correct the deficiencies, the County may correct any and all deficiencies and the total costs incurred by the County for completion of the work by an alternate source, whether it be County forces or separate private Contractor, will be deducted and forfeited from the payment to the Contractor from the County, as determined by the County.

8.26.3 The action noted in Subparagraph 8.26.2 must not be construed as a penalty, but as adjustment of payment to the Contractor to recover the County cost due to the failure of the Contractor to complete or comply with the provisions of this Contract.

8.26.4 This paragraph must not, in any manner, restrict or limit the County's right to damages for any breach of this Contract provided by law or as specified in the PRS or Subparagraph 8.26.2, and must not, in any manner, restrict or limit the County's right to terminate this Contract as agreed to herein.

8.27 Most Favored Public Entity

If the Contractor's prices decline or should the Contractor at any time during the term of this Contract provide the same goods or services under similar quantity and delivery conditions to the state of California or any county, municipality, or district of the state at prices below those set forth in this

Contract, then such lower prices must be immediately extended to the County.

8.28 Nondiscrimination and Affirmative Action

8.28.1 The Contractor certifies and agrees that all persons employed by it, its affiliates, subsidiaries, or holding companies are and will be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable federal and state anti-discrimination laws and regulations.

8.28.2 Contractor certifies to the County each of the following:

- That Contractor has a written policy statement prohibiting discrimination in all phases of employment.
- That Contractor periodically conducts a self-analysis or utilization analysis of its work force.
- That Contractor has a system for determining if its employment practices are discriminatory against protected groups.
- Where problem areas are identified in employment practices, the Contractor has a system for taking reasonable corrective action, to include establishment of goals or timetables.

8.28.3 The Contractor must take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, in compliance with all applicable federal and state anti-discrimination laws and regulations. Such action must include, but is not limited to employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

8.28.4 The Contractor certifies and agrees that it will deal with its subcontractors, bidders, or vendors without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation.

8.28.5 The Contractor certifies and agrees that it, its affiliates, subsidiaries, or holding companies will comply with all applicable

federal and state laws and regulations to the end that no person will, on the grounds of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status, or political affiliation, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under this Contract or under any project, program, or activity supported by this Contract.

8.28.6 The Contractor will allow County representatives access to the Contractor's employment records during regular business hours to verify compliance with the provisions of this Paragraph 8.28 (Nondiscrimination and Affirmative Action) when so requested by the County.

8.28.7 If the County finds that any provisions of this Paragraph 8.28 (Nondiscrimination and Affirmative Action) have been violated, such violation will constitute a material breach of this Contract upon which the County may terminate or suspend this Contract. While the County reserves the right to determine independently that the anti-discrimination provisions of this Contract have been violated, in addition, a determination by the California Fair Employment and Housing Commission or the Federal Equal Employment Opportunity Commission that the Contractor has violated federal or state anti-discrimination laws or regulations will constitute a finding by the County that the Contractor has violated the anti-discrimination provisions of this Contract.

8.28.8 The parties agree that in the event the Contractor violates any of the anti-discrimination provisions of this Contract, the County will, at its sole option, be entitled to the sum of five hundred dollars (\$500) for each such violation pursuant to California Civil Code Section 1671 as liquidated damages in lieu of terminating or suspending this Contract.

8.29 Non Exclusivity

Nothing herein is intended nor will be construed as creating any exclusive arrangement with the Contractor. This Contract will not restrict County from acquiring similar, equal or like goods and/or services from other entities or sources.

8.30 Notice of Delays

Except as otherwise provided under this Contract, when either party has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this Contract, that party must, within one

(1) business day, give notice thereof, including all relevant information with respect thereto, to the other party.

8.31 Notice of Disputes

The Contractor must bring to the attention of the County's Program Manager and/or County's Contract Manager any dispute between the County and the Contractor regarding the performance of services as stated in this Contract. If the County's Program Manager or County's Contract Manager is not able to resolve the dispute, the Chief Probation Officer or designee will resolve it.

8.32 Notice to Employees Regarding the Federal Earned Income Credit

The Contractor must notify its employees, and will require each subcontractor to notify its employees that they may be eligible for the Federal Earned Income Credit under the federal income tax laws. Such notice must be provided in accordance with the requirements set forth in Internal Revenue Service Notice No. 1015.

8.33 Notices

All notices or demands required or permitted to be given or made under this Contract must be in writing and will be hand delivered with signed receipt or mailed by first class registered or certified mail, postage prepaid, addressed to the parties as identified in Exhibits D (County's Administration) and E (Contractor's Administration). Addresses may be changed by either party giving ten (10) days prior written notice thereof to the other party. The Chief Probation Officer or designee will have the authority to issue all notices or demands required or permitted by the County under this Contract.

8.34 Prohibition Against Inducement or Persuasion

Notwithstanding the above, the Contractor and the County agree that, during the term of this Contract and for a period of one year thereafter, neither party will in any way intentionally induce or persuade any employee of one party to become an employee or agent of the other party. No bar exists against any hiring action initiated through a public announcement.

8.35 Public Records Act

8.35.1 Any documents submitted by the Contractor; all information obtained in connection with the County's right to audit and inspect the Contractor's documents, books, and accounting records pursuant to Paragraph 8.37 (Record Retention and Inspection-Audit Settlement) of this Contract; as well as those documents

which were required to be submitted in response to the Request for Proposals (RFP) used in the solicitation process for this Contract, become the exclusive property of the County. All such documents become a matter of public record and will be regarded as public records. Exceptions will be those elements in the [California Government Code Section 7921 et seq.](#) (Public Records Act) and which are marked “trade secret”, “confidential”, or “proprietary”. The County will not in any way be liable or responsible for the disclosure of any such records including, without limitation, those so marked, if disclosure is required by law, or by an order issued by a court of competent jurisdiction.

- 8.35.2 In the event the County is required to defend an action on a Public Records Act request for any of the aforementioned documents, information, books, records, and/or contents of a proposal marked “trade secret”, “confidential”, or “proprietary”, the Contractor agrees to defend and indemnify the County from all costs and expenses, including reasonable attorney’s fees, in action or liability arising under the Public Records Act.

