118. Narrative Report

Commissioners conducted a facility inspection and spoke with a few incarcerated individuals in 9400. 3000 was on complete lockdown due to a death and 2000 was on modified due to staff shortage. No PREA reports of use of force incidents, during the review, there were numerous concerns regarding facility conditions, medical care, grievance accessibility, sanitation, contaminated water, clogged communal urinal, mold on vents, black particles coming from the vents. Inadequate accommodations for individual with medical needs.

Security and Operations:

Escalators non operable

Narcan not available

Use of force

No use of force incidents reported during the review

PREA

No PREA complaints reported during the reporting period

Commissioners identified significant concerns regarding access to processing grievances

No grievance forms readily available

New grievance forms have changed significantly. Incarcerated individuals reported that the grievance forms don't have the category of what the grievance is about, so it is bounced around until the time constraints run out resulting with their grievance being denied.

Requested follow up:

Mold, Ventilation air quality

Change to grievance forms

Broken phone

Television inoperable

Cleaning supplies not available

Plumbing and water Quality:

Little black worms in the water

Brown water

Repeatedly clogged Communal urinal

Two shower fixtures continuously running

Two significant ceiling leaks were observed

Laundry:

Incarcerated individuals receiving dirty blankets, underwear, and clothing

Reports included:

Reports of black particles coming out of the vents

Razors remain unavailable for purchase through commissary

Food and Nutrition:

Inadequate accommodations of medical diets

Medical concerns- General Findings:

Failure to respond to medical requests in a timely manner

No proper care of isolation of MRSA and cellulitis

Incarcerated individuals still having to choose between medical or court.

Recommendations:

1. Immediately investigate and remediate the reported water contamination, including comprehensive testing of potable water and provision of bottled drinking water until safety is confirmed.
2. Provide routine cleaning supplies to all housing units in accordance with sanitation standards.
3. Repair broken televisions, inmate telephones, clogged plumbing, leaking ceilings, malfunctioning showers, and ventilation systems in a timely manner.
4. Conduct environmental assessment and remediation of mold and poor air quality concerns.
5. Ensure all housing units maintain immediate access to Narcan, and staff trained in overdose response.
6. Review laundry sanitation procedures to ensure clothing, linens, and blankets are properly disinfected prior to redistribution.
7. Investigate reports regarding untreated MRSA/cellulitis, medication errors, delayed medical care, and conflicts between medical appointments and court appearances.

8. Ensure medical and grievance request forms are readily accessible without unnecessary barriers.
9. Review grievance processing practices to ensure timely investigation and eliminate any perception of retaliation for filing grievances.
10. Review reports that mental health referrals are not consistently completed after being requested.
11. Evaluate the availability of outdoor recreation opportunities and access to basic hygiene items, including razors through commissary.
12. Continue monitoring housing conditions following the recent in-custody death and reported suicide to ensure appropriate safety, mental health and environmental supports are available for incarcerated persons.
