ENHANCING PARKING ENFORCEMENT SERVICES – QUARTERLY REPORT (ITEM NO. 85-C, AGENDA OF APRIL 9, 2024, AND ITEM NO. 10, AGENDA OF JULY 9, 2024)

On April 9, 2024, the Board of Supervisors (Board) directed the Chief Executive Officer, in coordination with the Department of Public Works (DPW) and the Sheriff's Department (Sheriff), to provide regular reports to the Board on the status of improvements and enhancements of parking enforcement services, including a number of performance metrics. On July 9, 2024, the Board further directed the Chief Executive Officer to report on additional data elements in the reports.

Nonconforming Vehicle Ordinance Amendment

On March 3, 2026, the Board adopted an ordinance amendment to expand the existing Nonconforming Vehicle Ordinance (NCVO) to additional unincorporated communities. DPW and the Sheriff's Parking Enforcement Detail (PED) have collaborated on implementation of the ordinance amendment, which restricts the parking of vehicles on County of Los Angeles (County) roadways that exceed eight feet in width, seven and a half feet in height, or 20 feet in length. Since the adoption of the ordinance amendment, 13 new nonconforming vehicle districts have been established, bringing the total number in the County to 21. On July 24, 2026, DPW completed installation of approximately 1,500 regulatory signs throughout the new nonconforming vehicle districts, and after a period of providing warnings, PED is now fully enforcing the ordinance. Operators of nonconforming vehicles in the communities covered by the ordinance can obtain a permit at their local Sheriff

station. DPW and PED are also exploring potential ways to allow residents to apply for permits online.

DPW and PED have continued to conduct extensive public outreach on the ordinance amendment throughout the affected communities including providing information and education at town council and community meetings, posting information on the DPW and PED websites, and distributing informational materials. More information on the ordinance including maps of all nonconforming vehicle districts can be found at https://pw.lacounty.gov/core-service-areas/transportation/ncvo/.

In early 2027, DPW plans to coordinate with PED and the Board to conduct community outreach in unincorporated areas not currently covered by the ordinance to assess interest in potential expansion of the NCVO.

Parking Citation Processing Contract Extension and Request for Qualifications/Request for Proposals

On July 14, 2026, the Board approved a two-year extension of the Parking Citation Processing Services contract with Modaxo Traffic Management USA Inc. (Modaxo), effective July 19, 2026 through July 18, 2028. Through the contract extension, Modaxo will continue to manage and support end-to-end parking violation citation processing for PED.

The Sheriff is also in the process of preparing a Request for Proposals (RFP) for Parking Citation Processing Services, which is currently under final review by Sheriff's Assistant Director and County Counsel. PED anticipates the RFP will be released later this year. In advance of the RFP release, the Sheriff PED issued a Request for Qualifications for Parking Citation Processing Services on March 4, 2026, with responses due on April 21, 2026. A total of nine Statements of Qualifications were received, and four vendors met the qualification requirements. The Sheriff's Contracts Unit will notify the four qualified vendors with the RFP posting date once it is determined.

Parking Enforcement Metrics Report and Informational Updates

The attached PED report (Attachment) includes highlights of metrics and other data collected from January 1, 2026 through June 30, 2026. Starting in 2026, key citation statistics including violation rates, revenue generated, response times, citation appeals and disputes, and vehicle mileage are now compiled on a month-by-month basis rather than quarterly to provide greater detail and transparency. The complete monthly statistics and data for each Sheriff station are provided to the Board and will also be available on the PED website.

Parking Enforcement Detail Staffing Level Updates

As of August 2026, PED has 22 vacancies out of 119 budgeted positions, which is a decrease from 28 vacancies as noted in the March 2026 report. In addition, two candidates are currently in the background process to fill two additional Parking Control Officer (PCO) vacancies which would reduce the number of vacancies to 20. Since the last report, four staff members within PED have been promoted out of the unit, and one PCO was promoted to a Supervising PCO position within PED.

Should you have any questions concerning these matters, please contact me or Carrie D. Miller at (213) 262-7823 or cmiller@ceo.lacounty.gov.