8.36 Publicity

- 8.36.1 The Contractor must not disclose any details in connection with this Contract to any person or entity except as may be otherwise provided hereunder or required by law. However, in recognizing the Contractor’s need to identify its services and related clients to sustain itself, the County will not inhibit the Contractor from publishing its role under this Contract within the following conditions:
 - 8.36.1.1 The Contractor must develop all publicity material in a professional manner; and
 - 8.36.1.2 During the term of this Contract, the Contractor will not, and will not authorize another to, publish or disseminate any commercial advertisements, press releases, feature articles, or other materials using the name of the County without the prior written consent of the County’s Program Manager.
- 8.36.2 The Contractor may, without the prior written consent of the County, indicate in its proposals and sales materials that it has been awarded this Contract with the County, provided that the requirements of this Paragraph 8.36 (Publicity) will apply.

8.37 Record Retention and Inspection-Audit Settlement

- 8.37.1 The Contractor must maintain accurate and complete financial records of its activities and operations relating to this Contract in accordance with generally accepted accounting principles. The Contractor must also maintain accurate and complete employment and other records relating to its performance of this Contract. The Contractor agrees that the County, or its authorized representatives, will have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or record relating to this Contract. All such material, including, but not limited to, all financial records, bank statements, cancelled checks or other proof of payment, timecards, sign-in/sign-out sheets and other time and employment records, and proprietary data and information, will be kept and maintained by the Contractor and will be made available to the County during the term of this Contract and for a period of five (5) years (departments may customize based on department policy) thereafter unless the County's written permission is given to dispose of any such material prior to such time. All such material must be maintained by the Contractor at a location in Los Angeles County, provided that if any such material is located outside of Los Angeles County, then, at the County's option, the Contractor will pay the County for travel, per diem, and other costs incurred by the County to examine, audit, excerpt, copy, or transcribe such material at such other location.
- 8.37.2 In the event that an audit of the Contractor is conducted specifically regarding this Contract by any federal or state auditor, or by any auditor or accountant employed by the Contractor or otherwise, then the Contractor must file a copy of such audit report with the County's Auditor Controller within thirty (30) days of the Contractor's receipt thereof, unless otherwise provided by applicable federal or state law or under this Contract. Subject to applicable law, the County will make a reasonable effort to maintain the confidentiality of such audit report(s)
- 8.37.3 Failure on the part of the Contractor to comply with any of the provisions of this subparagraph will constitute a material breach of this Contract upon which the County may terminate or suspend this Contract.
- 8.37.4 If, at any time during the term of this Contract or within five (5) years (departments may customize) after the expiration or termination of this Contract, representatives of the County conduct an audit of the Contractor regarding the work performed under this Contract, and if such audit finds that the County's dollar liability for any such work

is less than payments made by the County to the Contractor, then the difference must be either: a) repaid by the Contractor to the County by cash payment upon demand or b) at the sole option of the County's Auditor-Controller, deducted from any amounts due to the Contractor from the County, whether under this Contract or otherwise. If such audit finds that the County's dollar liability for such work is more than the payments made by the County to the Contractor, then the difference will be paid to the Contractor by the County by cash payment, provided that in no event will the County's maximum obligation for this Contract exceed the funds appropriated by the County for the purpose of this Contract.

8.38 Recycled Bond Paper

Consistent with the Board policy to reduce the amount of solid waste deposited at the County landfills, the Contractor agrees to use recycled-content paper to the maximum extent possible on this Contract.

8.39 Subcontracting

- 8.39.1 The requirements of this Contract may not be subcontracted by the Contractor **without the advance approval of the County**. Any attempt by the Contractor to subcontract without the prior consent of the County may be deemed a material breach of this Contract.
- 8.39.2 If the Contractor desires to subcontract, the Contractor must provide the following information promptly at the County's request:
 - 8.39.2.1 A description of the work to be performed by the subcontractor.
 - 8.39.2.2 A draft copy of the proposed subcontract; and
 - 8.39.2.3 Other pertinent information and/or certifications requested by the County.
- 8.39.3 The Contractor must indemnify, defend, and hold the County harmless with respect to the activities of each and every subcontractor in the same manner and to the same degree as if such subcontractor(s) were the Contractor employees.
- 8.39.4 The Contractor will remain fully responsible for all performances required of it under this Contract, including those that the

Contractor has determined to subcontract, notwithstanding the County's approval of the Contractor's proposed subcontract.

- 8.39.5 The County's consent to subcontract will not waive the County's right to prior and continuing approval of any and all personnel, including subcontractor employees, providing services under this Contract. The Contractor is responsible to notify its subcontractors of this County right.
- 8.39.6 The County's Contract Manager is authorized to act for and on behalf of the County with respect to approval of any subcontract and subcontractor employees. After approval of the subcontract by the County, Contractor must forward a fully executed subcontract to the County for their files.
- 8.39.7 The Contractor will be solely liable and responsible for all payments or other compensation to all subcontractors and their officers, employees, agents, and successors in interest arising through services performed hereunder, notwithstanding the County's consent to subcontract.
- 8.39.8 The Contractor must obtain certificates of insurance, which establish that the subcontractor maintains all the programs of insurance required by the County from each approved subcontractor. Before any subcontractor employee may perform any work hereunder, Contractor must ensure delivery of all such documents to:

8.40 Termination for Breach of Warranty to Maintain Compliance with County's Child Support Compliance Program

Failure of the Contractor to maintain compliance with the requirements set forth in Paragraph 8.14 (Contractor's Warranty of Adherence to County's Child Support Compliance Program) will constitute default under this Contract. Without limiting the rights and remedies available to the County under any other provision of this Contract, failure of the Contractor to cure such default within ninety (90) calendar days of written notice will be grounds upon which the County may terminate this Contract pursuant to

Paragraph 8.42 (Termination for Default) and pursue debarment of the Contractor, pursuant to [County Code Chapter 2.202](#).

8.41 Termination for Convenience

- 8.41.1 This Contract may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Termination of work hereunder will be effectuated by notice of termination to the Contractor specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective. The date upon which such termination becomes effective will be no less than ten (10) days after the notice is sent.
- 8.41.2 After receipt of a notice of termination and except as otherwise directed by the County, the Contractor must:
 - 8.41.2.1 Stop work under this Contract on the date and to the extent specified in such notice, and
 - 8.41.2.2 Complete performance of such part of the work as would not have been terminated by such notice.
- 8.41.3 All material including books, records, documents, or other evidence bearing on the costs and expenses of the Contractor under this Contract shall be maintained by the Contractor in accordance with Paragraph 8.37 (Record Retention and Inspection-Audit Settlement).

8.42 Termination for Default

- 8.42.1 The County may, by written notice to the Contractor, terminate the whole or any part of this Contract, if, in the judgment of the County's Contract Manager:
 - 8.42.1.1 The Contractor has materially breached this Contract; or
 - 8.42.1.2 The Contractor fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required either under this Contract; or
 - 8.42.1.3 The Contractor fails to demonstrate a high probability of timely fulfillment of performance requirements under this Contract, or of any obligations of this Contract and in either case, fails to demonstrate convincing progress toward a cure within five (5) working days (or such longer

period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

- 8.42.2 In the event that the County terminates this Contract in whole or in part as provided in Paragraph 8.42.1, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated. The Contractor will be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. The Contractor will continue the performance of this Contract to the extent not terminated under the provisions of this paragraph.
- 8.42.3 Except with respect to defaults of any subcontractor, the Contractor will not be liable for any such excess costs of the type identified in Paragraph 8.42.2 if its failure to perform this Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of federal or state governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a subcontractor, and if such default arises out of causes beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either of them, the Contractor will not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the subcontractor were obtainable from other sources in sufficient time to permit the Contractor to meet the required performance schedule. As used in this paragraph, the term "subcontractor(s)" means subcontractor(s) at any tier.
- 8.42.4 If, after the County has given notice of termination under the provisions of Paragraph 8.42 (Termination for Default) it is determined by the County that the Contractor was not in default under the provisions of Paragraph 8.42 (Termination for Default) or that the default was excusable under the provisions of subparagraph 8.42.3, the rights and obligations of the parties will be the same as if the notice of termination had been issued pursuant to Paragraph 8.41 (Termination for Convenience).

- 8.42.5 The rights and remedies of the County provided in this Paragraph 8.42 (Termination for Default) will not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

8.43 Termination for Improper Consideration

- 8.43.1 The County may, by written notice to the Contractor, immediately terminate the right of the Contractor to proceed under this Contract if it is found that consideration, in any form, was offered or given by the Contractor, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing the Contract or securing favorable treatment with respect to the award, amendment, or extension of the Contract or the making of any determinations with respect to the Contractor's performance pursuant to the Contract. In the event of such termination, the County will be entitled to pursue the same remedies against the Contractor as it could pursue in the event of default by the Contractor.
- 8.43.2 The Contractor must immediately report any attempt by a County officer, employee, or agent to solicit such improper consideration. The report must be made to the Los Angeles County Fraud Hotline at (800) 544-6861 or <https://fraud.lacounty.gov/>.
- 8.43.3 Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, or tangible gifts.

8.44 Termination for Insolvency

- 8.44.1 The County may terminate this Contract forthwith in the event of the occurrence of any of the following:
- 8.44.1.1 Insolvency of the Contractor. County understands and acknowledges the limitations of the Global Positioning Systems ("GPS") technology and the Radio Frequency ("RF") technology employed and relied upon by the Contractor's electronic supervision goods and services ("Contractor Technologies"). County understands and acknowledges that the Contractor Technologies depend upon strong wireless signal coverage and that both natural and man-made variables can adversely impact or block GPS and cellular signals for brief or extended period of time, which can lead to inaccurate data being recorded or made available through the use of Contractor's Technologies. County understands, acknowledges and agrees that GPS signals may be lost when the GPS unit loses line-of-sight of the GPS satellite, which can occur, for example indoors, underground, in tunnels or underwater. County

understand, acknowledges and agrees that lost coverage may also occur in rural areas that do not have strong GPS or wireless coverage. County further understands, acknowledges and agrees that (a) Contractor Technologies are battery-powered and that an offender's failure to charge the battery on a Contractor Technology device renders the transmitter and device useless and (b) the offender may tamper with the device or otherwise impede the device's ability to receive and transmit the GPS signal.

County further acknowledges, understands and agrees that Contractor makes no representation or warranty as to the legality of the use by County of the Contractor Technologies or any information collected, accessible or otherwise obtained in connection with or through such use ("Contractor Information"). Contractor will have no obligation, responsibility or liability for County's failure to comply with any and all Applicable Rules as a result or arising out of virtue of County's use of the Contractor Technologies or Contractor information.

9.21 Security of Information

County acknowledges that the Contractor Information includes personally identifiable information ("PII") and that it is County's obligation to keep all such PII secure by taking all commercially reasonable means to ensure that access is limited only to those authorized individuals or organizations. Accordingly County will (a) restrict access to the Contractor Technologies and Contractor Information to those law enforcement personnel who have a need to know or are otherwise expressly authorized as part of their official duties; (b) ensure that its employees (i) obtain or use Contractor Information solely and exclusively for lawful purposes and (ii) transmit or disclose any such information only as permitted or required by Applicable Rules; (c) use commercially reasonable efforts to monitor and prevent against unauthorized access to or use of the Contractor Technologies and Contractor Information (whether in electronic form or hard copy); (d) notify Contractor immediately of any such unauthorized access or use of the Contractor Technologies or Information that County discovers or otherwise becomes aware of, and (e) unless otherwise required by Applicable Rules, delete or otherwise purge all Contractor Information stored electronically or on hard copy by County within ninety (90) days of initial receipt or, if a longer

period is authorized or required by Applicable Rules, upon expiration of such longer period.

9.22 Return of Licensed Goods

Upon the termination of this Contact, the County must promptly return to the Contractor all goods in their original condition, with only reasonable wear and tear.

INFORMATION SECURITY AND PRIVACY REQUIREMENTS

Page 1 of 5

This Exhibit I (Information Security and Privacy Requirements) is an attachment and addition to the Risk Management Information Services Agreement dated _____ (the "**Agreement**") entered into by and between the County of Los Angeles ("**County**") and _____ ("**Contractor**") and is incorporated into the Agreement by reference hereof. This Exhibit I (Information Security and Privacy Requirements) sets forth information security procedures to be established by Contractor before the effective date of the Agreement and maintained throughout the term of the Agreement. These procedures are in addition to the requirements of the Agreement between the Parties. They present a minimum standard only. It is Contractor's sole obligation to: (i) implement appropriate administrative, physical and technical measures to secure its systems and data to protect and ensure the privacy, confidentiality, integrity and availability of County Data as defined in Section 7.6 the Agreement (consisting of but not limited to County Confidential Information, Personally Identifiable Information, and Protected Health Information) against internal and external threats, vulnerabilities and risks; and (ii) continuously review and revise those measures to address ongoing threats, vulnerabilities and risks. Failure to comply with the minimum standards set forth in this Exhibit I (Information Security and Privacy Requirements) will constitute a material, non-curable breach of the Agreement by Contractor, entitling County, in addition to and cumulative of all other remedies available to it at law, in equity, or under the Agreement, to immediately terminate the Agreement.

1. **Security Policy.** Contractor shall establish and maintain a formal, documented, mandated, company-wide information security program, including security policies, standards and procedures (collectively "**Information Security Policy**"). The Information Security Policy will be communicated to all Contractor personnel, agents and subcontractors in a relevant, accessible, and understandable form and will be regularly reviewed and evaluated to ensure its operational effectiveness, compliance with all applicable laws and regulations, and to address new threats and risks.
2. **Personnel and Contractor Protections.** Contractor shall screen and conduct background checks on all Contractor personnel exposed to County Confidential Information as defined in Section 7.5 of the Agreement and require all employees and contractors to sign an appropriate written confidentiality/non-disclosure agreement. All agreements with third-parties involving access to Contractor's systems and data, including all outsourcing arrangements and maintenance and support agreements (including facilities maintenance), shall specifically address security risks, controls, and procedures for information systems. Contractor shall supply each of its Contractor personnel with appropriate, ongoing training regarding information security procedures, risks, vulnerabilities and threats. Contractor shall have an established set of procedures to ensure Contractor personnel promptly report actual and/or suspected breaches of security.
3. **Removable Media.** Except in the context of Contractor's routine back-ups or as otherwise specifically authorized by County in writing, Contractor shall institute strict administrative, physical and logical security controls to prevent transfer of County information to any form of Removable Media. For purposes of this Exhibit ____ (Information Security and Privacy Requirements), "**Removable Media**" means portable or removable hard disks, floppy disks, USB memory drives, zip disks, optical disks, CDs, DVDs, digital film, digital cameras, memory cards (e.g., Secure Digital (SD), Memory Sticks (MS), CompactFlash (CF), Smart Media (SM), Multimedia Card (MMC), and xD-Picture Card (xD)), magnetic tape, and all other removable data storage media.

Without limiting the generality of the foregoing, Contractor shall encrypt (i.e., National Institute of Standards and Technology (NIST) Special Publication (SP) 800-111 Guide to Storage Encryption Technologies for End User Devices¹) all Personally Identifiable Information and electronic Protected Health Information (stored and during transmission) in accordance with HIPAA and the HITECH Act, as implemented by the U.S. Department of Health and Human Services. If Personally Identifiable Information and Protected Health Information is no longer required to be retained by Contractor under the Agreement and applicable law, Contractor shall destroy such Personally Identifiable Information and Protected Health Information by: (a) shredding or otherwise destroying paper, film, or other hard copy media so that the Personally Identifiable Information and Protected Health Information cannot be read or otherwise cannot be reconstructed; and (b) clearing, purging, or destroying electronic media containing Personally Identifiable Information and Protected Health Information consistent with National Institute of Standards and Technology (NIST) Special Publication (SP) 800-88, Guidelines for Media Sanitization² and US Department of Defense (DOD) 5220.22-M data sanitization and clearing directive³ such that the Personally Identifiable Information and Protected Health Information cannot be retrieved.
5. **Data Control, Media Disposal and Servicing.** Subject to and without limiting the requirements under Section 4 (Storage, Transmission and Destruction of Personally Identifiable Information and Protected Health Information), County Data (i) may only be made available and accessible to those parties explicitly authorized under the Agreement or otherwise expressly Approved by County in writing; (ii) if transferred across the Internet, any wireless network (e.g., cellular, 802.11x, or similar technology), or other public or shared networks, must be protected using industry standard encryption technology in accordance with the NIST SP 800-52 Guidelines for the Selection and use of Transport Layer Security Implementations⁴; and (iii) if transferred using Removable Media (as defined above) must be sent via a bonded courier or protected using industry standard encryption technology in accordance with NIST SP 800-111 Guide to Storage Encryption Technologies for End User Devices⁵. The foregoing requirements shall apply to back-up data stored by Contractor at off-site facilities. In the event any hardware, storage media, or Removable Media must be disposed of or sent off-site for servicing, Contractor shall ensure all County Confidential Information, including Personally Identifiable Information and Protected Health Information, has been cleared, purged, or scrubbed from such hardware and/or media using industry best practices in accordance with NIST SP 800-88, Guidelines for Media Sanitization⁶).

SAFELY SURRENDERED BABY LAW

Some parents of newborns can find themselves in difficult circumstances. Sadly, babies are sometimes harmed or abandoned by parents who feel that they're not ready or able to raise a child. Many of these mothers or fathers are afraid and don't know where to turn for help.

This is why California has a Safely Surrendered Baby Law, which gives parents the choice to legally leave their baby at any hospital or fire station in Los Angeles County.

FIVE THINGS YOU NEED TO KNOW ABOUT BABY SAFE SURRENDER

- 1 Your newborn can be surrendered at any hospital or fire station in Los Angeles County up to 72 hours after birth.
- 2 You must leave your newborn with a fire station or hospital employee.
- 3 You don't have to provide your name.
- 4 You will only be asked to voluntarily provide a medical history.
- 5 You have 14 days to change your mind; a matching bracelet (parent) and anklet (baby) are provided to assist you if you change your mind.

ABOUT THE BABY SAFE SURRENDER PROGRAM

In 2002, a task force was created under the guidance of the Children's Planning Council to address newborn abandonment and to develop a strategic plan to prevent this tragedy.

Los Angeles County has worked hard to ensure that the Safely Surrendered Baby Law prevents babies from being abandoned. We're happy to report that this law is doing exactly what it was designed to do: save the lives of innocent babies. Visit BabySafeLA.org to learn more.

SAFELY SURRENDERED BABY LAW

FROM SURRENDER TO ADOPTION:
ONE BABY'S STORY

Los Angeles County firefighter Ted and his wife Becki were already parents to two boys. But when they got the call asking if they would be willing to care for a premature baby girl who'd been safely surrendered at a local hospital, they didn't hesitate.

Baby Jenna was tiny, but Ted and Becki felt lucky to be able to take her home. "We had always wanted to adopt," Ted says, "but taking

home a vulnerable safely surrendered baby was even better. She had no one, but now she had us. And, more importantly, we had her."

Baby Jenna has filled the longing Ted and Becki had for a daughter—and a sister for their boys. Because her birth parent safely surrendered her when she was born, Jenna is a thriving young girl growing up in a stable and loving family.

ANSWERS TO YOUR QUESTIONS

Who is legally allowed to surrender the baby?

Anyone with lawful custody can drop off a newborn within the first 72 hours of birth.

Do you need to call ahead before surrendering a baby?

No. A newborn can be surrendered anytime, 24 hours a day, 7 days a week, as long as the parent or guardian surrenders the child to an employee of the hospital or fire station.

What information needs to be provided?

The surrendering adult will be asked to fill out a medical history form, which is useful in caring for the child. The form can be returned later and includes a stamped return envelope. No names are required.

What happens to the baby?

After a complete medical exam, the baby will be released and placed in a safe and loving home, and the adoption process will begin.

What happens to the parent or surrendering adult?

Nothing. They may leave at any time after surrendering the baby.

How can a parent get a baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days by calling the Los Angeles County Department of Children and Family Services at (800) 540-4000.

If you're unsure of what to do:

You can call the hotline 24 hours a day, 7 days a week and anonymously speak with a counselor about your options or have your questions answered.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

INTRODUCTION

Contractor(s) providing electronic monitoring services for Los Angeles County on a daily twenty-four (24) hour continuous basis shall comply with the Los Angeles County Probation Department's Electronic Monitoring Program's Operational Procedures Manual (OPM).

The purpose of the standards and procedures presented in this manual, along with the Probation Department's screening process of referred participants and its auditing component, is to provide the highest level of service to the courts and maintain a high regard for community protection.

This manual will explain standards and procedures for the processing and the monitoring of program participants and the maintenance of documentation in case files.

There shall be no deviation from the standards and/or procedures contained in this manual without the prior written approval of the Electronic Monitoring Program's Steering Committee, which will be chaired by the Probation Department's Program Manager.

The County will evaluate the contractor(s) contract performance using various quality assurance measurements. Compliance with the OPM's standards and procedures will be one of those measurements.

PART I

PRETRIAL SERVICES CASE PROCESSING

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

REFERRAL AND ASSESSMENT PROCESS

REFERRAL PROCESS

Participants are referred to Pretrial Services (PTS) to be evaluated for participation in the Electronic Monitoring (EM) Program by agencies or persons within the justice community.

PTS is responsible for evaluating participants to determine eligibility/suitability for program participation. This evaluation process will include:

- Interviewing defendant
- Accessing, interpreting and evaluating criminal history information
- Completing risk assessment scale
- Verifying the address, telephone and other information provided by the defendant
- Determination of eligibility/suitability for program participation
- Reporting defendant's eligibility/suitability for program participation to the Court, Deputy Probation Officer (DPO), Sheriff's Department, and to the Contractor

APPLICATION TYPES

There are three (3) types of EM Program referrals. The following is a list of codes used by PTS to identify each application type:

- ES Electronic Monitoring; referred by Sheriff (i.e., County Jail - CJ cases)
- EC Electronic Monitoring; referred by court post-sentence
- ET Electronic Monitoring; referred by court pre-sentence

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

RISK ASSESSMENT

Once the evaluation has been completed, a risk level is assigned based on the point outcome of the EM Risk Assessment Scale:

0 - 13 Standard Monitoring

14 - 22 Enhanced Monitoring

CONTRACTOR NOTIFICATION

An Assessment is completed by PTS on all participants referred to EM and suitable Assessments are faxed or emailed to the Contractor. This Notification provides the following information:

- EM application number
- Court case number or booking number
- Offense(s)
- Defendant's name, address and telephone number, if applicable
- Assessment findings
- Risk assessment level (criminal offenders only)
- Probation status (includes "X" number, DPO, Probation Area Office and telephone number)
- Driver's license status (valid, suspended, revoked, restricted, or none)
- Primary language

PROGRAM MARKETING/AWARENESS

Marketing the EM Program is the responsibility of the contractors. The Probation Department will support the EM Program by educating relevant County agencies about the program's policies and procedures.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

COURT REFERRALS

Prior to sentencing where the defendant has been convicted, pled guilty or found in violation of probation, the Court refers the defendant to be evaluated by PTS for suitability for the EM Program.

The Court completes the Court Referral Form and faxes or emails it to EM staff at (213) 633-4684 or contacts PTS staff by telephone at (213) 893-5369 and provides the information listed on the Court Referral Form. The Court then instructs the defendant to contact PTS staff at (213) 893-5369 by the end of the next business day to complete an application. Instead of providing verbal instructions, the Court has the option to give the defendant a copy of the "EM Instructions to Defendant" form.

Participants with multiple cases referred by the court must have a separate EM APPLICATION NUMBER assigned to each court case number.

Criteria for referral

- Post- conviction misdemeanors and felonies
- Pre-sentenced misdemeanors and felonies
- Civil Contempt cases

Contractor Notification

PTS staff will fax or email the completed suitable Assessment to the Contractor. The Contractor will contact PTS regarding any enrollments or scheduled enrollments that do not have a completed suitable Assessments.

COUNTY JAIL REFERRALS

The Sheriff's Department's Community Based Alternatives to Custody (CBAC) personnel refer county jail inmates to be evaluated by PTS for determination of suitability for electronic monitoring release. CBAC Sheriff personnel have two (2) methods of referral to EM. The first method is by providing, each morning, an automated fully sentenced inmate list identified as potential candidates for EM consideration. The second method is by providing individual cases, such as special classified inmates, for EM evaluation. Beginning October 12th, 2004, LASD identified fully sentenced inmates with PC273.5 and PC243(e)1 convictions as a population potentially acceptable for EM. With concurrence between LASD Administration, and Probation Department Administration, PTS staff began screening fully sentenced PC273.5 and PC243(e)1 inmates for EM.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

Only suitable assessed inmates by PTS will be released on electronic monitoring. All inmates assessed and determined to be ineligible or unsuitable will remain in custody. Sheriff personnel retain final release authority and may disqualify a suitable EM candidate if deemed necessary. The case turnaround time for completing County jail referrals is approximately forty-eight (48) hours. In some instances, cases may require additional time with clearance from the County Program Manager or designee.

Criteria for referral

- County jail inmates fully sentenced to county jail time on misdemeanor or felony cases
- Inmates cannot be in custody on any excluded conviction charges
- Inmates can have no pending felony cases
- Inmates can have no outstanding warrants
- Inmates can have no custody holds
- Inmates can have no rehabilitation orders
- Inmates can have no disqualified custody special handling restrictions

Contractor Notification

PTS staff will provide a copy of the completed suitable Assessment to the Contractor and Sheriff CBAC personnel. This will be done daily without exception. As inmates are approved, the names are given to the Contractor staff assigned to the jail location periodically throughout the day.

All suitable Assessments are faxed or emailed to the Contractor's enrollment center on a daily basis. There will be required communication from PTS staff and the Contractor's enrollment staff to verify proper notification on all suitable EM candidates.

CIVIL REFERRALS

On occasion, Superior Court will refer Family Law matters (civil contempt) to the EM Program. In most cases, the bench officers do not want an assessment. Referrals should be made from the court to PTS and will be handled in the same manner as criminal cases, except that there will be no criminal record check. In the event a Contractor should receive a referral directly from the court on a civil case, Contractor shall instruct the defendant to call

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

PTS first. PTS will complete a partial application and will check the address and telephone information only. The defendant will be given an EM application number and will be told to call the Contractor for enrollment.

PART II

CONTRACTOR CASE PROCESSING

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

ENROLLMENT DATE REQUIREMENTS

Court Component

The court will complete a Court Ordered Monitoring Conditions form indicating, among other things, the date by which a participant must be enrolled. Contractor must make every effort to enroll a participant by the date ordered. If this is not possible because, for example, the participant waited until the last day to be enrolled before contacting the Contractor, the Contractor will call the court, explain the circumstances, and ask for an extension.

County Jail Component

Inmates approved for participation by PTS are processed for release from custody into EM with the assistance of Sheriff and Contractor personnel assigned to work at the jail location. Inmates released for EM participation must be enrolled the same day they are released from jail. *County jail inmates released to EM retain custody status until their sentence expires.*

- A. Contractor personnel assigned to the jail will explain the program rules and regulations (Appendix F) to the inmate. EM installation instructions and the consequences of non-compliance are explained to the inmate. If the inmate agrees to abide by the program guidelines, he will sign a consent form; which becomes a part of the inmate's custody jacket and participant case file.
- B. Sheriff's Deputies will process the EM release, which includes a custody record and commitment document check. The inmate will be instructed to go directly home and report to a designated branch office for orientation the following day.

PARTICIPANT ENROLLMENT

The Contractor will instruct the court ordered participant to bring in a copy of the Court Ordered Monitoring Conditions form, signed by the judge or court clerk. All participants will be instructed to provide picture identification, verification of employment, and a recent telephone bill verifying the telephone number and address of record. The enrollment process consists of program orientation, equipment installation and receipt of a "good hook-up" message. Note: County Jail participants will have GPS attached before release from custody; court participants not in-custody will have GPS attached by Contractor staff at enrollment appointment. Contractor staff will provide all participants with installation instructions.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

PARTICIPANT ORIENTATION

1. INTERVIEW

During the initial enrollment interview the case manager will establish a case file (as described in paragraph 2 below); familiarize the participant with program requirements; set curfew schedule; explain, in detail, the participant's responsibility to provide documentation to verify all time away from the residence. The orientation component of the enrollment process must include the following steps:

- a. Photocopy participant's picture ID and telephone bill for case file. Utility bills, bank statements, and other forms of address verification are also acceptable forms in lieu of a telephone bill.
- b. Provide written rules and regulations to participant, explain each point, including grievance procedures and have participant initial each page, section and sign the last page acknowledging that he/she has read, understood and received a copy of the program guidelines and agrees to comply.
- c. Schedule next office meeting according to risk level assessed by PTS:
 - STANDARD MONITORING - a minimum of once every two (2) weeks. "Standard" participants who fail to comply with curfew schedules or other program guidelines will be changed to weekly meetings until such time as compliance improves substantially.
 - ENHANCED MONITORING - a minimum of once every week for the first thirty (30) days of program participation; thereafter, "enhanced" participants who comply with all program guidelines may be seen once every 2 weeks.

Note: Participants sentenced on excluded charges will always be monitored at the ENHANCED level.

SETTING UP CASE FILE

Case files are established to provide a documented record of all EM participant activity. Participant case files are official Probation Department records and the information contained therein is confidential. The information contained in a case file is occasionally called into evidence at a court hearing. Should this occur, case

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

managers are authorized to testify as to specific information contained in the file, but are precluded from releasing any documents or copies of any documents without authorization from the Probation Department.

Approved case file contents include, but are not limited to the following:

- EM Assessment Report
- Court Ordered Monitoring Conditions form (and other court orders)
- Phone Bill (or other forms of address verification)
- Photo ID
- Orientation Forms, or Participant Contract, must be dated and signed by participant and case manager.
- Employment Verification
- Chronological case notes
- Enrollment/Failure to Enroll Notice
- All other Notices
- Completion/Termination Notice
- Original Schedule
- First transmit or good hook-up message
- Daily electronic monitoring activity reports
- Schedule changes
- Activity verification/documentation

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

SETTING CURFEW SCHEDULE

Set curfew schedule based on the activities allowed by either the court or the Sheriff's Department and by information provided by the participant on the orientation forms. Under no circumstances shall a participant be allowed more time away from his or her residence than is needed to complete these authorized activities.

Court Component - The Court Ordered Monitoring Conditions form lists all activities ordered or allowed by the court. The Court must approve any requests for additional activities. If Contractor does not have a copy of the Court Ordered Monitoring Conditions during the initial interview, call the court immediately to request a faxed or a digital-copy. The participant is to be on a "closed schedule" status that does not allow any activities until the Contractor can verify the court's order regarding permitted activities.

County Jail Component - The Sheriff's Department generally allows a participant to work or seek employment. Activities generally allowed may include court appointments, doctor/dental appointments, DMV, Social Services, Probation/Parole meetings, Narcotics Anonymous (NA) or Alcoholics Anonymous (AA) meetings. Other activities allowed under certain circumstances are shopping/laundry (when participant lives alone) and haircuts (if necessary for employment). All other activities must be verbally approved by a Sheriff Deputy assigned to the EM Program.

Work Hours - Conventional Employment

It is expected that all participants will be allowed to work. Participant must provide his or her regular work schedule and the approximate travel time. Case manager will enter this information on the original scheduling form; which will be maintained in the participant's case file. Any changes to the permanent work schedule must be submitted at least twenty-four (24) hours in advance must be noted in the case file.

- a. Set permanent curfew schedule to include work hours and travel time each way.
- b. Change schedule, as needed, for prior approved overtime, scheduled medical appointments, etc., noting reason for change in participant's case file. Instruct participant to provide appropriate documentation of the activity at the next office meeting.
- c. Maintain copy of participant's original schedule and any subsequent schedule changes in case file.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

Work Hours – Unconventional Employment

Many participants are either self-employed or do not report to a specific job every day. Setting curfew schedules for these cases must be handled on an individual basis according to the participant's type of employment. Participant is expected to provide case manager with a work schedule and be able to verify his/her activities.

Participant's work curfew schedule is not to be so broad as to allow the participant to come and go for 8, 10 or 12 hours throughout the day with no way to verify employment, unless the court is aware of the situation and authorizes participant to work with minimal or no verification. It is sometimes best, when a participant is self-employed, does "odd jobs" or "day work", to "close" his/her schedule (no time away from home) until he/she reports a specific day and time period which employment is scheduled.

Unemployed - Court authorizes job search

Participants will not generally be allowed an arbitrary eight (8) to twelve (12) hours, five (5) to seven (7) days per week to be away from their residence to seek employment.

- a. Set a maximum three (3) to four (4) hours per day, two (2) or three (3) days per week to allow participant to look for employment.
- b. Instruct participant, whenever possible, to provide a written list of prospective employers he/she plans to see, including the addresses. Participant is to provide a means of verifying his or her job search activities. Verification may include, but not be limited to, a duplicate job application, company business card signed by a representative of the company, or a signed attendance sheet. Discuss with the participant their responsibility to verify their whereabouts.

Note: If the participant is on formal probation, the DPO can authorize more time to search for employment.

Other court authorized activities

1. Participant must provide the Contractor with a schedule, including the date, time and location of any court authorized activities, such as drug or alcohol treatment meetings, counseling sessions, medical appointments, etc. It is desirable, for scheduling purposes, to allow a participant to attend meetings on the same days and times each week.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

Note: Because most NA or AA evening meetings are held after 7:00 p.m., it is usually a good practice to require the participant to go directly home from work and then set a separate schedule to allow for attendance at a scheduled meeting.

Example: Participant works from 8:00 a.m. to 5:00 p.m. and he is allowed 1/2 hour travel time each way; he has a scheduled AA meeting from 8:00 p.m. to 9:30 p.m. and is allowed 15 minutes travel time each way. The schedule should be set to allow participant to leave at 07:30 and enter at 17:30; leave again at 19:45 and enter at 21:15. In most cases, the participant should not be allowed to be away from his residence for almost 14 hours (07:30 until 21:15) in one increment.

2. Participant is to be given an attendance sheet to be signed by authorized personnel and submitted for inclusion into case file.

INSTALLATION AND HOOK-UP

MONITORING ACTIVITY REPORTS

Daily Exception Reports

Case managers will review the daily monitoring activity "exception report" first thing each business day. This will bring to their attention routine curfew violations or units that were late to test for the previous day. The daily report will include mention of any telephone contacts between the twenty-four (24) hour monitoring center staff and the person to whom they spoke at the participant's residence.

The monitoring center staff will notify Branch Managers, as needed, with immediate notification of serious violations, such as active tamper alarms, unresolved late-to-test, and knowledge of situations which may compromise public safety. Non-Compliance Reports and/or Abscond Notices for these incidents will be faxed or emailed by 11:00 a.m. the next business day to designated authorities. Non-Compliance Reports on less serious program violations, such as failure to provide documentation, curfew violations, unresolved or actual transmitter tampers can be emailed, mailed or faxed by the end of the business day.

All-activity Reports

Reports of all monitoring activity, including but not limited to, enters, leaves, monitor check-ins, late-to-test messages for the period between office visits will be printed for the file prior to each office visit. The report will be reviewed with the participant and documentation or verification of activities will be collected during the office visit. Non-Compliance Reports will be sent on any activity which was unauthorized or undocumented.

- C. If a jail participant voluntarily returns to custody, not due to program violations, he or she will not be penalized but will remain in custody until his or her early release date. In this instance a COMPLETION NOTICE will be sent because this is not a program failure.
- D. If a CJ participant is remanded for non-compliance, it is considered a program failure; the inmate will remain in custody for the term of the sentence and is no longer eligible for any future release on EM. In this instance a TERMINATION NOTICE shall be sent.

DEFENDANT WALK-INS

Participant must be monitored at the Enhanced level until the Assessment Report is received and contractor is notified otherwise.

PROBATION DEPARTMENT'S ELECTRONIC MONITORING (EM) PROGRAM OPERATIONAL PROCEDURES MANUAL

ENROLLMENTS AFTER INELIGIBLE RECOMMENDATION

Participants are required to have both a permanent residence and a telephone in order to participate in this program. Occasionally, a participant who does meet one or both of these requirements is referred by the court and is found ineligible for program participation. If the court subsequently orders the participant into the program, the contractor shall instruct the participant to call PTS during the enrollment interview. PTS will complete an application by telephone. The contractor will include the participant's address and telephone number on the ENROLLMENT NOTICE.

PARTICIPANT CHANGE OF ADDRESS

DOCUMENTATION

It is the Contractors' responsibility to account for the participant's whereabouts twenty-four (24) hours a day. B. **Unconventional employment (self-employed, independent contractor, sales, field work, etc.).**

Enrollment Notices for these participants will include a statement detailing the type of documentation to be provided. If participant subsequently obtains employment, a Status Report will be sent to appropriate agencies.

When a participant does not have a regular "9-5" job, it is sometimes difficult to find a way to verify his/her time at work. During the initial interview, make it clear to the participant that it is his/her responsibility to prove where he/she is when he/she is not at home. Discuss with the participant different methods of verifying his/her away time. For example:

1. Provide participant with an activity log, which requires a name, address, time, date, signature and telephone number of someone who can confirm the participant's whereabouts.
2. Instruct participant to provide a daily or weekly work schedule, including appointments, with contact name, address and telephone numbers.

You have been placed in the Los Angeles County Electronic Monitoring Program (EMP) as an alternative to incarceration. This program uses technology to alert a central monitoring station each time you leave and enter your home, or test positive for the consumption of alcohol. The computer will also report tampering with the equipment, power outages, and loss of phone service.

On the day you begin the program, a transmitter will be fitted to your ankle and a reporting unit will be installed on your telephone. Additional equipment may be necessary if enhanced monitoring is required. This equipment can be removed only after you complete the program, unless other direction is received from the Court.

While on the electronic monitoring program or "house arrest," you are required to remain inside your home except for activities authorized by the Court, Sheriff's Dept., or Probation. It is expected that you will have full-time employment, unless prohibited by your Probation Officer, the Sheriff's Dept., or the Court. Employment must be verified in writing by someone in a supervisory position. In addition, all timecards and paycheck stubs must be submitted as further verification of employment.

At the time of enrollment, a Case Manager will establish a schedule based on your permitted activities such as employment, counseling, drug or alcohol abuse treatment, and any other permitted activities. All overtime or other schedule changes require a Case Manager's approval at least 24 hours in advance. Consideration will be given to same day requests in order to ensure compliance and successful completion of the program. Your Case Manager will also establish scheduled mandatory compliance meetings that you will have to attend at the Contractor's branch office. At these meetings, you will be required to provide documentation for all outside activities.

PROGRAM COMPLIANCE

Participation in the program is voluntary. You should be advised that once you have been enrolled in EMP, section 1203.016 of the California Penal Code states that you can be taken into custody to serve the balance of your sentence for any of the following reasons:

- A. Failure to follow program rules and/or regulations (including providing all required documentation).*
- B. Failure of the equipment to perform for any reason which results in the inability to monitor you effectively.*
- C. Any negative behavior resulting in the Court or Probation Officer's belief that you may not complete the program successfully.*

If you willfully leave your residence without authorization or fail to return to your residence at the prescribed time, you can be prosecuted for escape under Penal Code section 4532.

A Non Compliance Report will be sent to the Court and/or Probation Officer for any program violation, including but not limited to:

1. Leaving the range of your monitoring equipment when you are scheduled to be at home.
2. Returning home later than your schedule allows.
3. Leaving home earlier than your schedule allows.
4. Missing scheduled appointments with your case manager.
5. Failing to provide acceptable verification of work and other Court/Probation authorized activities.
6. Failing to answer all telephone calls when present at your residence.
7. Failing to maintain electrical power either by unplugging the equipment or neglecting to pay the electricity bill.
8. Failing to maintain telephone/cellular service for any reason.
9. Failing to remove custom features from your telephone line, such as call waiting, call forwarding, answering machine voicemail, etc...
10. Refusing to perform alcohol or drug tests as required by the Court/Probation or testing positive for either alcohol or drugs.
11. If Breath Alcohol Testing (BAT) equipment is installed, failing to blow into the unit and transmit a picture when instructed by the monitoring center.
12. Failing to comply with any additional conditions set by the Court or the Probation Officer.
13. Tampering with or attempting to remove the ankle transmitter.
14. Tampering with or damaging any part of the electronic monitoring equipment.
15. Using - illegal drugs while on the program.
16. Possession of any weapons while on the program.

PROGRAM EQUIPMENT

The transmitter fitted to your ankle, the in-home monitor attached to your telephone line, and any other equipment given to you by Contractor's Offender Services is your responsibility.

The ankle strap and transmitter are water resistant and lightweight. It must be worn under your sock, which should not interfere with your normal activities. You can shower while on the program, however, you should not submerge the transmitter in a bathtub, spa or pool.

The in-home unit is connected to the phone and electricity lines in your residence in a fashion similar to an answering machine. This unit transmits a signal through the telephone lines via a (800) phone number. You will not be charged for these calls.

This unit does not have audio recording capabilities and will not monitor your phone conversations. If you unplug either the power cord or the phone line, a Non-Compliance Report will be sent to the Court/Probation Dept. Upon program completion you must return all monitoring equipment to the Contractor's office.

CLIENT GRIEVANCE PROCEDURE

If you have any questions about your treatment while on the program, you may appeal in writing to the Branch Manager. If no solution is reached at this level, you may submit your grievance to the Contractor's Offender Services, Program Manager.
